Safe Harbor Statement

This report on Form 10-Q contains certain forward-looking statements. All statements other than statements of historical fact are forward-looking statements for purposes of these provisions, including any projections of earnings, revenues, or other financial items; any statements of the plans, strategies, and objectives of management for future operation; any statements concerning proposed new products, services, or developments; any statements regarding future economic conditions or performance; statements of belief; and any statement of assumptions underlying any of the foregoing. Such forward-looking statements are subject to inherent risks and uncertainties, and actual results could differ materially from those anticipated by the forward-looking statements.

These forward-looking statements involve significant risks and uncertainties, including, but not limited to, the following: competition, promotional costs, and risk of declining revenues. Our actual results could differ materially from those anticipated in such forward-looking statements as a result of a number of factors. These forward-looking statements are made as of the date of this filing, and we assume no obligation to update such forward-looking statements. The following discusses our financial condition and results of operations based upon our financial statements which have been prepared in conformity with accounting principles generally accepted in the United States. It should be read in conjunction with our financial statements and the notes thereto included elsewhere herein.

NOTES TO FINANCIAL STATEMENTS

(Unaudited)

October 31, 2009

NOTE 1 NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Global Club, Inc. (the Company) was incorporated in the State of Nevada as a for-profit company on June 27, 2008 and established a fiscal year end of July 31. The Company is a development-stage company that intends to develop a wide range loyalty program based on Global Club points awarded for all purchases made in associated establishments. These points will be exchangeable for products, trips or discounts. The Company is currently in the development stage as defined in SFAS No. 7. All activities of the Company to date relate to its organization, initial funding and share issuances.

The financial information is unaudited. In the opinion of management, all adjustments necessary to present fairly the financial position as of October 31, 2009 and the results of operations, stockholders' deficit and cash flows presented herein have been included in the financial statements.

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions for Form 10-Q and Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature. Operating results for the three month period ended October 31, 2009, are not necessarily indicative of the results that may be expected for the fiscal year ending July 31, 2010. For further information refer to the financial statements and footnotes thereto included in the Company's Form 10-K for the year ended July 31, 2009.

The Company has evaluated subsequent events through December 11, 2009, the date which the financial statements were available to be issued. See note 5.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements present the balance sheets, statements of operations, stockholders' deficit and cash flows of the Company. These financial statements are presented in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States.

Going concern

The Company's financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern. This contemplates the realization of assets and the liquidation of liabilities in the normal course of business. Currently, the Company does not have material assets, nor does it have operations or a source of revenue sufficient to cover its operation costs and allow it to continue as a going concern. The Company has a deficit accumulated since inception (June 27, 2008) through October 31, 2009 of (\$22,538). The Company will be dependent upon the raising of additional capital through placement of our common stock in order to implement its business plan, or merge with an operating company. There can be no assurance that the Company will be successful in either situation in order to continue as a going concern. These financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts of and classification of liabilities that might be necessary in the event the company cannot continue in existence. Accordingly, these factors raise substantial doubt as to the Company's ability to continue as a going concern. The Company is funding its initial operations by way of issuing Founder's shares. As of October 31, 2009, the Company had issued 4,900,000.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Founder s shares at \$0.001 per share and 150,000 shares at \$0.040 for net funds received by the Company of \$10,750.

The officers and directors have committed to advancing certain operating costs of the Company.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers highly liquid financial instruments purchased with a maturity of three months or less to be cash equivalents.

Use of Estimates and Assumptions

Preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Company follows the liability method of accounting for income taxes in accordance with Statements of Financial Accounting Standards (SFAS) No.109, Accounting for Income Taxes and clarified by FIN 48 Accounting for

Uncertainty in Income Taxes an interpretation of FASB Statement No. 109. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax balances. Deferred tax assets and liabilities are measured using enacted or substantially enacted tax rates expected to apply to the taxable income in the years in which those differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the date of enactment or substantive enactment.

Net Loss per Share

Basic loss per share includes no dilution and is computed by dividing loss available to common stockholders by the weighted average number of common shares outstanding for the period. Dilutive loss per share reflects the potential dilution of securities that could share in the losses of the Company. Because the Company does not have any potentially dilutive securities, the accompanying presentation is only of basic loss per share.

Foreign Currency Translation

The financial statements are presented in United States dollars. In accordance with SFAS No. 52, "Foreign Currency Translation", foreign denominated monetary assets and liabilities are translated to their United States dollar equivalents using foreign exchange rates which prevailed at the balance sheet date. Non-monetary assets and liabilities are translated at exchange rates prevailing at the transaction date. Revenue and expenses are translated at average rates of exchange during the periods presented. Related translation adjustments are reported as a separate component of stockholder's equity (deficit), whereas gains or losses resulting from foreign currency transactions are included in results of operations.

Stock-based Compensation

The Company has not adopted a stock option plan and has not granted any stock options. Accordingly no stock-based compensation has been recorded to date.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value of Financial Instruments

In accordance with the requirements of SFAS No. 107 and SFAS No. 157, the Company has determined the estimated fair value of financial instruments using available market information and appropriate valuation methodologies. The fair value of financial instruments classified as current assets or liabilities approximate their carrying value due to the short-term maturity of the instruments.

NOTE 3 STOCKHOLDERS DEFICIT

The Company is authorized to issue an aggregate of 75,000,000 common shares with a par value of \$0.001 per share. No preferred shares have been authorized or issued.

On July 22, 2008, the sole Director purchased 4,750,000 shares of the common stock in the Company at \$0.001 per share for \$4,750.

On April 23, 2009, the Company issued 150,000 Common shares at \$0.04 per share for \$6,000.

As of October 31, 2009, the Company has not granted any stock options and has not recorded any stock-based compensation.

NOTE 4 RELATED PARTY TRANSACTIONS

As of October 31, 2009, the Company received advances from a Director in the amount of \$4,788 to pay for incorporation costs and filing fees. The amounts due to the related party are unsecured and non-interest bearing with no set terms of repayment.

NOTE 5- SUBSEQUENT EVENTS

On November 30, 2009, a change in control occurred when the Company received a resignation notice from Orlando J. Narita from all of his positions with the Company, including President, CEO, Principal Executive Officer, Treasurer, CFO, Principal Accounting Officer, Secretary, and Director. On November 30, 2009, the Company appointed Eden Clark as its new President, CEO, Principal Executive Officer, Treasurer, CFO, Principal Accounting Officer, Secretary, Treasurer and as Director.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This section of this report includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward looking statements are often identified by words like: believe, expect, estimate, anticipate, intend, project and similar expressions or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this report. These forward looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions.

Overview

Global Club, Inc. ("Global Club", "the Company", "our" or "we") was incorporated in the State of Nevada as a for-profit company on June 27, 2008. Global Club is developing a loyalty program based on Global Club points awarded for all purchases made in associated establishments. The points will be exchangeable for products, trips or discounts. We intend to be partners with all kinds of retailers, so the cardholders will be able to collect points on their every day expenses, such as in grocery shops, gas stations, restaurants, electronic stores, travel agencies, etc.

Plan of Operation

The Company has not yet generated any revenue from its operations. As of October 31, 2009, we had \$nil of cash on hand. We incurred operating expenses in the amount of \$7,014 during the quarter ended October 31, 2009. These operating expenses were comprised of professional fees and general and administrative expenses.

Our current cash holdings will not satisfy our liquidity requirements and we will require additional financing to pursue our planned business activities. We have registered 2,250,000 of our common stock for sale to the public. Our registration statement became effective on February 27, 2009 and we are in the process of seeking equity financing to fund our operations over the next 12 months. As of October 31, 2009, we have raised \$10,750 from the sales of our common stock.

Our plan of operation is based on the accomplishment of the following milestones over the 12 month period after we have raised enough funds:

1.

We plan to begin our activities by purchasing few samples of the RW Terminal from a Japanese company who specializes in the manufacture of this product and some PET cards in order to develop and test our system. We expect to complete this stage within 90 days after we raise enough funds to implement our plan of operations.

2.

After receiving the RW Terminals and PET cards we plan to hire hi-tech consultants to develop the software to run the systems. We intend to use the terminals and cards acquired prior to this stage to run the system and make the necessary arrangements on the software. We expect to finish this stage within 300 days after we raise enough funds to implement our plan of operations.

3.

Once our system is operational, we expect to start our marketing efforts. We will develop our website www.globalclubloyalty.com, and contact malls, grocery stores and gas stations to be our partners. We intend to devote about 60 days to this period and be fully operational within 360 days after we raise enough funds to implement our plan of operations.

If we cannot generate sufficient revenues to continue operations, we will suspend or cease operations.

We do not currently have any employees and management does not plan to hire employees at this time. We do not expect the purchase or sale of any significant equipment and have no current material commitments.

Management believes that if subsequent private placements are successful, we will generate sales revenue within the following twelve months thereof. However, additional equity financing may not be available to us on acceptable terms or at all, and thus we could fail to satisfy our future cash requirements.

Results of Operations for the Period From June 27, 2008 (Date of Inception) to October 31, 2009 and for the Three Months Ended October 31, 2009

Lack of Revenues

We are a development stage company with limited operations since our inception on June 27, 2008 to October 31, 2009. We have not generated any revenues. As of October 31, 2009, we had total assets of \$nil and total liabilities of \$11,788. Since our inception to October 31, 2009, we have accumulated a deficit of \$22,538. We anticipate that we will continue to incur substantial losses and our ability to generate any revenues in the next 12 months remains uncertain.

Expenses

We have accumulated total expenses of \$22,538 since our inception on June 27, 2008 to October 31, 2009, including \$1,941 in general and administrative expenses and \$20,597 in professional fees (including accounting, auditing and legal fees).

Our total expenses decreased by \$272 to \$7,014 for the three months ended October 31, 2009 from \$7,286 for the three months ended October 31, 2008. For the three months ended October 31, 2009, total expenses were comprised of \$167 in general and administrative expenses and \$6,847 in professional fees.

For the three months ended October 31, 2008 our total expenses of \$7,286 consisted of \$736 in general and administrative expenses and \$6,550 in professional fees.

The types of expenses that we may categorize as general and administrative expenses include foreign exchange loss, transfer agent and filing fees, office supplies, travel expenses, rent, communication expenses (cellular, internet, fax and telephone), bank charges, advertising and promotion costs, office maintenance, courier and postage costs and office equipment.

Net Loss

Since our inception on June 27, 2008 to October 31, 2009, we have incurred a net loss of \$22,538. For the three months ended October 31, 2009, we incurred a net loss of \$7,014 compared to a net loss of \$7,286 for the same period in 2008, which is a decrease in net loss of \$272 between the two periods resulting from decreased general and administrative expense for the three months ended October 31, 2009.

Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to stockholders.

Inflation

The amounts presented in the financial statements do not provide for the effect of inflation on our operations or financial position. The net operating losses shown would be greater than reported if the effects of inflation were reflected either by charging operations with amounts that represent replacement costs or by using other inflation adjustments.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide information under this item.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures, as defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934 (the "Exchange Act"), that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our sole officer, as appropriate to allow timely decisions regarding required disclosure. We carried out an evaluation, under the supervision and with the participation of our sole officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of October 31, 2009. Based on the evaluation of these disclosure controls and procedures, and in light of the material weaknesses in our internal control over financial reporting identified in our Annual Report on Form 10-K for the year ended July 31, 2009, the sole officer concluded that our disclosure controls and procedures are ineffective.

Changes in internal controls

We have not yet implemented any of the recommended changes to internal control over financial reporting listed in our Annual Report on Form 10-K for the year ended July 31, 2009. As such, there were no changes in our internal control over financial reporting, as defined in Rule 13a-15(f) promulgated under the Exchange Act, during the quarter ended October 31, 2009 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
