PART I

Item 1. **Business.**

First Farmers and Merchants Corporation (the "Corporation") was incorporated on March 31, 1982 as a Tennessee corporation. As of December 31, 2004, the only subsidiary of the Corporation was First Farmers and Merchants National Bank (the "Bank"). The Bank is a national banking association which was organized in 1954 as a successor to a state bank organized in 1909. The financial condition of the Corporation should be evaluated in terms of the Bank's operations within its service area. Its principal office is located at 816 South Garden Street, Columbia, Maury County, Tennessee. The Bank has offices in six counties in southern Middle Tennessee that are listed in the table below.

Maury County	Giles County	Marshall County
Columbia	Pulaski	Lewisburg
Main Office	Martin House	Ellington
High Street	West College	Downtown
Hatcher Lane		East Commerce
Campbell Plaza		Chapel Hill
Northside	Lawrence County	
Mt. Pleasant	Lawrenceburg	
Spring Hill	Locust Avenue	
	Crockett	Hickman County
Dickson County	Leoma	Centerville
White Bluff	Loretto	East Hickman

The Bank provides only automatic teller machine services in the Saturn General Assembly Building, 100 Saturn Parkway, Spring Hill; in Lawrenceburg at the Quik Mart on East Gaines street; in Columbia at the Tennessee Farm Bureau, Columbia State Community College, Columbia Quik Mart on Hampshire Pike, and Maury Regional Hospital; and in Marshall County at Marshall Plaza, Higgs Road and On-the-Run Market at 1550 Franklin Pike in Lewisburg.

The operations of the Bank are significantly affected by prevailing economic conditions, competition and the monetary, fiscal, and regulatory policies of governmental agencies. Lending activities are influenced by the general credit needs of small businesses in the Bank's service area, competition among lenders, the level of interest rates, and the availability of funds. The loan portfolio of the Bank is comprised of commercial, commercial and residential real estate, and retail installment loans. Such loans are primarily originated within the Bank's service area in southern Middle-Tennessee. Deposits are the primary source of funds for the Bank. Such deposits consist of checking accounts, regular savings deposits, NOW accounts, money market accounts, and market rate certificates of deposit. Deposits are attracted from individuals and businesses in the Bank's service area. In addition, the Bank obtains deposits from state and local entities and, to a lesser extent, U. S. Government entities and other depository institutions. Deposit flows and costs of funds are influenced by prevailing market rates of interest, primarily on competing investments, account maturities, and the levels of personal income and savings in the Bank's service area.

The Bank's net income is dependent primarily on its net interest income, which is the difference between the interest income earned on its loans, investment assets, and other interest-earning assets and the interest paid on deposits and other interest-bearing liabilities. To a lesser extent, the Bank's net income also is affected by its noninterest income derived principally from service fees as well as the level of noninterest expenses such as salaries and employee benefits.
