Tax Reduction Act Stock Ownership Plan

Notes to Financial Statements

1. Plan Description

The Southern New England Telephone Company Tax Reduction Act Stock Ownership Plan (the Plan) was established by the Southern New England Telephone Company (SNET) under the provisions of the Tax Reduction Act of 1975 as amended in 1986, to provide shares of the sponsor company's common stock to eligible employees. SNET is a wholly owned subsidiary of SBC Communications Inc. (SBC).

The following description of the Plan provides only general information. The Plan text and prospectus contain the full text of Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

## Edgar Filing: SBC COMMUNICATIONS INC - Form 11-K

The Plan permitted an employer to claim a credit against its federal income tax liability if an amount claimed was applied to the purchase of its common shares to be held in trust for the benefit of employees who were based upon amounts allowed by law, and were allocated to eligible employees based upon a ratio of compensation.

The Tax Reform Act of 1986 repealed the income tax credit on employee stock ownership plan contributions accrued after December 31, 1986. No contributions were made to the Plan beginning with the 1987 plan year. Contributions in the Plan on December 31, 1986 are eligible for participation in the Plan and continue to maintain their eligibility. Employees who did not have a balance in the Plan at that time are not eligible to participate.

Although it has not expressed any intent to do so, SBC has the right under the Plan to terminate the Plan in accordance with the provisions of ERISA. In the event that the Plan is terminated, subject to the conditions set forth in the Plan, the net assets be distributed to participants in amounts equal to their respective interests in the Plan.

### 2. Summary of Significant Accounting Policies

The fair value of SBC common stock is determined on the basis of the closing price per share on the last official close of the New York Stock Exchange. Temporary cash investments are valued at cost, which is the purchase price. Purchases and sales of securities are reflected as of the trade date. Dividend income is recognized on the accrual basis. Interest earned on investments is recognized on the accrual basis.

The Plan provides for investments in investment securities, which in general, are exposed to various risks, including credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near future that may materially affect the amounts reported in the statements of net assets available for benefits and distributions.

All administrative expenses of the Plan are paid by SBC.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accounts. Actual results could differ from those estimates.

### 3. Allocations and Distributions to Participants

The Plan maintains an account for each participant. Distribution of the shares allocated to a participant is made to a participant after termination of employment but no later than April of the plan year following the termination. If a participant attains age 70 1/2, or to a beneficiary as soon as practicable after the participant's death, the participant or beneficiary may elect to receive stock or cash, but if no election is made, the distribution will be made in cash.

All quarterly dividends for a year earned on shares in participants' accounts are held in an interest-bearing account for the participants on an annual basis in November of each year. Effective January 1, 2002, the Plan was amended to give participants the option to reinvest dividends on SBC common stock held in their accounts. Reinvested dividends are used to purchase additional shares of SBC common stock. Interest earned on the dividends is allocated to participant accounts as cash and paid to the participant at the time of distribution of the account.

### 4. Tax Status

The Internal Revenue Service (IRS) issued a determination letter on March 26, 2004, stating that the Plan is a qualified plan designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has received a determination letter from the IRS. The Plan Administrator believes that the Plan is currently in compliance with the applicable requirements of the IRC.
