**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Savings Plan Committee  
Pfizer Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Pfizer Savings Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform an audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2003 and 2002, and the changes in net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2003 and schedule H, line 4j - schedule of reportable transactions, for the year ended December 31, 2003 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**PFIZER SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2003 and 2002**

**Note 1 --Description of the Plan**

*General* -- The Pfizer Savings Plan (the Plan), originally adopted as the Pfizer Savings and Investment Plan (PSIP) by Pfizer Inc. (the "Company") in 1965, is a defined contribution plan. Participation in the Plan is open to any employee who is included within a group or class designated by the Company, as set forth in the Plan document, and any affiliate (Associate Companies) which, with the consent of the Company, adopts the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Effective February 1, 2002, certain participants of the Warner Lambert Savings and Stock Plan (WLSSP) and all the participants of the Agouron Pharmaceuticals, Inc. 401(k) plan (Agouron 401(k)), both Company plans, were transferred into the Plan. Simultaneously, the Plan changed its name from the PSIP. On August 1, 2003 the remaining participants of the WLSSP, the Lititz union participants, were transferred, along with the remaining assets and liabilities, into the Plan. As a result, on this date the WLSSP was merged into the Plan.

The following is a general description of certain provisions of the Plan. Participants should refer to the Plan document for more complete information.

*Contributions* -- Participants may make contributions on an after tax basis and/or on a before tax basis (that is, choose to reduce their compensation and have the Company contribute such amount to the Plan on their behalf). Contributions are subject to certain restrictions under the Internal Revenue Code of 1986, as amended. Contributions of up to 3% of compensation are matched 100% by the Company and the next 3% are matched 50%. Employee contributions in excess of 6% are not matched. Participants who are eligible employees are permitted to roll over into the Plan eligible distributions from other qualified employer sponsored savings plans and conduit IRAs.

*Investment Options* --

**Nonparticipant Directed Fund** -- The Company contributes to one fund:

Pfizer Match Fund	--	This fund invests employer contributions in common stock of Pfizer Inc. A participant who has attained both age 55 and completed ten or more years of participation in the Plan may direct that a certain percentage of assets then in the Pfizer Match Fund be transferred (up to a total of 25% during the first 5 years of eligibility and up to a total of 50% thereafter in 1% increments) out of the Pfizer Match Fund into any of the other investment funds except the Company Stock Fund. The fund also invests up to 0.25% of the balance in an S&P 500 index fund for purposes of liquidity.
-------------------	----	---

**Participant Directed Funds** -- Each participant in the Plan elects to have his or her contributions invested in any one or any combination of the following nineteen investment funds:

- |     |                                   |

\* Northern Trust sponsored fund.

The trustee of the Plan, The Northern Trust Company, manages investments in its sponsored funds and therefore, is deemed a related party. The Plan's trust agreement provides that any portion of any of the investment funds may, pending its permanent investment or distribution, be invested in short term investments.

*Eligibility and Vesting* -- Generally, the domestic employees of the Company, except certain employees who are either covered by a collective bargaining agreement and have not negotiated to participate in the Plan, or employed by a unit not designated for participation in the Plan, are eligible to enroll in the Plan on their date of hire. Generally, participants are immediately vested in the full value of their account (i.e., participant's and employer's contributions).

*Loans to Participants* -- Plan participants are permitted to borrow against their vested account balance. The minimum amount a participant may borrow is \$1,000 and the maximum amount is the lesser of 50% of the vested account balance reduced by any current outstanding loan balance, or \$50,000, reduced by the highest outstanding loan balance in the preceding 12 months.

Under the terms of the Plan, loans must be repaid within five years, unless the funds are used to purchase a primary residence. Primary residence loans must be repaid over 6 to 15 years at the participant's option. The interest rate on all loans is based on the prime rate plus 1%. Interest paid by the participant is credited to the participant's account.

*Benefit Payments* -- Upon separation from service, retirement or disability, a participant generally may elect to receive a lump sum distribution currently or at any time up to the later of 13 months after termination or age 65, subject to the provisions of the Plan. In the event of a participant's death, a spouse beneficiary generally may elect payment currently or defer payments until the later of 13 months from the date of death or when the participant would have reached age 65. A nonspouse beneficiary generally may defer payment up until 13 months from the date of death.

*Withdrawals* --Participants in the Plan may make withdrawals from their account balances subject to the provisions of the Plan.

*Plan Termination* -- The Company expects to continue the Plan indefinitely, but reserves the right to amend, suspend or discontinue it in whole or in part at any time by action of the Company's Board of Directors. In the event of termination of the Plan, each participant shall be entitled to the full value of his or her account balance as though he or she had retired as of the date of such termination. No part of the invested assets established pursuant to the Plan will at any time revert to the Company.

### **Note 2 -- Summary of Significant Accounting Policies**

*Basis of Accounting* -- The financial statements of the Plan are prepared on the accrual basis of accounting. For treatment of benefits payable, refer to Note 9.

*Use of Estimates* -- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of increases and decreases to net assets during the reporting period. Actual results could differ from those estimates.

*Investment Valuation* -- Company common stock is valued at the closing market price on the last business day of the year. Bond funds are recorded at fair value based on market or dealer quotes on the last business day of the year. Fixed income funds and mutual funds are recorded at

## Edgar Filing: PFIZER INC - Form 11-K

fair value based on the closing market prices of the underlying investments of the respective fund as of the last business day of the year. Loans to participants, which are subject to various interest rates, and short term securities are recorded at cost which approximates fair value. Short-term securities primarily consist of U.S. Government securities.

*Risk and Uncertainties* -- Investment securities, including Pfizer Inc. common stock, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in their values could occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

*Security Transactions* -- Purchases and sales of securities are reflected on a trade date basis.

*Net Appreciation/(Depreciation) in Fair Value of Investments* -- Net appreciation/(depreciation) in fair value of investments includes realized and unrealized gains and losses. Realized gains and losses on sales of investments represents the difference between the net proceeds and the cost of the investments (average cost if less than the entire investment is sold). Unrealized gains and losses of investments represents the difference between the cost of the investments and their fair value at the end of the year. Additionally, it reflects the reversal of the unrealized gains and losses as of the end of the prior year.

*Loan Fund* -- The Loan fund maintains participant loan activity. Interest earned on participant loans is not included in this fund.

*Net Investment Income* -- Dividend income is recorded on the ex dividend date. Interest income is recorded as earned. Interest income from participant loans is recorded by the Trustee as earned in the nonparticipant and participant directed funds in the same proportion as the original loan issuance.

### **Note 3 -- Transfers Into and Out Of the Plan**

In December 2002 the Company sold the Tetra fish care products business and in March 2003 the Company sold the Adams confectionary business and Schick-Wilkinson Sword shaving products business. As a result, in 2003, net assets of Plan participants who were employees of these businesses in the amount of \$180,934 were transferred out of the Plan.

On August 1, 2003, net assets in the amount of \$47,797 of the remaining participants of the WLSSP, the Lititz union participants, were transferred into the Plan.

On February 1, 2002, most of the assets of the WLSSP and all the assets of another Company plan, the Agouron 401(k) plan, totaling \$1,862,128 were transferred into the Plan to create one harmonized savings plan for all eligible employees of the Company.

### **Note 4 -- Tax Status of the Plan**

The Internal Revenue Service has determined and informed the Company by letter dated January 2, 2004 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter and a request was submitted on March 31, 2004 for an updated determination letter. The Plan administrator and the Plan's legal and tax counsel believe that the Plan is designed and is currently being operated in material compliance with all the applicable requirements. Accordingly, no provision has been made for federal income taxes.

Contributions made to the Plan by the Company, including pre tax contributions made on the participants' behalf and any appreciation on all funds in the participants' accounts, are not taxable to the participants under current federal income tax law while these amounts remain in the Plan.

### **Note 5 -- Plan Administration**

The Savings Plan Committee of the Plan monitors and reports on the selection and termination of the trustee and investment managers and on the investment activity and performance.

### **Note 6 -- Significant Investments**

The following investments represent 5% or more of the Plan's net assets available for plan benefits.

Edgar Filing: PFIZER INC - Form 11-K

(thousands of dollars)	December 31, 2003	December 31, 2002
Pfizer Inc. common stock*	\$3,661,700	\$3,394,968

**Note 7 -- Administrative Costs**

Except for certain member transfer costs and the investment management fees, all costs and expenses of administering the Plan are paid by the Company.

**Note 8 -- Net Appreciation/(Depreciation) in Fair Value of Investments**

The Plan's investments (including gains and losses on investments sold, as well as held during the year) appreciated/(depreciated) in value as follows:

(thousands of dollars)	Years ended December 31, 2003	2002
Net appreciation/(depreciation) in fair value of investments:		
Pfizer Inc. common stock*	\$506,517	\$(1,105,053)

	\$743,152	\$(1,270,887)

\*Includes realized gains from the disposal of Company common stock of \$135,171 in 2003 and \$147,567 in 2002 related to shares distributed in kind to participants who withdrew from the Plan as a result of retirement or termination.

**Note 9 -- Withdrawals and Reconciliation with Form 5500**

For financial statement purposes, participant withdrawals and distributions are recorded when paid rather than when processed and approved for payment. Therefore, the net assets available for plan benefits as of December 31, 2003 and 2002 do not reflect a reduction for the following benefits payable to participants who had requested withdrawals as of December 31, but were not distributed until the subsequent year:

(thousands of dollars)	December 31, 2003	December 31, 2002
Nonparticipant directed fund	\$ 62	\$ 644
Participant directed funds	163	656
Loan fund	4	--
	\$229	\$1,300

For the purposes of Form 5500, such withdrawals and distributions are recorded when processed and approved for payment. Therefore, benefits payable to participants who have requested withdrawals are reported as benefit expense on Form 5500 for those years.
