## SECTION 1 – REGISTRANT’S BUSINESS AND OPERATIONS

### ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On October 1, 2010, Atwood Oceanics Pacific Limited (“AOPL”), a wholly-owned subsidiary of Atwood Oceanics, Inc. (the “Company”), executed turnkey construction agreements with PPL Shipyard PTE LTD (“PPL”) to construct two (2) Pacific Class 400 jack-up drilling units. These new rigs will have a rated water depth of 400 feet, accommodations for 150 personnel and significant offline handling features. The two (2) rigs are scheduled for delivery September 30 and December 31, 2012, respectively. The total cost, including project management, drilling and handling tools, spares and capitalized interest, of each high specification rig approximates \$190 million, with a down payment at signing and the balance due upon delivery. Financing for the construction of these two rigs is expected to be provided from a combination of ongoing cash flows of AOPL and debt, as necessary, from AOPL’s current senior credit facilities. The Company will consider whether any additional debt may be necessary in connection with fleet expansion.

Upon delivery, these rigs will become the twelfth and thirteenth mobile offshore drilling units owned by the Company group. AOPL and PPL have also arranged option agreements for up to three (3) additional Pacific Class 400 jack-up drilling units which require commitment by AOPL at various times beginning 90 days after the execution of the subject construction contracts and extend to 15 months after the execution of the subject construction contracts. No determination has been made at this time whether any options will be exercised.

## SECTION 2 – FINANCIAL INFORMATION

### ITEM 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT
