INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Participants
Ameriserv Financial Non-Collectively Bargained 401(k) Plan
Johnstown, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of Ameriserv Financial Non-Collectively Bargained 401(k) Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for each of the three years ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form 11-K

free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ameriserv Financial Non-Collectively Bargained 401(k) Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for each of the three years ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of assets held for investment as of December 31, 2002 and 2001, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AMERISERV FINANCIAL NON-COLLECTIVELY BARGAINED 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2002

Note 1: Plan Description

The following description of Ameriserv Financial Non-Collectively Bargained 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan name was changed during 2001 from U S National Bank Noncollectively-Bargained Employees 401(k) Plan.

General:

The Plan is a defined contribution plan covering all management level employees of Ameriserv Financial, Inc. (formerly USBANCORP, Inc.) which is a bank holding company and Ameriserv Financial Bank (the Bank) (formerly U.S. Bank) which is a wholly-owned subsidiary as well as the management level employees of Ameriserv Associates, Inc. (formerly UBAN Associates) and Ameriserv Trust and Financial Services (formerly USBANCORP Trust and Financial Services), all related companies. Employees become eligible to participate in the Plan the earlier of January 1st, April 1st, July 1st, or October 1st following the completion of twelve-consecutive months of service and the attainment of age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is not covered by the Pension Benefit Guaranty Corporation.

Contributions:

Participants are permitted to make elective deferrals in any amount from one (1) to one hundred (100) percent of their compensation up to a maximum of \$11,000 each year and a maximum of \$12,000 for individuals over 50. Participants are permitted to amend their salary savings agreements to change the contribution percentage on January 1st, April 1st, July 1st, and October 1st each year. The Plan does not provide for any employer contributions. The employee salary deferrals are exempt from federal income tax until withdrawn from the Plan.

Participant Accounts:

Each participant account is credited with an

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form 11-K

allocation of the plan earnings. A participant's share of investment earnings and any increase or decrease in the fair market value of the Fund, is based on the proportionate value of all active accounts (other than accounts with segregated investments) as of the last valuation date, less withdrawals since the last valuation date. Contributions will be credited with an allocation of the actual investment earnings and gains and losses from the actual deposit of each contribution until the end of the plan year.

Vesting:

Participants are immediately vested in their voluntary contributions including rollover and transfer contributions plus actual earnings thereon.

Investment Options:

Upon enrollment in the Plan, a participant must direct their salary deferral contributions in 5 percent increments in one or more of the twenty four mutual funds, six common or collective funds, a money market fund and Ameriserv Financial, Inc. common stock (see Note 4 for related party details). Although certain participants received shares of Three Rivers Bancorp, Inc. common stock as a result of the 2000 spin-off of Ameriserv Financial's (formerly USBANCORP) Three Rivers Bank subsidiary, such is not an investment option for additional purchase. The diversified mutual fund investment options include bond and government securities funds and various U.S. and foreign stock funds. Participants may change their investment options any time throughout the year via phone access to Ameriserv Trust and Financial Services Company.

The Plan also includes participants notes. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 7.75 percent to 13.99 percent. Principal and interest is paid ratably through semi-monthly payroll deductions.

In October 2002, Three Rivers Bancorp, Inc. merged with Sky Financial Group. As part of the merger, participants holding shares in the Three Rivers Bancorp, Inc. were allocated 25 percent in cash totaling \$37,721.76 and 75 percent in Sky Financial common stock resulting in the

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form 11-K

participants receiving 4,906 shares in Sky Financial stock with a cost basis of \$86,121.47. Sky Financial stock is not an investment option for additional purchase.

Payment of Benefits:

On termination of service, a participant with an account may elect to receive a lump-sum amount equal to the value of his or her account. The Plan also provides for normal retirement benefits to be paid in the form of a lump-sum amount upon reaching age 65 or termination of employment and has provisions for deferred, death, and hardship withdrawals.

Administrative Expenses:

Certain administrative functions are performed by officers or employees of the Company and Bank. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company and Bank.

Note 2: Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of shares held by the Plan at year-end. The Ameriserv Financial, Inc. (Company) common stock and Sky Financial common stock (formerly Three Rivers Bancorp, Inc.) are valued at quoted market price. Investments in common or collective funds are at values quoted by the trust. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported assets, liabilities and changes therein, and disclosures. Actual results may differ from those estimates.

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form 11-K

The Plan relies significantly on the use of estimates in determining the fair value of the common or collective funds. The financial statements include six common or collective portfolios with an estimated fair value of \$160,335, whose value has been estimated using the quoted market prices of the underlying investments of each portfolio. An estimated unit price of \$10 was used as a beginning price per share when each portfolio was established during 2002. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed, and the difference could be material.

Payment of Benefits:

Benefits are recorded when paid.

Note 3: Investments

The Plan's investments are participant directed. The following presents investments that represent 5 percent or more of the Plan's net assets.
