PROXY STATEMENT

INTRODUCTION

The Capitol Federal Financial Board of Directors is using this proxy statement to solicit proxies from the holders of common stock of Capitol Federal Financial for use at Capitol Federal Financial's upcoming annual meeting of shareholders. The annual meeting of shareholders will be held at 10:00 a.m. local time on Tuesday, January 25, 2005 at the Bradbury Thompson Center, 1700 S.W. Jewell, located on the Washburn University Campus, in Topeka, Kansas. At the meeting, shareholders will be asked to vote on two proposals. The proposals are set forth in the accompanying Notice of Annual Meeting of Shareholders and are described in more detail below. Shareholders also will consider any other matters that may properly come before the meeting, although the Board of Directors knows of no other business to be presented. Capitol Federal Financial is referred to in this proxy statement from time to time as "Capitol Federal Financial" or the "Company." Certain of the information in this proxy statement relates to Capitol Federal Savings Bank ("Capitol Federal Savings"), a wholly owned subsidiary of the

Edgar Filing: CAPITOL FEDERAL FINANCIAL - Form DEF 14A

Company.

By submitting your proxy, either by executing and returning the enclosed proxy card or by voting electronically via the Internet or by telephone, you authorize the Company's Board of Directors to represent you and vote your shares at the meeting in accordance with your instructions. The Board of Directors also may vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournments or postponements of the meeting.

This proxy statement and the accompanying materials are being mailed to shareholders on or about December 28, 2004.

Your proxy vote is important. Whether or not you plan to attend the meeting, please submit your proxy promptly either in the enclosed envelope, via the Internet or by telephone.

INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will be asked to vote on the following proposals:

- Proposal 1. The election of three directors of Capitol Federal Financial.
- Proposal 2. The ratification of the appointment of Deloitte & Touche LLP as Capitol Federal Financial's independent auditors for the fiscal year ending September 30, 2005.

The shareholders also will transact any other business that may properly come before the meeting. Members of our management team will be present at the meeting to respond to appropriate questions from shareholders.

Who is entitled to vote?

The record date for the meeting is December 3, 2004. Only shareholders of record at the close of business on that date are entitled to notice of and to vote at the meeting. The only class of stock entitled to be voted at the meeting is Capitol Federal Financial common stock. Each outstanding share of common stock is entitled to one vote for all matters before the meeting. At the close of business on the record date there were 74,067,526 shares of common stock outstanding.

NEXT PAGE

What if my shares are held in "street name" by a broker?

If you are the beneficial owner of shares held in "street name" by a broker, your broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker will nevertheless be entitled to vote the shares with respect to "discretionary" items, but will not be permitted to vote your shares with respect to any "non-discretionary" items. In the case of non-discretionary items, the shares will be treated as "broker non-votes." Whether an item is discretionary is determined by the exchange rules governing your broker. Each of the proposals described in this proxy statement is expected to be considered a discretionary item.

What if my shares are held in Capitol Federal Financial's employee stock ownership plan?

We maintain an employee stock ownership plan which owns approximately 4.0% of Capitol Federal Financial's common stock. Employees of Capitol Federal Financial and Capitol Federal Savings participate in the employee stock ownership plan. Each participant instructs the trustee of the plan how to vote the shares of common stock allocated to his or her account under the employee stock ownership plan. If a participant properly executes the voting instruction card distributed by the trustee, the trustee will vote the participant's shares in accordance with the instructions. Where properly executed voting instruction cards are returned to the trustee with no specific instruction as to how to vote at the annual meeting, the trustee will vote the shares "FOR" each of the proposals set forth in this proxy statement. In the event the participant fails to give timely voting instructions to the trustee with respect to the voting of the common stock that is allocated to his or her employee stock ownership plan account, the trustee will vote such shares "FOR" each of the proposals set forth in this proxy statement. The trustee will vote the

Edgar Filing: CAPITOL FEDERAL FINANCIAL - Form DEF 14A

shares of Capitol Federal Financial common stock held in the employee stock ownership plan but not allocated to any participant's account in the same proportion as directed by the participants who directed the trustee as to the manner of voting their allocated shares in the employee stock ownership plan with respect to each proposal.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the shareholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. **YOU MAY VOTE BY MAIL.** If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions.
2. **YOU MAY VOTE BY TELEPHONE.** If you are a registered shareholder, that is, if you hold your stock in your own name, you may vote by telephone by following the instructions included on the proxy card. If you vote by telephone, you do not have to mail in your proxy card.
3. **YOU MAY VOTE ON THE INTERNET.** If you are a registered shareholder, that is, if you hold your stock in your own name, you may vote on the Internet by following the instructions included on the proxy card. If you vote on the Internet, you do not have to mail in your proxy card.
4. **YOU MAY VOTE IN PERSON AT THE MEETING.** If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. However, if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy form from the institution that holds your shares indicating that you were the beneficial owner of Capitol Federal Financial common stock on December 3, 2004, the record date for voting at the annual meeting.

2

NEXT PAGE

Can I vote by telephone or on the Internet if I am not a registered shareholder?

If your shares are held in "street name" by a broker or other nominee, you should check the voting form used by that firm to determine whether you will be able to vote by telephone or on the Internet.

Can I change my vote after I submit my proxy?

If you are a registered shareholder, you may revoke your proxy and change your vote at any time before the polls close at the meeting by:

- signing another proxy with a later date;
- voting by telephone or on the Internet -- your latest telephone or Internet vote will be counted;
- giving written notice of the revocation of your proxy to the Secretary of Capitol Federal Financial prior to the annual meeting; or
- voting in person at the annual meeting.

Edgar Filing: CAPITOL FEDERAL FINANCIAL - Form DEF 14A

If you have instructed a broker, bank or other nominee to vote your shares, you must follow directions received from your nominee to change those instructions.

What if I do not specify how my shares are to be voted?

If you submit an executed proxy but do not indicate any voting instructions, your shares will be voted:

- FOR the election of the three director nominees to Capitol Federal Financial's Board of Directors; and
- FOR ratification of the appointment of Deloitte & Touche LLP as Capitol Federal Financial's independent auditors for the fiscal year ending September 30, 2005.

Will any other business be conducted at the annual meeting?

The Board of Directors knows of no other business that will be presented at the meeting. If any other proposal properly comes before the shareholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to approve the proposals?

Director nominees who receive the highest number of votes for the positions to be filled will be elected. Ratification of the appointment of Deloitte & Touche LLP as Capitol Federal Financial's independent auditors requires the affirmative vote of the majority of votes cast on the matter, in person or by proxy, at the annual meeting. Capitol Federal Savings Bank MHC, which owns 70.5% of Capitol Federal Financial's outstanding common stock, intends to vote its shares in favor of each of the director nominees and in favor of the ratification of the appointment of Deloitte & Touche LLP as Capitol Federal Financial's independent auditors for the fiscal year ending September 30, 2005.

How will withheld votes and abstentions be treated?

If you withhold authority to vote for one or more director nominees or if you abstain from voting on the proposal to ratify the appointment of the independent auditors, your shares will still be included for purposes of determining whether a quorum is present. In addition, if you abstain from voting on the ratification of the appointment of the independent auditors, your shares will be included in the number of shares voting on that proposal and, consequently, your abstention will have the same practical effect as a vote against that proposal.

3

NEXT PAGE

How will broker non-votes be treated?

Shares treated as broker non-votes on one or more proposals will be included for purposes of calculating the presence of a quorum. Otherwise, shares represented by broker non-votes will be treated as shares not entitled to vote on a proposal. Consequently, any broker non-votes will have the following effects:

- | | |
|-------------|--|
| Proposal 1. | Broker non-votes will have no effect on the election of directors. |
| Proposal 2. | Broker non-votes will not be counted in determining the number of shares necessary for ratification of the appointment of the Company's independent auditors and will, therefore, reduce the absolute number, but not the percentage, of the affirmative votes required for the approval of this proposal. |

PROPOSAL I

ELECTION OF DIRECTORS

Capitol Federal Financial's Board of Directors is composed of seven members, each of whom is also a director of Capitol Federal Savings. Approximately one-third of the directors are elected annually. Directors of Capitol Federal Financial are elected to serve for a three-year term or until their respective successors are elected and qualified. In September 2003, Capitol Federal Financial's Board of Directors amended the Company's bylaws to provide that no person who has reached age 75 may be elected or re-elected to the Board of Directors. As a result of this mandatory retirement age provision, Directors Robert B. Maupin and Carl W. Quarnstrom, who have served as directors of Capitol Federal Savings since 1973 and 1985, respectively, and of Capitol Federal Financial since its inception in March 1999, will retire from the Board of Directors upon the expiration of their current terms at the annual meeting. The Company thanks Messrs. Maupin and Quarnstrom for their guidance and many years of dedicated service.

The following table sets forth certain information regarding the composition of Capitol Federal Financial's Board of Directors, including each director's term of office. The Board of Directors, acting on the recommendations of the Nominating Committee, has recommended and approved the nominations of Jeffrey M. Johnson, Michael T. McCoy and Marilyn S. Ward to serve as directors, each for a term of three years to expire at the annual meeting of shareholders to be held in 2008. Except for Ms. Ward, none of the nominees currently serve as directors of Capitol Federal Financial. It is intended that the proxies solicited on behalf of the Board of Directors (other than proxies in which the vote is withheld as to a nominee) will be voted at the annual meeting "FOR" the election of the director nominees. If a nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the Board of Directors, acting on the recommendations of the Nominating Committee, may recommend. At this time, the Board of Directors knows of no reason why a nominee might be unable to serve if elected. Except as disclosed in this proxy statement, there are no arrangements or understandings between any nominee and any other person pursuant to which the nominee was selected.

Director Independence

The Board of Directors of Capitol Federal Financial has determined that the following directors, constituting a majority of the Board, are "independent directors," as that term is defined in Rule 4200 of the Marketplace Rules of the National Association of Securities Dealers, Inc. (the "NASD"): Directors Andersen, Maupin, Thompson and Ward. As noted above, Messrs. Maupin and Quarnstrom will be retiring as directors of Capitol Federal Financial upon the election of their successors at the annual meeting. Jeffrey M. Johnson and Michael T. McCoy, who have been nominated to succeed to Messrs. Maupin's and Quarnstrom's directorships, will be independent directors, if elected.

Board Meetings and Committees

Meetings of Capitol Federal Financial's Board of Directors are generally held on a quarterly basis. Meetings of Capitol Federal Savings' Board of Directors, the membership of which is identical to Capitol Federal Financial's Board of Directors, are generally held on a monthly basis. For the fiscal year ended September 30, 2004, the Board of Directors of Capitol Federal Financial held ten meetings and the Board of Directors of Capitol Federal Savings held 16 meetings. During fiscal year 2004, no incumbent director attended fewer than 75% of the aggregate of the total number of meetings of each Board and the total number of meetings held by the committees of each Board on which committees he or she served.

Capitol Federal Financial's Board of Directors has standing Executive, Compensation, Stock Benefit, Audit and Nominating Committees. The following is a summary of the principal committees of the Company's Board of Directors.

The Executive Committee is currently comprised of John C. Dicus (Chairperson) and Directors John B. Dicus, Andersen and Maupin. The Executive Committee meets on an as needed basis and exercises the power of the Board of Directors between Board meetings, to the extent permitted by applicable law. This committee is responsible for formulating and implementing policy decisions, subject to review by the entire Board of Directors. The Executive Committee did not meet during fiscal year 2004.

The Compensation Committee is currently comprised of Directors Andersen (Chairperson), Maupin, Thompson and Ward. The Compensation Committee is responsible for reviewing all issues pertaining to executive compensation, reviewing and recommending all changes in employee benefit plans and making recommendations to the Board regarding director compensation. In fiscal year 2004, this committee met two times at the Company level; the Compensation Committee for Capitol Federal Savings, which serves the same function and has the identical makeup, also met two times during fiscal year 2004.

The Stock Benefit Committee is currently comprised of Directors Andersen (Chairperson) and Ward. The Stock Benefit Committee is principally responsible for administering Capitol Federal Financial's Stock Option and Incentive Plan and its Recognition and Retention Plan. This committee met once during fiscal year 2004.

The Audit Committee is currently comprised of Directors Ward (Chairperson), Andersen, Maupin and Thompson, each of whom is "independent," as independence for audit committee members is defined in the NASD Marketplace Rules. The Board of Directors of Capitol Federal Financial has determined that Mr. Thompson is an "audit committee financial expert," as defined in the SEC's rules.

Edgar Filing: CAPITOL FEDERAL FINANCIAL - Form DEF 14A

The Audit Committee of Capitol Federal Financial operates under a written charter adopted by the full Board of Directors, a copy of which is attached to this proxy statement as Appendix A. The Audit Committee is appointed by the Company's Board of Directors to provide assistance to the Board in fulfilling its oversight responsibility relating to the integrity of the Company's consolidated financial statements and the financial reporting processes, the systems of internal accounting and financial controls, compliance with legal and regulatory requirements, the annual independent audit of the Company's consolidated financial statements, the independent auditors' qualifications and independence, the performance of the Company's internal audit function and independent auditors and any other areas of potential financial risks to the Company specified by its Board of Directors. The Audit Committee also is responsible for hiring, retaining and terminating the Company's independent auditors. The Audit Committee met eight times in fiscal 2004.

During fiscal year 2004, the full Board of Directors acted as a nominating committee for the selection of nominees for election as directors at the annual meeting of shareholders held in January 2004 and met one time for this purpose. In August 2004, the Board of Directors appointed a separate Nominating Committee, comprised of Directors Thompson (Chairperson), Andersen, Maupin and Ward, each of whom is an "independent director," as that term is defined in the NASD Marketplace Rules. The Nominating Committee is responsible for identifying and recommending director candidates to serve on the Board of Directors. Final approval of director nominees is determined by the full Board, based on the recommendations of the Nominating Committee. The nominees for election at the meeting identified in this Proxy Statement were recommended to the Board by the newly appointed Nominating Committee.

The Nominating Committee operates under a formal written charter adopted by the Board, a copy of which is attached to this proxy statement as Appendix B, under which the Nominating Committee has the following responsibilities:

- (i) recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board;

8

NEXT PAGE

- (ii) recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Company's charter and bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable organizations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Company's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole;
- (iii) review nominations submitted by shareholders, which have been addressed to the Company's Secretary, and which comply with the requirements of the Company's charter and bylaws. Nominations from shareholders will be considered and evaluated using the same criteria as all other nominations;

Deferred Compensation Plan

The following table reflects phantom stock units awarded in fiscal 2004 under Capitol Federal Financial's Deferred Incentive Bonus Plan. Under this plan, the individual may defer from \$2,000 to as much as fifty percent (up to a maximum of \$100,000) of their award under the short-term performance plan, which is typically made in the January following the end of the fiscal year for which the short-term performance plan award is earned.⁽¹⁾ The total amount deferred plus a fifty percent match by Capitol Federal Savings is deemed to be invested in Capitol Federal Financial common stock as of December 31st in the year prior to the short-term performance award (i.e., December 31, 2003, in the case of the short-term performance award for fiscal year 2003 made in January 2004). The number of phantom stock units deemed purchased for each named executive officer is set forth below, based upon a purchase price of \$36.069, the closing price of Capitol Federal Financial common stock on December 31, 2003. On the third anniversary date (i.e., December 31, 2006), the phantom stock units are deemed sold and each participant will receive a cash payment equal to the amount deferred, the company match, the dividend equivalents paid on Capitol Federal Financial

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

The following table summarizes for each of the named executive officers certain information relating to stock options exercised by them during fiscal year 2004 and the value of these options at September 30, 2004. The value of an unexercised, in-the-money option at fiscal year-end is the difference between its exercise price and the fair market value of the underlying stock on September 30, 2004, which was \$32.18 per share, based on the closing price of Capitol Federal Financial common stock on that date as reported on the Nasdaq Stock Market. These fiscal year-end values have not been, and may never be, realized because the options have not been, and may not ever be, exercised. Actual gains, if any, on exercise will depend on the value of Capitol Federal Financial common stock on the date of exercise.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Capitol Federal Financial's directors and executive officers, and persons who own more than 10% of Capitol Federal Financial's common stock to report their initial ownership of Capitol Federal Financial's common stock and any subsequent changes in that ownership to the SEC. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Capitol Federal Financial's compensation plans and matters are administered by the Stock Benefit Committee and the Compensation Committee. The Stock Benefit Committee is composed of Directors Andersen and Ward. The Compensation Committee is currently composed of Directors Andersen (Chairperson), Maupin, Thompson and Ward. Mr. Maupin, who will be retiring from the Board upon the expiration of his current term at the annual meeting, is a former executive officer of Capitol Federal Savings, having retired in 1991 as Senior Executive Vice President and Chief Lending Officer.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Capitol Federal Financial specifically incorporates it by reference in such filing.

The Compensation Committee of the Board of Directors of Capitol Federal Financial has furnished the following report on executive compensation:

Capitol Federal Savings' executive compensation programs are administered by the Board's Compensation Committee ("Committee") comprised of four non-employee directors. The Committee determines and maintains Capitol Federal's executive compensation policies and objectives and reviews and approves all issues pertaining to executive compensation. A separate Stock Benefit Committee administers Capitol Federal's Stock Option and Incentive Plan and Recognition and Retention Plan. The objective of Capitol Federal Savings' three compensation programs (base salary, short-term performance and long-term incentives) is to provide compensation which enables Capitol Federal Savings to attract, motivate and retain talented and dedicated executives, promote a team orientation toward the achievement of business objectives and goals and link the success of Capitol Federal Savings' executives with that of Capitol Federal Financial. It is the Committee's intent to tie individual performance and incentive compensation to specific performance criteria, including results of operations and value to shareholders.

Base Salary Compensation

Edgar Filing: CAPITOL FEDERAL FINANCIAL - Form DEF 14A

A base salary range is established for each executive position to reflect the potential contribution of each position to the achievement of Capitol Federal Savings' business objectives and to be highly competitive with base salaries paid for comparable positions in the national market by thrift institutions. The Committee annually utilizes comparative executive compensation information for stock thrift institutions and makes further comparisons with a selected peer group of institutions with similarities in asset size and operational conduct. The Committee also is cognizant of the salaries paid by other non-financial institution companies in Capitol Federal Savings' market areas with whom it believes Capitol Federal Savings competes for executives.

Within the established base salary ranges, actual base salary is determined by Capitol Federal Savings' financial performance in relation to attainment of the financial goals set forth in the business plan, the annual forecast of operations and the three-year financial plan, as well as a subjective assessment of each executive's achievements of any individual objectives and managerial effectiveness. Base salary levels are targeted toward the mid-range of the comparable companies. The Committee annually reviews the performance of the Chief Executive Officer and other executive officers.

Short-Term Performance Plan

The purpose of the short-term performance plan is to achieve the following objectives:

- 1) promote stability and the achievement of profitability and business goals;
- 2) link executive compensation to specific corporate performance objectives and individual goals; and

13

NEXT PAGE

- 3) provide a competitive reward structure for Bank officers.

The plan is structured so that the amount of the awards under the plan will vary based on the maximum opportunity, which is a percentage of base salary, established for each officer level. All elected and appointed officers of Capitol Federal Savings are eligible to participate in the plan. Participants earn cash awards by personally achieving their individual goals and assisting Capitol Federal Financial in achieving its overall financial objectives. The Committee is responsible for establishing performance targets for each performance year which include both the institutional and personal performance criteria. The institutional or company performance component is based on the attainment of certain financial objectives as measured by return on average equity, earnings per share and Capitol Federal Financial's efficiency ratio. Bonuses awarded under the short-term performance plan to the named executives during fiscal 2004 are included in the Summary Compensation Table. All of such awards were based on the achievement of individual performance objectives, as none of the institutional performance targets were met for fiscal 2003.

Long-Term Incentives

A deferred incentive plan for executive officers operates in conjunction with the short-term performance plan. The deferred incentive plan is administered as an unfunded plan of deferred compensation with all benefits expensed and recorded as liabilities as accrued.

Participants may defer for a period of three years from \$2,000 to as much as fifty percent (up to a maximum of \$100,000) of their award under the short-term performance plan. The total of the amount deferred, plus a fifty percent Capitol Federal Savings match, is deemed to be invested in Capitol Federal Financial common stock at the closing price as of the December 31st immediately preceding the deferral date. Assuming the participant has continued employment with Capitol Federal Savings through the end of the mandatory deferral period, the participant will be entitled to receive a cash payment equal to the deferred amount, the Capitol Federal Savings match, the value of all dividend equivalents paid on the Capitol Federal Financial common stock deemed invested during the deferral period and the appreciation, if any, earned during the deferral period on the Capitol Federal Financial common stock deemed invested. There will not be any reduction to the amount of the cash payment if the deemed investment in Capitol Federal Financial common stock has depreciated in value.

Capitol Federal Financial also maintains the 2000 Stock Option and Incentive Plan and the 2000 Recognition and Retention Plan. Both long-term incentive stock plans were approved by shareholders in April 2000. The plans are designed to provide incentives for long-term

Edgar Filing: CAPITOL FEDERAL FINANCIAL - Form DEF 14A

positive performance by the executive officers to align their financial interests with those of Capitol Federal Financial and its shareholders and by providing the opportunity to participate in stock price appreciation, if any, which may occur after the date options or restricted stock awards are granted.

The Stock Benefit Committee administers these two long-term incentive stock plans, determines employee eligibility and grants share awards. Generally, both options and restricted stock awards vest in equal installments over a period of five years. No stock option or restricted stock awards were made to the named executive officers during fiscal 2004.

Chief Executive Officer

John B. Dicus was named as Chief Executive Officer as of January 1, 2003. The base salary and short-term performance award for the CEO position are established annually based on the information discussed above. Specific performance goals have not been used by the Committee in determining the chief executive officer's base salary. Based on the review of his salary in relation to Capitol Federal's relative financial performance and in comparison to peer performance, John B. Dicus' base salary remained the same throughout fiscal 2004. The short-term performance plan provides for John B. Dicus to receive a maximum opportunity award of sixty percent of base salary with performance based on ninety percent for institutional financial criteria and ten percent on personal performance criteria. Under the short-term performance plan, John B. Dicus earned a cash bonus of \$11,132 for fiscal 2003. It was awarded in fiscal 2004 and was based entirely on individual performance. Under the long-term incentive stock plans, John B. Dicus became vested in 105,000 stock options and 40,000 restricted shares in 2004 under grants made to him in 2000.

Limitation on Deductibility of Compensation in Excess of \$1 Million

Section 162(m) of the Internal Revenue Code limits the corporate federal income tax deduction for compensation paid to a publicly held corporation's five most highly compensated executive officers to \$1.0 million per executive per year, to the extent such compensation is not "performance-based compensation" under a plan approved by shareholders. Income recognized by executives upon the exercise of stock options granted by the Stock Benefit Committee under the 2000 Stock Option and Incentive Plan constitutes "performance-based compensation" that is exempt from the 162(m) limitation. It is our policy generally to design executive compensation to be deductible under Section 162(m). However, we have in the past awarded, and may in the future award, compensation that causes a portion of one or more of our executive's total compensation for a particular year to not be tax deductible.

The foregoing report is furnished by the Compensation Committee of the Board of Directors.

of Directors of Capitol Federal Financial**

I. Statement of Policy

The Audit Committee (the "Committee") is appointed by the Board of Directors (the "Board") of Capitol Federal Financial (the "Corporation") to represent and provide assistance to the Board in fulfilling its oversight responsibility relating to the integrity of the Corporation's financial statements and the financial reporting processes; the systems of internal accounting and financial controls; the Corporation's compliance with legal and regulatory requirements; the annual independent audit of the Corporation's financial statements; the independent auditors' qualifications and independence; the performance of the Corporation's internal audit function and independent auditors and any other areas specified by the Board of potential financial risks to the Corporation. The Committee shall annually prepare a report to shareholders as required by the Securities and Exchange Commission (the "SEC") for inclusion in the Corporation's annual proxy statement. In discharging its duties and responsibilities, the Committee is empowered to investigate any matter brought to its attention, with full access to all necessary books, records, facilities and personnel of the Corporation, and has the authority to retain at the Corporation's expense special legal, accounting or other advisors, consultants or experts as it deems appropriate.

In fulfilling its responsibilities, it is recognized that members of the Committee are not employees of the Corporation. The Corporation's management is responsible for preparing the Corporation's financial statements. The independent auditors are responsible for auditing the Corporation's annual financial statements and reviewing the Corporation's quarterly financial statements prior to the filing of the Corporation's annual and quarterly reports on Forms 10-K and 10-Q with the SEC. It is not the duty or responsibility of the Committee or its members to conduct auditing or accounting reviews or procedures or to determine that the Corporation's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles ("GAAP") and applicable rules and regulations. These are the responsibilities of management and the independent auditors. Each member of the Committee shall be entitled to rely on the integrity of those persons and organizations within and outside the Corporation from whom and from which he or she receives information and the accuracy of the financial and other information provided to the Committee by such persons or organizations, absent actual knowledge to the contrary (which shall be reported promptly to the Board).

II. Committee Composition and Meetings

The Committee composition shall be in accordance with the NASDAQ Stock Market (the "NASDAQ") listing standards. The Committee shall be comprised of three or more directors (including a chairperson) as appointed annually by the Board, considering the recommendation of the Nominating Committee, each of whom shall meet the independence requirements of the NASDAQ and SEC for audit committee members, and each of whom shall be free from any relationship that would interfere with the exercise of his or her independent judgment. Each member of the Committee shall be financially literate, as such qualification is interpreted by the Board in its business judgment. At least one member of the Committee may be designated annually by the Board as an "audit committee financial expert," as the SEC defines that term and as the Board interprets such qualification in its business judgment consistent with such definition. The Board shall have the power at any time to change the membership of the Committee and to fill vacancies, subject to the qualification requirements of this Charter.

The Committee shall meet at least quarterly. The Committee chairperson shall prepare and/or approve an agenda in advance of each meeting. If the chairperson is not available for a meeting, the other members of the Committee may appoint a temporary chairperson for such meeting. The Committee may ask members of management or others to attend meetings and provide pertinent information as necessary. The Committee shall meet separately, periodically, with management, the chief auditing executive and/or other members of the Corporation's Internal Audit Department and the independent auditors, to discuss any matters that the Committee or any of these persons believes should be discussed. The Committee may also meet separately with regulatory examiners.

The Committee is authorized and empowered to adopt its own rules of procedure not inconsistent with (a) any provision of this Charter, (b) any provision of the Bylaws of the Corporation, or (c) the laws of its jurisdiction of incorporation.

As part of its oversight responsibility, the Committee shall:

In consultation with management, the independent auditors and the internal auditors, monitor the integrity and effectiveness of the Corporation's financial reporting processes and systems of internal controls, including reviewing and discussing major financial risk exposures and the steps management has taken to monitor, control and report such exposures; and review significant findings relating to the foregoing prepared by the independent auditors or the internal auditors, together with management's responses and follow-up to these reports.

The independent auditors shall report directly to the Committee.

7. Pre-approve the engagement letters and the fees to be paid to the independent auditors for all audit and permissible non-audit services to be provided by the independent auditors and consider the possible effect that any non-audit services could have on the independence of the auditors. The Committee may establish pre-approval policies and procedures, as permitted by applicable law and SEC regulations and consistent with this Charter, for the engagement of the independent auditors to render permissible non-audit services to the Corporation, including but not limited to policies that would allow the delegation of pre-approval authority to one or more members of the Committee, provided that any pre-approvals delegated to one or more members of the Committee are reported to the Committee at its next scheduled meeting.

This evaluation shall include a review and discussion of the annual communication as to independence delivered by the independent auditors required by Independence Standards Board Standard No. 1. 10. Set clear hiring policies for employees or former employees of the independent auditors.

Internal Audit Department

11. Review the budget, program, changes in program, activities, strategies, organizational structure and qualifications of the Internal Audit Department, as needed, it being understood that the Internal Audit Department functionally reports directly to the Committee. Evaluate whether the Internal Audit Department operation and structure permits unrestricted access by internal auditors to records, personnel and physical properties relevant to the performance of its responsibilities and to top management, the Committee and the Board. Assess the appropriateness of the resources allocated to internal auditing. Evaluate the effectiveness of the internal audit function.
12. Review the appointment, performance and replacement, if appropriate, of the chief auditing executive. Decisions regarding hiring or termination of the chief auditing executive require endorsement by the Committee. The chairperson of the Committee will also be involved in performance evaluation and compensation decisions related to the chief auditing executive.
13. Review significant issues presented by the Internal Audit Department together with management's response and follow-up to these reports.
