### VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

#### Voting Securities

Only stockholders of record at the close of business on May 6, 2005 will be entitled to vote at the annual meeting or at any adjournments or postponements thereof. On May 6, 2005, there were 8,999,706 shares of common stock issued and outstanding. Each share of common stock is entitled to one vote on all matters that may properly come before the annual meeting.

The presence in person or by proxy at the annual meeting of the holders of at least a majority of the total number of outstanding shares of common stock will constitute a quorum for the transaction of business.

Shares of common stock represented by a properly signed and returned proxy will be counted as present at the annual meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining.

Directors are elected by a plurality of the votes cast. A withheld vote will not affect the required plurality. All other matters to come before the annual meeting require a majority vote in person or by proxy. Therefore, abstentions will have the same effect as votes against the proposals on such

matters.

Brokers who hold shares of common stock in street name may not have the authority to vote on certain matters for which they have not received voting instructions from beneficial owners. Such broker non-votes, although present for quorum purposes, will be deemed shares not present to vote on such matters and will not be included in calculating the number of votes necessary for approval of such matters.

### PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors is divided into three classes that serve staggered three-year terms and are nearly equal in number as possible. The stockholders elect at least one class of directors annually. Each class generally serves for a period of three years, although a director may be elected for a shorter term in order to keep the number of directors in each class approximately equal. This practice is in accordance with the Company's Certificate of Incorporation.

All of the directors were previously elected by the stockholders except for Andrea D. Kantor, John V. Moran and Douglas E. Sharp who were appointed to the board in October 2003.

The terms of Jerome I. Feldman, John V. Moran and George J. Pedersen will expire at the 2005 annual meeting. These directors have been nominated by the Company's Nominating Committee to stand for reelection at the meeting to hold office until 2007 and until their successors are elected and qualified.

The terms of Dr. Sheldon L. Glashow, Dr. Roger L Hagenruber and Chin-Our Jerry Jen will expire at the 2005 annual meeting. These directors have been nominated by the Company's Nominating Committee to stand for reelection at the meeting to hold office until 2008 and until their successors are elected and qualified.

On October 21, 2003, the Board increased the number of directors from nine to eleven and elected John V. Moran as a director to serve until the 2005 annual meeting and elected Andrea D. Kantor and Douglas E. Sharp to serve until the 2006 annual meeting.

On December 31, 2004, John A. Moore resigned from the board.

The proxies solicited hereby, unless directed to the contrary, will be voted for election of the nominees. All of the nominees have consented to being named in this proxy statement and to serve if elected. The Board has no reason to believe that any of the nominees will not be a candidate or will be unable to serve, but if either occurs proxies may be voted for such substituted nominee or nominees as the board, in its discretion, may designate.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF  
JEROME I. FELDMAN, DR. SHELDON L. GLASHOW,  
DR. ROGER L. HAGENRUBER, CHIN-OUR JERRY JEN, JOHN V. MORAN,

### Corporate Governance

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall performance of the Company, although it is not involved in day-to-day operating details. Members of the Board of Directors are kept informed of the Company's business by various reports and documents sent to them as well as by operating and financial reports made at Board and Committee meetings. The Company is a "controlled company" pursuant to the regulations of the American Stock Exchange since over 50% of the voting power is held by GP Strategies. The Company has therefore elected to take advantage of certain exceptions to the listing requirements of the American Stock Exchange applicable to controlled companies, as discussed below, including the requirement that (i) the Company have a majority of independent directors, (ii) board nominations be made by an independent nominating committee or a majority of the independent directors, and (iii) executive compensation be determined by an independent compensation committee or majority of the independent directors.

The non-management directors meet periodically in executive session. The executive sessions of non-management directors are to be presided over by the director who is the Chairman of the committee responsible for the issue being discussed. The Board intends to schedule at least two executive sessions of non-management directors each year. However, any director may request additional executive sessions of non-management directors to discuss any matter of concern. The Board of Directors has provided the means by which stockholders may send communications to the Board or to individual members of the Board. Such communications should be directed to the Secretary of the Company, 9189 Red Branch Rd. Columbia, MD 21045, or by email at mail@gses.com, who will forward them to the intended recipients.

The Board of Directors reviews the independence of its members on an annual basis. No directors will be deemed to be independent unless the Board affirmatively determines that the director in question has no material relationship with the Company, directly or as an officer, stockholder, member or partner of an organization that has a material relationship with the Company. The Board has not adopted any categorical standards of directors independence, however, the Board of Directors employs the standards of independence of the AMEX rules currently in effect. As a result of its Annual Review, the Board of Directors has determined that Dr. Sheldon L. Glashow, Dr. Roger Hagengruber and Joseph W. Lewis are independent. Based on these standards, all of the members of the Audit Committee are independent.

In 2004, the Board met one time and committees of the Board held a total of five meetings. The average attendance at meetings of the board and committees was 83%. During this period, all of the directors attended or participated in more than 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees of the Board of Directors on which each such director served, except for Mr. Lewis. The board has established the following committees, the function and current members of which are noted below:

**Executive Committee.** The Executive Committee consists of George J. Pedersen (Chairman) and Jerome I. Feldman. The Executive Committee has the authority to exercise all powers of the board, except for actions that must be taken by the full board under the Delaware General Corporation Law. The Executive Committee did not meet formally during 2004.

**Audit Committee.** The Audit Committee consists of Roger L. Hagengruber, Sheldon L. Glashow and Joseph W. Lewis (Chairman). The Audit Committee makes recommendations concerning the engagement of independent public accountants,

## Edgar Filing: GSE SYSTEMS INC - Form PRER14A

reviews with the independent public accountants the plans and results of the audit engagement, approves professional services provided by the independent public accountants, reviews the independence of the independent public accountants and reviews the adequacy of the Company's internal accounting controls. The Audit Committee met four times during 2004.

Nominating Committee. The Nominating Committee consists of Jerome I. Feldman and George J. Pedersen. The Nominating Committee selects and recommends nominees for election as directors. The Nominating Committee did not meet during 2004. Since the Company is a "controlled company" it is not required to have a nominating committee comprised solely of independent directors or a majority of independent directors. The nominating committee or majority of the independent directors, the Nominating Committee is not required to adopt a formal written charter addressing the nomination process or a policy with regard to the consideration of any director candidates recommended by security holders.

Compensation Committee. The Compensation Committee consists of Jerome I. Feldman and George J. Pedersen (Chairman). The Compensation Committee is responsible for determining compensation for the Company's executive officers and for administering and granting awards under the Company's Long-Term Incentive Plan (the "Plan"). The Compensation Committee met once during 2004. See "Report of the Compensation Committee", below. Since the Company is a "controlled company" it is not required to have a compensation committee comprised solely of independent directors.

### Compensation of Directors

In 2004, the Board restructured director compensation so only those directors who were on the Audit Committee would receive compensation. All members of the audit committee are independent directors who are neither employees of the Company nor of GP Strategies. The 2004 director compensation structure is as follows:

Title	Annual Retainer	Meetings	Estimated Annual Compensation
Chairman, Audit Committee	\$ 15,000	\$ 8,000 (1)	\$ 23,000
Audit Committee Member	\$ 10,000	\$ 8,000 (1)	\$ 18,000

1 Includes \$6,000 for estimated number of board meetings (4 times \$1,500 each) and \$2,000 for estimated number of Audit Committee meetings (4 times \$500 each).

At the discretion of the Board, each person who becomes a non-management director may receive an initial grant of options under the Plan to purchase shares of common stock having an exercise price per share equal to the fair market value of a share of common stock on the date such person first becomes a non-management director. Also at the discretion of the board, under the Plan, each non-management director serving as a director on December 31 of each calendar year may receive options to purchase shares of common stock with an exercise price per share equal to the fair market value of a share of common stock on such date. Usually, options granted under the Plan to non-management directors become exercisable in three installments with 40% vesting on the first anniversary of the date of grant and 30% vesting on each of the second and third anniversaries of the date of grant, subject to acceleration under certain circumstances such as a change of control. There were no options granted to the Directors in 2004.

#### OPTION GRANTS IN THE FIRST QUARTER 2005

(3) No gain to optionees is possible without an increase in stock price, which will benefit all shareholders commensurately. A 0% increase in stock price will result in \$0 gain for the optionees. The potential realizable amounts shown illustrate the values that might be realized upon exercise immediately prior to the expiration of their term using 5% and 10% appreciation rates set by the SEC, compounded annually, and therefore are not intended to forecast possible future appreciation, if any, of the company's stock price.

### Employment Agreements

On March 10, 2000, the Company entered into change of control agreements with Messrs. Jen, Hough and Grady. On May 30, 2002, the Company entered into a similar agreement with Mr. Paris. Under these agreements, in the event of a termination of the individual's employment within 12 months of a change in business ownership structure, the executive is entitled to continuation of salary, bonus and all benefits for up to 12 months following termination of employment. The executive is also entitled to a bonus of 35% of base pay (30% for Messrs. Grady and Paris).

### Executive Compensation Plan

In December 2003, GSE's Board of Directors elected John Moran, a GP Strategies executive with experience in the power industry and simulation technology, as Chief Executive Officer. Mr. Moran continued as a GP Strategies employee, however, Mr. Moran devoted 100% of his time to the performance of his duties as CEO of GSE. Due to the related-party nature of this transaction, as GP Strategies owned 58% of the outstanding common stock of the Company, the Company's Audit Committee negotiated the compensation that the Company would pay to GP Strategies for Mr. Moran's services, rather than the Compensation Committee. After reviewing the nature of Mr. Moran's responsibilities as CEO of the Company and the level of compensation of the other executives of GSE, the Audit Committee approved a \$35,000 charge by GP Strategies in 2003 for Mr. Moran's compensation and benefits; and approved a charge of \$300,000 by GP Strategies in 2004 for Mr. Moran's compensation and benefits. As Mr. Moran became an employee of the Company on December 16, 2004, the actual charge from GP Strategies for Mr. Moran's 2004 compensation was \$289,000.

### REPORT OF THE COMPENSATION COMMITTEE

This report addresses the compensation of the Company's executive officers for the last fiscal year and the Company's general compensation philosophy. The Compensation Committee is responsible for determining compensation for the Company's executive officers and for granting awards under and administering the Company's Long-Term Incentive Plan. The Compensation Committee consists of Jerome I. Feldman and George J. Pedersen.

### Compensation Philosophy

The compensation program for the executive officers of the Company is developed and administered by the board and its Compensation Committee. Overall compensation policies regarding other officers and employees of the Company are established by the Compensation Committee, but the specific compensation program for such persons is developed and administered by Company management. The key goals of the Company's compensation program are to attract, retain and reward the most capable executives and other employees who can contribute (both short and long-term) to the success of the Company and to align compensation with the attainment of the business objectives of the Company.

### Compensation of Principal Executive Officer

Mr. Moran's compensation in 2004 was determined by the members of the Audit Committee in connection with his election as the Company's Chief Executive Officer in December 2003. The Audit Committee determined Mr. Moran's compensation based on an analysis of competitive salaries for positions with

## Edgar Filing: GSE SYSTEMS INC - Form PRER14A

similar scope of responsibilities and job complexities for comparable companies. The Audit Committee determined Mr. Moran's compensation instead of the Compensation Committee since it was a related party transaction and the Audit Committee is comprised solely of independent directors.

### Implementation Guidelines

To implement the general compensation philosophy described above, the Company's executive compensation program has three primary components: (i) a base salary, (ii) bonus awards, and (iii) long-term incentive awards. The factors and criteria to be considered with respect to each of these components are set forth below.

**Base Salary.** The range of the base salary for an executive or other employee position will generally be established based on competitive salaries for positions with a similar scope of responsibilities and job complexities. The level of base salary within the range of competitive salaries will be determined on the basis of individual performance, experience and other relevant factors, such as demonstrated leadership, job knowledge and management skills. Such determination will be made by the Compensation Committee, with regard to the Company's executive officers, and by management with regard to all other officers and employees consistent with the general overall compensation policies established by the Compensation Committee.

Base salaries will be targeted within the appropriate competitive range, although higher compensation may be paid if necessary or appropriate to attract or retain unusually qualified executives. Annual or other base salary adjustments will be based on individual performance as well as other market factors. Base salary payments made in 2004 were made to compensate ongoing performance throughout the year.

**Bonus Awards.** The bonus award is intended to focus the efforts of the executives and other employees on performance objectives in accordance with the business strategy of the Company.

The Compensation Committee will administer incentive awards for the Company's executive officers. The Compensation Committee will review and assess the extent to which the overall Company performance goals have been met during the year and make such awards to the Company's executive officers. Management of the Company will be responsible for awarding bonus amounts to other officers and employees of the Company, taking into account the general compensation philosophy of the Company.

No bonuses were awarded in 2004 to the Company's principal executive officer and the four other most highly compensated executive officers. However a deferred bonus payment of \$21,300 was made to Mr. Paris in 2004 as per the terms of the change of control agreement related to the sale of the Company's Process Automation business in September 2003.

**Long-Term Incentive Awards.** The third element of the Company's compensation program is provided through the Company's Long-Term Incentive Plan (the "Plan"), which is designed to align the interests of the officers and employees with those of stockholders. The Plan is intended to focus the efforts of officers and employees on performance which will increase the value of the Company for its stockholders.

Pursuant to the Plan, the Compensation Committee may grant incentive stock options within the meaning of the Internal Revenue Code of 1986, as amended, and may grant, among other types of awards, nonstatutory stock options to purchase shares of common stock. The Compensation Committee also may grant stock appreciation rights and award shares of restricted stock and incentive shares in accordance with the terms of the Plan. Subject to the terms of the Plan, the

## Edgar Filing: GSE SYSTEMS INC - Form PRER14A

Compensation Committee will have discretion in making grants and awards under the Plan. The Compensation Committee may, however, consider the recommendations of management with respect to such grants and awards.

Total direct compensation to the Company's executive officers (base salary, bonus awards and long-term incentive awards) will be targeted within the appropriate competitive range, although higher compensation may be paid if necessary to attract or retain unusually qualified executives.

No options were granted to any of the named executive officers in 2004. In general, the Compensation Committee's decisions concerning the specific compensation elements for individual executive officers were made within the broad framework previously described and in light of each executive officer's level of responsibility, performance, current salary, prior year bonus and other compensation awards. In all cases, the Compensation Committee's specific decisions regarding 2004 executive officer compensation were ultimately based upon the Compensation Committee's judgment about the individual executive officer's performance and potential future contributions, and about whether each particular payment or award would provide an appropriate reward and incentive for that executive officer to contribute to, and enhance, the Company's performance.

The Board of Directors, with the advice of the Compensation Committee, will reexamine the Company's compensation philosophy and objectives periodically and determine if changes should be considered.

### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is currently comprised of Mr. Pedersen, who is the chairman of the Compensation Committee, and is chairman of the board, chief executive officer and president of ManTech; and Mr. Feldman, who is chairman of the board of the Company's board of directors, and is chairman of the board and

chief executive officer of GP Strategies.

The Compensation Committee acts on matters related to other directors, executive officers and related entity proposals. In accordance with applicable law, any matter related to a member of the Compensation Committee requires ratification by the independent directors or approval of the entire board.

### Certain Relationships and Related Transactions

GP Strategies beneficially owns approximately 59% of the Company. Jerome I. Feldman, GSE's Chairman of the Board, is also the Chairman of GP Strategies' Executive Committee of their Board of Directors and was GP Strategies' Chairman of the Board and Chief Executive Officer until April 26 2005. Scott N. Greenberg, a director of the Company, is also GP Strategies' Chief Executive Officer and a member of their Board of Directors, and was their President and Chief Financial Officer until May 2005. Douglas Sharp, the President of General Physics, is a director of the Company, and Andrea D. Kantor, GP Strategies' Vice President and General Counsel, is a director of the Company.

In December 2003, GSE's Board of Directors elected John Moran, a GP Strategies executive with experience in the power industry and simulation technology, as Chief Executive Officer. Mr. Moran continued as a GP Strategies employee, however, Mr. Moran devoted 100% of his time to the performance of his duties as CEO of GSE. In 2003, GSE was charged \$35,000 by GP Strategies for his compensation and benefits; in 2004 GSE was charged \$289,000 by GP Strategies for Mr. Moran's compensation and benefits. On December 16, 2004, Mr. Moran became an employee of GSE.

On January 1, 2004, the Company entered into a Management Services Agreement with GP Strategies Corporation in which GP Strategies agreed to provide corporate support services to GSE, including accounting, finance, human resources, legal, network support and tax. In addition, GSE uses the financial system of General Physics, a subsidiary of GP Strategies. In 2004, GSE was charged \$685,000 for GP Strategies' services. The agreement has been extended through December 31, 2005 without an increase in the fee. The agreement can be renewed for successive one-year terms.

In December 2003, GSE agreed to pay to General Physics, a fully-owned subsidiary of GP Strategies, approximately \$35,000 for services performed by General Physics personnel in the fourth quarter 2003 for the implementation of the Management Services Agreement. In addition, GSE was charged \$30,000 by General Physics for coverage under General Physics' directors and officers' liability and umbrella insurance for November and December 2003.

On September 29, 2003 the Company amended the ManTech Preferred Stock issuance agreement to revise the conversion rate from \$2.645 per share to \$1.5526 per share. The change in conversion rate increased the number of common shares available upon conversion from 1,474,480 to 2,511,915. On October 23, 2003 ManTech elected to convert all of its preferred stock to common stock and sold all of its GSE common stock and subordinated debt to GP Strategies. Due to GP Strategies' acquisition of additional shares of the Company on that date, bringing its ownership of the common stock of the Company from approximately 22% to approximately 58%, the Company became a majority-owned subsidiary of GP Strategies.

In March 2003, GP Strategies extended its \$1.8 million limited guarantee of the Company's then credit facility and received 150,000 shares of the Company's common stock with a value of \$180,000 in consideration of such extension. On March 30, 2004, the Company was added as an additional borrower under the Financing and Security Agreement between General Physics and a financial institution which expires on August 12, 2006. Under the terms of the agreement, \$1.5 million of General Physics' available credit facility has been carved out

## Edgar Filing: GSE SYSTEMS INC - Form PRER14A

for use by the Company. The line is collateralized by substantially all of the Company's assets and provides for borrowings of up to 80% of eligible accounts receivable and 80% of eligible unbilled receivables, up to a maximum of \$1.5 million. GP Strategies also agreed to guarantee the Company's borrowings as part of its fee pursuant to the Management Services Agreement described above.

In 2004, Michael Feldman received a salary of \$85,000 from the Company as marketing manager of the Company and in 2003 received a salary of \$16,000 from the Company. Michael Feldman currently receives an annual salary of approximately \$110,000 from the Company as Managing Director, Marketing. Michael Feldman is the son of Jerome I. Feldman, the Company's Chairman and the Chairman of the Executive Committee of GP Strategies.

On March 9, 2005, General Physics received a waiver to loan GSE ("GSE Loan") up to a maximum of \$1.0 million that will be due and payable by no later than June 9, 2006 and will be on such other terms and conditions as are agreed upon by General Physics and GSE. The GSE Loan would be reduced by any amounts owed by GSE to GP Strategies and General Physics, primarily in connection with the Management Services Agreement, which aggregated approximately \$570,000 as of March 31, 2005. Therefore, the availability under the GSE Loan would be approximately \$430,000.

### PROPOSAL 2: AMENDMENT TO THE 1995 LONG-TERM INCENTIVE PLAN

The Board proposes that the stockholders of the Company approve an amendment to the Long-Term Incentive Plan (As Amended and Restated Effective June 25, 2001) (the "Plan"), which currently expires on June 30, 2005. The Board has approved the amendment, subject to stockholder approval, which extends the life of the plan three years to June 30, 2008. There are currently \$2.5 million shares reserved for issuance under the Plan, however, as of May 6, 2005 only 145,344 shares are available for grant under the plan. The Board is requesting and recommends to the stockholders ratification and approval of the Plan amendment to ensure that the Company maintains its ability to attract and retain executive personnel, key employees, and directors, through the issuance of option grants and to provide additional incentive by permitting certain key individuals to participate in the ownership of the Company. The following is information as of May 6, 2005 about shares of the Company's Common Stock that may be issued upon the exercise of options under the Company's Long-Term Incentive Plan (As Amended and Restated Effective June 25, 2001) (the "Plan").

Following is a summary of the material provisions of the Plan, which is qualified in its entirety by the terms of the Plan that is published in this Proxy as Appendix A. A copy of the Plan may also be obtained from the Plan Administrator at the executive offices, 9189 Red Branch Road, Columbia, Maryland, 21045.

The purpose of the Plan is to promote the long-term growth and profitability of the Company. The Plan is administered by the Board of directors or a committee of the Board (the "Administrator"). The Plan permits the granting of stock options to employees, directors or consultants (including incentive stock options and nonqualified stock options) stock appreciation rights, restricted or unrestricted stock awards, phantom stock, performance awards or any combination of these.

The Administrator has the powers vested in it by the terms of the Plan, including determining the types of awards to be granted, number of shares covered by each award, prescribed grant agreements evidencing such awards, and the establishment of programs for granting awards. The Administrator has the authority to administer and interpret the Plan and to adopt and interpret the rules, regulations, agreements, guidelines and instruments as it determines are necessary or advisable. In making such determination, consideration may be given to the value of the services rendered by the respective individuals, their present and potential contributions to the success of the Company and its subsidiaries, and such other factors deemed relevant in accomplishing the purposes of the Plan.

If amended as per the proposal, the Plan will terminate on June 30, 2008. All awards made under the Plan shall remain in effect until such awards have been satisfied or terminated in accordance with the Plan and the terms of such awards.

At this time the only awards that have been made under the Plan are nonqualified stock options. No tax consequences result from the grant of the option. An option holder who exercises a nonqualified stock option generally will realize compensation taxable as ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. The Company will be entitled to a deduction in the amount of ordinary income so recognized.

The rules governing the tax treatment of options and the receipt of shares in connection with such grants are quite technical; accordingly, the above description of tax consequences is necessarily general in nature and does not purport to be complete. Moreover, statutory provisions are subject to change, as their interpretation may vary in individual circumstances. Finally, the tax consequences under applicable state law may not be the same as under the federal income tax laws.

THE BOARD RECOMMENDS A VOTE FOR APPROVAL  
OF THE AMENDMENT TO THE LONG-TERM INCENTIVE PLAN  
(AS AMENDED AND RESTATED EFFECTIVE JUNE 25, 2001)

### PROPOSAL 3: APPROVAL OF INDEPENDENT PUBLIC ACCOUNTANTS

Upon the recommendation of the Audit Committee, and subject to stockholder approval, the Board has appointed the firm of KPMG LLP as independent public accountants of the Company for the current fiscal year. The board has been

## Edgar Filing: GSE SYSTEMS INC - Form PRER14A

advised by KPMG LLP that neither the firm nor any member of the firm has a direct or indirect financial interest in the Company or its subsidiaries.

KPMG LLP became the Company's independent public accountants on March 17, 2000, replacing PricewaterhouseCoopers.

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the Company's annual financial statements for 2004 and fees billed for other services rendered by KPMG LLP, together with a comparison of the fees for audit services and other services rendered by KPMG LLP in 2003.

	2004	2003
Audit fees	\$167,000	\$149,000
Audit related fees (1)	11,000	10,500
Tax fees (2)	5,000	98,700
	-----	-----
Total fees	\$183,000	\$258,200
	=====	=====

(1) Audit related fees consisted principally of fees for audits of financial statements of certain employee benefit plans.

(2) Tax fees consisted of fees for tax consultation and tax compliance services.

A representative of KPMG LLP is expected to be present at the annual meeting and will have an opportunity to make a statement if he/she desires to do so and will be available to respond to appropriate questions from stockholders.

Ratification of the appointment of the independent public accountants requires the affirmative vote of a majority of the votes cast by the holders of the shares of common stock voting in person or by proxy at the annual meeting. The stockholder's ratification of the appointment of KPMG will not impact the Audit Committee's responsibility pursuant to its charter to appoint, replace and discharge the independent auditors. If the stockholders do not ratify the appointment of KPMG LLP, the board of directors will reconsider the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR  
RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS INDEPENDENT PUBLIC  
ACCOUNTANTS
