Item 7.01 Regulation FD Disclosure.

On September 26, 2018, Aetna Inc. (“Aetna”) and a subsidiary of WellCare Health Plans, Inc. (“WellCare”) entered into an asset purchase agreement and related agreements pursuant to which WellCare has agreed to acquire Aetna’s entire standalone Medicare Part D prescription drug plan business (the “Divestiture”) effective 11:59 p.m. ET on December 31, 2018. The business to be divested had an aggregate of approximately 2.2 million members at June 30, 2018. The Divestiture does not affect Aetna’s individual or group Medicare Advantage, Medicare Advantage Part D or Medicare Supplement products or plans. Aetna will provide administrative services to, and retain the financial results of, the divested business through 2019. The purchase price of the Divestiture is not material to Aetna. Closing of the Divestiture is subject to the closing of CVS Health Corporation’s proposed acquisition of Aetna (the “CVS Health Transaction”), regulatory approvals and other customary closing conditions.

Completion of the CVS Health Transaction remains subject to federal and certain state regulatory approvals required in connection with the acquisition, including by the United States Department of Justice (the “DOJ”) and approvals from certain state departments of insurance and similar regulators, and the satisfaction of all closing conditions. The companies are working with the regulators in the remaining jurisdictions to obtain clearance for the CVS Health Transaction.

CVS Health believes the Divestiture is a significant step toward completing the DOJ’s review of the CVS Health Transaction. CVS Health and Aetna continue to engage in productive discussions with the DOJ. CVS Health continues to expect the CVS Health Transaction to close in the early part of the fourth quarter of 2018. CVS Health continues to expect the transaction to be accretive in the second full year after the close and to deliver more than \$750 million in year-two synergies.
