increases in energy costs;

fluctuations in costs and availability of raw materials and in our ability to maintain favorable supplier arrangements and relationships;

This segment also includes specialty blades and cannulas for ophthalmic surgery procedures, anesthesia needles, critical care systems, elastic support products and thermometers.

The major products in the BD Clinical Laboratory Solutions segment are clinical and industrial microbiology products, sample collection products, specimen management systems, hematology instruments, DNA probe instruments and other diagnostic systems, including immunodiagnostic test kits. This segment also includes consulting services and customized and automated bar-code systems.

The BD Biosciences segment provides integrated systems, products and services for a variety of applications in life sciences. The major products are flow cytometry systems for cell analysis, monoclonal antibodies for biomedical research, molecular biology products for the study of genes and their functions, cell growth and screening products, and labware products.

Our products are manufactured and sold worldwide. The principal markets for our products outside the United States are Europe, Japan, Asia Pacific, Canada and Latin America. The principal products that we sell outside of the United States are hypodermic needles and syringes, insulin syringes and pen needles, diagnostic systems, VACUTAINER(R) brand blood collection products, HYPAK(R) brand prefillable syringe systems, and infusion therapy products. We have manufacturing operations in Brazil, China, France, Germany, India, Ireland, Japan, Korea, Mexico, Pakistan, Singapore, Spain, Sweden, the United Kingdom and the United States.

We market our products and services in the United States and internationally through sales representatives and independent distribution channels, as well as directly to end-users.

USE OF PROCEEDS

Except as may be set forth in any prospectus supplement, our net proceeds from the sale of the securities will be added to our general funds and may be used to repay outstanding debt and to meet capital expenditure and working capital requirements. We have not allocated a specific portion of the net proceeds for any particular use at this time. Pending application of the net proceeds, we may invest the proceeds in marketable securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratio of earnings to fixed charges.

	Fiscal Year Ended September 30,					
	Three Months Ended December 31, 2002	2002	2001	2000	1999	1998
Ratio of Earnings to Fixed Charges (unaudited)	11.29	10.61	6.68	5.12	4.59	5.07

For the purpose of calculating the ratio of earnings to fixed charges, we calculate earnings by adding fixed charges to income before income taxes and cumulative effect of change in accounting principle, and by deducting both net interest capitalized during the period and our share of the undistributed income in less-than-fifty-percent-owned affiliates. Fixed charges include total interest, including capitalized interest,

the portion of rental expense which we believe is representative of the interest factor of our rental expense and the amortization of debt issuance costs.

DESCRIPTION OF DEBT SECURITIES

The following description sets forth general terms and provisions of the debt securities we may offer. The prospectus supplement will describe the particular terms of the debt securities being offered and the extent to which these general provisions may apply to those debt securities.

The debt securities will be issued under the indenture, dated March 1, 1997, between us and JPMorgan Chase Bank, as trustee. A copy of the indenture is filed with the SEC as an exhibit to the registration statement relating to this prospectus and you should refer to the indenture for provisions that may be important to you.

General

The debt securities covered by this prospectus will be our unsecured and unsubordinated obligations. The indenture does not limit the aggregate principal amount of debt securities we can issue. The indenture provides that debt securities may be issued thereunder from time to time in one or more series.

The prospectus relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

the designation of the debt securities of the series;

any limit upon the aggregate principal amount of the debt securities of the series and any limitation on our ability to increase the aggregate principal amount of debt securities of that series after initial issuance;

any date on which the principal of the debt securities of the series is payable (which date may be fixed or extendible);

the interest rate or rates and the method for calculating the interest rate;

if other than as provided in the indenture, any place where principal of and interest on debt securities of the series will be payable, where debt securities of the series may be surrendered for exchange, where notices or demands may be served and where notice to holders may be published and any time of payment at any place of payment;

whether we have a right to redeem debt securities of the series and any terms thereof;

whether you have a right to require us to redeem, repurchase or repay debt securities of the series and any terms thereof;

if other than denominations of \$1,000 and any integral multiple, the denominations in which debt securities of the series shall be issuable;

if other than the principal amount, the portion of the principal amount of debt securities of the series which will be payable upon declaration of acceleration of the maturity;

if other than U.S. dollars, the currency or currencies in which payment of the principal of and interest on the debt securities of the series will be payable;

whether the principal and any premium or interest is payable in a currency other than the currency in which the debt securities are denominated;

whether we have an obligation to pay additional amounts on the debt securities of the series in respect of any tax, assessment or governmental charge withheld or deducted and any right that we may have to redeem those debt securities rather than pay the additional amounts;

if other than the person acting as trustee, any agent acting with respect to the debt securities of the series;

any provisions for the defeasance of any debt securities of the series in addition to, in substitution for or in modification of the provisions described in "--Defeasance and Covenant Defeasance;"

the identity of any depository for registered global securities of the series other than The Depository Trust Company and any circumstances other than those described in Global Securities in which any person may have the right to obtain debt securities in definitive form in exchange;

any events of default applicable to any debt securities of the series in addition to, in substitution for or in modification of those described in "--Events of Default;"

any covenants applicable to any debt securities of the series in addition to, in substitution for or in modification of those described in "--Covenants;" and

any other terms of the debt securities of the series.

The debt securities will be issued in registered form without coupons unless otherwise provided in a supplemental indenture or board resolution. Unless otherwise provided in a prospectus supplement, principal (unless the context otherwise requires, principal includes premium, if any) of and any interest on the debt securities will be payable, and the debt securities will be exchangeable and transfers thereof will be registrable, at an office or agency designated for the debt securities, provided that, at our option, payment of interest may be made by check to the address of the person entitled thereto as it appears in the security register. Subject to the limitations provided in the indenture, such services will be provided without charge, other than any tax or other governmental charge payable in connection therewith.

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from the principal amount. If any debt securities are original issue discount securities, special federal income tax, accounting and other considerations may apply and will be described in the prospectus supplement relating to the debt securities. Original Issue Discount Security means any security which provides for an amount less than the principal amount to be due and payable upon acceleration of the maturity due to the occurrence and continuation of an event of default.

Global Securities

The debt securities of each series will be issued in the form of one or more fully registered global debt securities that are registered in the name of The Depository Trust Company, or its nominee, as depository, unless another depository is designated for the debt securities of that series. Unless we state otherwise in a prospectus supplement, debt securities in definitive form will not be issued. Unless and until a global security is exchanged in whole or in part for debt securities in definitive form, it may not be registered for transfer or exchange except as a whole by the depository for that global security to a nominee of the depository.

Upon the issuance of any global security, and its deposit with or on behalf of the depository, the depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by that global security to the accounts of institutions, the participants, that are entitled to the registered global security that have accounts with the depository designated by the underwriters or their agents engaging in any distribution of the debt securities. The depository advises that pursuant to procedures established by it:

Ownership of beneficial interests in a global security will be limited to participants or persons that may hold interests through participants.

Ownership of beneficial interests by participants in a global security will be shown on, and the transfer of the beneficial interests will be effected only through, records maintained by the depositary or by its nominee.

Ownership of beneficial interests in a global security by persons that hold through participants will be shown on, and the transfer of those beneficial interests will be effected only through, records maintained by the participants.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. The foregoing limitations and these laws may impair your ability to own, transfer or pledge beneficial interests in global securities.

As long as the depositary, or its nominee, is the registered owner of a global security, the depositary or its nominee, will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture. Except as specified below, owners of beneficial interests in a global security will not:

be entitled to have their debt securities represented by the global security registered in their names;

receive or be entitled to receive physical delivery of debt securities in certificated form; or

be considered the holders for any purposes under the indenture.

Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of the depositary and, if the person is not a participant, on the procedures of the participant through which that person holds its interest, in order to exercise any rights of a holder of debt securities under the indenture. The depositary may grant proxies and otherwise authorize participants to give or take any request, demand, authorization, direction, notice, consent, waiver or other action which a holder of debt securities is entitled to give or take under the indenture.

We understand that, under existing industry practices, if we request any action of holders of debt securities or any owner of a beneficial interest in a global security desires to give any notice or take any action a holder of debt securities is entitled to give or take under the indenture, the depositary would authorize the participants holding the relevant beneficial interests to give that notice or take that action, and the participants would authorize the beneficial owners owning through them to give the notice or take the action or would otherwise act upon the instructions of the beneficial owners owning through them.

The depositary or a nominee thereof, as holder of record of a global security, will be entitled to receive payments of principal and interest for payment to beneficial owners in accordance with customary procedures established from time to time by the depositary. The agent for the payment, transfer and exchange of the securities is the trustee, acting through its corporate trust office located in the Borough of Manhattan, The City of New York.

We expect that the depositary, upon receipt of any payment of principal or interest in respect of a global security, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a global security held through the participants will be governed by standing instructions and customary practices, and will be the responsibility of the participants. We, the trustee, our agents and the trustee's agents shall not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global security, or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

If we determine that debt securities will no longer be maintained as global securities, or, if at any time an event of default has occurred and is continuing under the indenture, or if the depositary is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered or in good standing under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue debt securities in definitive certificated form in exchange for the registered global securities.

In the event that the book-entry system is discontinued, the following provisions shall apply. The trustee or any successor registrar under the indenture shall keep a register for the debt securities in definitive certificated form at its corporate trust office. Subject to the further conditions contained in the indenture, debt securities in definitive certificated form may be transferred or exchanged for one or more debt securities in different authorized denominations upon surrender of the debt securities at the corporate trust office of the trustee or any successor registrar under the indenture by the registered holders or their duly authorized attorneys. Upon surrender of any debt security to be transferred or exchanged, the trustee or any successor registrar under the indenture shall record the transfer or exchange in the security register and we will issue, and the trustee shall authenticate and deliver, new debt securities in definitive certificated form appropriately registered and in appropriate authorized denominations. The trustee shall be entitled to treat the registered holders of the debt securities in definitive certificated form, as their names appear in the security register as of the appropriate date, as the owners of the debt securities for all purposes under the indenture.

Consolidation, Merger and Sale of Assets

We have agreed not to consolidate or merge with any other person, sell, transfer, lease or otherwise dispose of all or substantially all of our properties and assets as an entirety unless:

we are the surviving person; or

the surviving person is a corporation organized and validly existing under the laws of the United States of America or any U.S. State or the District of Columbia and expressly assumes by a supplemental indenture all of our obligations under the debt securities and under the indenture; and

immediately before and after the transaction or each series of transactions, no default or event of default shall have occurred and be continuing; and

certain other conditions are met.

Upon any such consolidation, merger, sale, transfer, lease or other disposition, the surviving corporation will succeed to, and be substituted for, and may exercise every right and power that we have under the indenture and under the debt securities.

Events of Default

The following are events of default under the indenture with respect to debt securities of any series:

default in the payment of interest on any debt security when due, which continues for 30 days;

default in the payment of principal of any debt security when due;

default in the deposit of any sinking fund payment when due;

default in the performance of any other obligation contained in the indenture, which default continues for 90 days after we receive written notice of it from the trustee or from the holders of 25% in principal amount of the outstanding debt securities of that series;

specified events of bankruptcy, insolvency or reorganization of our company for the benefit of our creditors; or

any other event of default established for the debt securities of that series.

If an event of default for any series of debt securities occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the debt securities of the series may require us to repay immediately:

the entire principal of the debt securities of that series; or

if the debt securities are original issue discount securities, that portion of the principal as may be described in the applicable prospectus supplement.

At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on that acceleration has been obtained, the holders of a majority in principal amount of the debt securities of that series may, under certain circumstances, waive all defaults with respect to that series and rescind and annul the acceleration.

We are required to furnish to the trustee annually an Officer's Certificate as to our compliance with all conditions and covenants under the indenture. We must notify the trustee within five days of any default or event of default.

The indenture provides that the trustee will, within 60 days after the occurrence of a default with respect to the debt securities of any series, give to the holders of the debt securities notice of all defaults. In certain instances, the trustee may withhold that notice if and so long as a responsible officer in good faith determines that withholding the notice is in the interest of the holders of the debt securities. By "default" we mean any event which is, or after notice or passage of time would be, an event of default.

The indenture provides that the holders of a majority in aggregate principal amount of the then outstanding debt securities, by notice to the trustee, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

Subject to the further conditions contained in the indenture, the holders of a majority in aggregate principal amount outstanding of the debt securities of any series may waive, on behalf of the holders of all debt securities of that series, any past default or event of default and its consequences except a default or event of default

in the payment of the principal of, or interest on, any debt security of that series or

in respect of a covenant or provision of such indenture which cannot under the terms of the indenture be amended or modified without the consent of the holder of each outstanding debt security that is adversely affected thereby.

The applicable prospectus supplement will describe any provisions for events of default applicable to the debt securities of any series in addition to, in substitution for, or in modification of, the provisions described above.

Covenants

We have agreed to some restrictions on our activities for the benefit of holders of the debt securities. Unless we state otherwise in a prospectus supplement, the restrictive covenants summarized below will apply so long as any of the debt securities are outstanding, unless the covenants are waived or amended. The prospectus supplement may contain different covenants. We have provided the definitions to define the capitalized words used in describing the covenants.

Definitions

Attributable Debt means with respect to a lease, the total net amount of rent (discounted at a rate per annum equivalent to the interest rate inherent in such lease, as we determine in good faith, compounded semiannually) required to be paid during the remaining term of such lease, including any period for which such lease has been extended or may, at the option of the lessor, be extended.

Consolidated Net Tangible Assets means the total amount of our and our Restricted Subsidiaries' assets (less applicable reserves and other properly deductible items) after deducting (i) all current liabilities (excluding any

liabilities constituting funded debt by reason of being renewable or extendible), (ii) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, (iii) investments in and advances to subsidiaries which are not Restricted Subsidiaries, and (iv) minority interests in the equity of Restricted Subsidiaries.

Funded Debt means all indebtedness for borrowed money maturing more than 12 months after the time of computation thereof, guarantees of such indebtedness of others (except guarantees of collection arising in the ordinary course of business), and all obligations in respect of lease rentals which, under generally accepted accounting principles, are shown on a balance sheet as a non-current liability.

Principal Property means any building, structure or other facility (together with the land on which it is erected and fixtures comprising a part thereof) now owned or hereafter acquired by us or any Restricted Subsidiary and used primarily for manufacturing, processing or warehousing and located in the United States (excluding its territories and possessions, but including Puerto Rico), the gross book value (without deduction of any depreciation reserves) of which is in excess of 2.0% of Consolidated Net Tangible Assets, other than any such building, structure or other facility or portion which, in the opinion of our board of directors, is not of material importance to the total business conducted by us and our Restricted Subsidiaries as an entirety.

Restricted Subsidiary means any subsidiary that substantially all of the property and operations of which are located in the United States (excluding its territories and possessions, but including Puerto Rico), and which owns or leases a Principal Property, except a subsidiary which is primarily engaged in the business of a finance company.

Subsidiary means a corporation more than 50% of the outstanding voting stock of which is owned, directly or indirectly, by us or by one or more other subsidiaries, or by us and by one or more other subsidiaries.

Restrictions on Secured Debt

If we or any Restricted Subsidiary incurs, issues, assumes or guarantees any debt secured by a mortgage on any Principal Property or on any shares of stock or debt of any Restricted Subsidiary, we will secure, or cause such Restricted Subsidiary to secure, the debt securities (and, if we choose, any other debt of ours or that Restricted Subsidiary which is not subordinate to the debt securities) equally and ratably with (or prior to) such secured debt. However, we may incur secured debt without securing this debt, if the aggregate amount of all such debt so secured, together with all our and our Restricted Subsidiaries' **Attributable Debt** in respect of certain sale and leaseback transactions involving Principal Properties, would not exceed 10% of Consolidated Net Tangible Assets. This restriction will not apply to, and we will exclude from our calculation of secured debt for the purposes of this restriction, debt secured by:

mortgages existing on properties on the date of the indenture,

mortgages on properties, shares of stock or debt existing at the time of acquisition (including acquisition through merger or consolidation), purchase money mortgages and construction mortgages,

mortgages on property of, or on any shares of stock or debt of, any corporation existing at the time that corporation becomes a Restricted Subsidiary,

mortgages in favor of Federal and State governmental bodies to secure progress, advance or other payments pursuant to any contract or provision of any statute,

mortgages in favor of us or a Restricted Subsidiary,

mortgages in connection with the issuance of tax-exempt industrial development bonds,

Edgar Filing: BECTON DICKINSON & CO - Form S-3

mortgages under workers' compensation laws, unemployment insurance laws or similar legislation, or deposit bonds to secure statutory obligations (or pledges or deposits for similar purposes in the ordinary course of business), or liens imposed by law and certain other liens or other encumbrances, and

subject to certain limitations, any extension, renewal or replacement of any mortgage referred to in the foregoing clauses.

Restrictions on Sale and Leasebacks

We have agreed that we will not, and we will not permit any of our Restricted Subsidiaries to, enter into any sale and leaseback transaction involving the taking back of a lease, for a period of three or more years, of any Principal Property, the acquisition, completion of construction or commencement of full operation of which has occurred more than 120 days prior thereto, unless:

the commitment to enter into the sale and leaseback transaction was obtained during that 120 day period;

we or our Restricted Subsidiaries could create debt secured by a mortgage on the Principal Property as described under "Restrictions on Secured Debt" above in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities;

within 120 days after the sale or transfer, we designate an amount to the retirement of Funded Debt, subject to credits for voluntary retirements of Funded Debt, equal to the greater of

- (i) the net proceeds of the sale of the Principal Property and
- (ii) the fair market value of the Principal Property, or

we or any Restricted Subsidiary, within a period commencing 180 days prior to and ending 180 days after the sale or transfer, have expended or reasonably expect to expend within such period any monies to acquire or construct any Principal Property or properties in which event we or that Restricted Subsidiary enter into the sale and leaseback transaction, but (unless certain other conditions are met) only to the extent that the Attributable Debt with respect to the sale and leaseback transaction is less than the monies expended or to be expended.

These restrictions will not apply to any sale and leaseback transactions between us and a Restricted Subsidiary or between a Restricted Subsidiary and another Restricted Subsidiary.

Modification and Waiver

Under the indenture we and the trustee may enter into one or more supplemental indentures without the consent of the holders of debt securities in order:

to evidence the succession of another corporation to our company and the assumption of our covenants by that successor,

to provide for a successor trustee with respect to the debt securities of all or any series,

to establish the forms and terms of the debt securities of any series,

to provide for uncertificated or unregistered debt securities, or

to cure any ambiguity or correct any mistake or to make any change that does not materially adversely affect the legal rights of any holder of the debt securities under the indenture.

Edgar Filing: BECTON DICKINSON & CO - Form S-3

We and the trustee may, with the consent of the holders of a majority in principal amount of the outstanding debt securities of each affected series, amend the indenture and the debt securities of any series for the purpose of adding any provisions to or changing or eliminating any provisions of the indenture or modifying the rights of holders of debt securities under the indenture. However, without the consent of each holder of any debt security affected, we may not amend or modify the indenture to:

- change the stated maturity date of any installment of principal of, or interest on, any debt security,
- reduce the principal amount of, or the rate of interest on, any debt security,
- adversely affect the rights of any debt security holder under any mandatory redemption or repurchase provision,
- reduce the amount of principal of an original issue discount security payable upon acceleration of its maturity,
- change the place or currency of payment of principal of, or any premium or interest on, any debt security,
- impair the right to institute suit for the enforcement of any payment or delivery on or with respect to any debt security,
- reduce the percentage in principal amount of debt securities of any series, the consent of whose holders is required to modify or amend the indenture or to waive compliance with certain provisions of the indenture,
- reduce the percentage in principal amount of debt securities of any series, the consent of whose holders is required to waive any past default,
- waive a default in the payment of principal of, or interest on, any debt security, or
- change any of our obligations to maintain offices or agencies where the debt securities may be surrendered for payment, registration or transfer and where notices and demands may be served upon us.

Defeasance and Covenant Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under the indenture. Unless the terms of the debt securities of any series provide otherwise, we may elect either:

- to defease and be discharged from any and all obligations with respect to
 - debt securities of any series payable within one year
 - other debt securities of any series upon the conditions described below or
- to be released from our obligations with respect to covenants described under Covenants above and, if specified in the prospectus supplement, other covenants applicable to the debt securities of any series (covenant defeasance),

upon (or, with respect to defeasance of debt securities payable later than one year from the date of defeasance, on the 91st day after) the deposit with the trustee, in trust for that purpose, of money and/or U.S. Government obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient without reinvestment to pay the principal of and interest on the debt securities.

As a condition to defeasance of any debt securities of any series payable later than one year from the time of defeasance, we must deliver to the trustee an opinion of counsel and/or a ruling of the Internal Revenue Service to

the effect that holders of the debt securities will not recognize income, gain or loss for Federal income tax purposes as a result of that defeasance and will be subject to Federal income tax on the same amount and in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred.

We may exercise either defeasance option with respect to the debt securities of any series notwithstanding our prior exercise of our covenant defeasance option. If we exercise our defeasance option, payment of the debt securities of any series may not be accelerated because of a default or an event of default. If we exercise our covenant defeasance option, payment of the debt securities of any series may not be accelerated by reason of an event of default with respect to the covenants to which the covenant defeasance applies. If acceleration were to occur by reason of another event of default, the realizable value at the acceleration date of the money and U.S. Government obligations in the defeasance trust could be less than the principal and interest then due on the debt securities. In other words, the required deposit in the defeasance trust is based upon scheduled cash flow rather than market value, which will vary depending upon interest rates and other factors. We will, however, remain liable for such payments at the time of the acceleration.

Governing Law

The indenture and the debt securities are governed by and construed in accordance with the laws of the State of New York.

The Trustee

We maintain a banking relationship with the trustee. The trustee also acts as trustee under another of our indentures and under a trust agreement to which we are a party.

DESCRIPTION OF COMMON STOCK

General

We have 640,000,000 shares of authorized common stock, \$1.00 par value per share, of which 254,612,829 shares were outstanding as of February 28, 2003. We have 5,000,000 shares of authorized preferred stock, \$1.00 par value per share, of which 621,343 shares were outstanding as of February 28, 2003.

Holders of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of any funds legally available for dividends. Holders of our common stock are also entitled, upon our liquidation, and after claims of creditors and preferences of preferred stock, and any other class or series of preferred stock outstanding at the time of liquidation, to receive pro rata our net assets. We will pay dividends on our common stock only if we have paid or provided for dividends on our outstanding series of preferred stock for all prior periods.

Our preferred stock has, or upon issuance may have, preference over our common stock with respect to the payment of dividends and the distribution of assets in the event of our liquidation or dissolution. Our preferred stock also has such other preferences as may be fixed by our board of directors.

Holders of our common stock are entitled to one vote for each share that they hold and are vested with all of the voting power except as our board of directors has provided, or may provide in the future, with respect to preferred stock or any other class or series of preferred stock that the board of directors may hereafter authorize. Shares of our common stock are not redeemable and have no subscription, conversion or preemptive rights, other than as described below under **Shareholders Rights Plan**.

Our common stock is listed on the New York Stock Exchange. Outstanding shares of our common stock are validly issued, fully paid and non-assessable. Holders of our common stock are not, and will not be, subject to any liability as stockholders.

Shareholders Rights Plan

On November 28, 1995, we entered into a rights agreement, which we amended and restated on March 28, 2000 and further amended on April 24, 2000. The material provisions of that rights agreement are summarized below. However, since the terms of our rights agreement are complex, this summary may not contain all of the information that is important to you. For more information, you should read the agreement, which has been filed with the SEC. See [Where You Can Find More Information](#) for information on how to obtain a copy.

Under the rights agreement, a right may be exercised, under certain conditions, to purchase one eight-hundredth of a share of a series of our preferred stock at an exercise price of \$67.50, subject to adjustment. The rights become exercisable if a party acquires or obtains the right to acquire 15% or more of our common stock without the approval of our board or after commencement or public announcement of an offer for 15% or more of our common stock. When exercisable, under certain conditions, each right also entitles the holder thereof to purchase shares of our common stock or the common stock of the acquirer, having a market value of two times the then current exercise price of that right.

The rights expire in April 2006, and may be redeemed at a price of \$.01 per right at any time prior to expiration or the acquisition by a party of 15% of our common stock. Under certain circumstances, the rights may be exchanged for common stock after they become exercisable.

In addition to the rights agreement, we currently have the following provisions in our certificate of incorporation which could be considered anti-takeover provisions:

an article providing for a classified board of directors divided into three classes, as nearly equal in number as possible, one of which is elected at each annual meeting of stockholders; and

an article requiring the affirmative vote of 80% of the outstanding shares entitled to vote (voting together as a single class) for certain merger and asset sale transactions with any interested shareholder (generally, a 10% or greater shareholder).

Our certificate of incorporation and bylaws also deny stockholders the right to call a special meeting of stockholders. Our certificate of incorporation and bylaws provide that only the board of directors may call special meetings of the stockholders.

These provisions, in combination with the rights agreement, may have the effect of delaying, deferring or preventing a change in control.

Anti-Takeover Effects of the New Jersey Shareholders Protection Act

We are subject to the provisions of Section 14A-10A of the New Jersey Business Corporation Act, which is known as the New Jersey Shareholders Protection Act. Under the New Jersey Shareholders Protection Act, we are prohibited from engaging in any business combination with any interested shareholder for a period of five years following the time at which that shareholder becomes an interested shareholder unless the business combination is approved by our board of directors before that shareholder became an interested shareholder. Covered business combinations include certain mergers, dispositions of assets or shares and recapitalizations.

An "interested shareholder" is

any person that directly or indirectly beneficially owns 10% or more of the voting power of our outstanding voting stock; or

any of our affiliates or associates (as those terms are defined in the New Jersey Shareholders Protection Act) that directly or indirectly beneficially owned 10% or more of the voting power of our then-outstanding stock at any time within a five-year period immediately prior to the date in question.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is EquiServe Trust Company, N.A.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt securities or common stock. We may offer warrants separately or together with one or more additional warrants, debt securities or common stock, or any combination of those securities in the form of units, as described in the applicable prospectus supplement. If we issue warrants as part of a unit, the prospectus supplement will specify whether those warrants may be separated from the other securities in the unit prior to the warrants' expiration date. Below is a description of the general terms and provisions of the warrants that we may offer. Further terms of the warrants will be described in the prospectus supplement.

The prospectus supplement will contain, where applicable, the following terms of and other information relating to the warrants:

whether the warrants will be issued in fully registered form or bearer form, in definitive or global form or in any combination of these forms, although, in any case, the form of a warrant included in a unit will correspond to the form of the unit and of any security included in that unit;

any applicable material United States federal income tax consequences;

the identity of the warrant agent for the warrants and of any other depositories, execution or paying agents, transfer agents, registrars or other agents;

the proposed listing, if any, of the warrants or any securities purchasable upon exercise of the warrants on any securities exchange;

whether the warrants are to be sold separately or with other securities as parts of units;

if applicable, the designation and terms of the debt securities or common stock with which the warrants are issued and the number of warrants issued with each security;

if applicable, the date from and after which the warrants and the related debt securities or common stock will be separately transferable;

any antidilution provisions of the warrants;

any redemption or call provisions; and

Edgar Filing: BECTON DICKINSON & CO - Form S-3

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

3. commodities.

We may issue purchase contracts obligating holders to purchase from us, and obligating us to sell to holders, a specified or varying number of securities, currencies or commodities at a purchase price, which may be based on a formula, at a future date. Alternatively, we may issue purchase contracts obligating us to purchase from holders, and obligating holders to sell to us, a specified or varying number of securities, currencies or commodities at a purchase price, which may be based on a formula, at a future date. We may be entitled to satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of that purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the prospectus supplement. The prospectus supplement will specify the methods by which the holders may purchase or sell those securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract. The purchase contracts may be entered into separately or as a part of units.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, and these payments may be unsecured or prefunded and may be paid on a current or deferred basis. The purchase contracts may require holders to secure their obligations under the contracts in a specified manner to be described in the prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more purchase contracts, warrants, debt securities, shares of common stock or any combination of these securities. The prospectus supplement will describe:

the terms of the units and of the purchase contracts, warrants, debt securities and common stock comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;

Edgar Filing: BECTON DICKINSON & CO - Form S-3

to the public through one or more underwriters;

through one or more agents; or

directly to purchasers.

The distribution of the securities may be effected from time to time in one or more transactions:

at a fixed price, or prices, which may be changed from time to time;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

Each prospectus supplement will describe the method of distribution of the securities and any applicable restrictions.

The prospectus supplement with respect to the securities of a particular series will describe the terms of the offering of the securities, including the following:

the names of any agents or underwriters;

the public offering or purchase price;

any discounts and commissions to be allowed or paid to any agents or underwriters;

all other items constituting underwriting compensation;

any discounts and commissions to be allowed or paid to dealers; and

any exchanges on which the securities will be listed.

We may agree to enter into an agreement to indemnify the agents and the several underwriters against certain civil liabilities, including liabilities under the Securities Act or to contribute to payments the agents or the underwriters may be required to make.

If so indicated in the applicable prospectus supplement, we may authorize underwriters or other persons acting as our agents to solicit offers by certain institutions to purchase securities from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each contract will be for an amount not less than, and the aggregate amount of securities sold pursuant to such contracts shall not be less nor more than, the respective amounts stated in the prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but shall in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that:

the purchase by an institution of the securities covered under that contract shall not at the time of delivery be prohibited under the laws of the jurisdiction to which that institution is subject; and

Edgar Filing: BECTON DICKINSON & CO - Form S-3

the securities are also being sold to underwriters acting as principals for their own account, the underwriters shall have purchased such securities not sold for delayed delivery. The underwriters and other persons acting as our agents will not have any responsibility in respect of the validity or performance of delayed delivery contracts.

The underwriters and their associates and affiliates may be customers of, have borrowing relationships with, engage in other transactions with, and/or perform services, including investment banking services, for, us or one or more of our affiliates in the ordinary course of business.

BD may enter into derivative or other hedging transactions with financial institutions. These financial institutions may in turn engage in sales of common stock to hedge their position, deliver this prospectus in connection with some or all of those sales and use the shares covered by this prospectus to close out any short position created in connection with those sales. BD may also sell shares of common stock short using this prospectus and deliver common stock covered by this prospectus to close out such short positions, or loan or pledge common stock to financial institutions that in turn may sell the shares of common stock using this prospectus. BD may pledge or grant a security interest in some or all of the common stock covered by this prospectus to support a derivative or hedging position or other obligation and, if BD defaults in the performance of its obligations, the pledgees or secured parties may offer and sell the common stock from time to time pursuant to this prospectus.

One or more firms, referred to as remarketing firms, may also offer or sell the securities, if the prospectus supplement so indicates, in connection with a remarketing arrangement upon their purchase. Remarketing firms will act as principals for their own accounts or as agents for us. These remarketing firms will offer or sell the securities pursuant to the terms of the securities. The prospectus supplement will identify any remarketing firm and the terms of its agreement, if any, with us and will describe the remarketing firm's compensation. Remarketing firms may be deemed to be underwriters in connection with the securities they remarket. Remarketing firms may be entitled to under agreements that may be entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

The securities may be new issues of securities and may have no established trading market. The securities may or may not be listed on a national securities exchange or the Nasdaq National Market. We can make no assurance as to the liquidity of or the existence of trading markets for any of the securities.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) to file, during any period in which offers or sales of the registered securities are being made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, unless the information required to be included in such post-effective amendment is contained in a periodic report filed by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 and incorporated herein by reference;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement, unless the information required to be included in such post-effective amendment is contained in a periodic report filed by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 and incorporated herein by reference. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in this Registration Statement;

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering; and

(4) that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 above, or otherwise, the registrant has been advised that in the opinion

Edgar Filing: BECTON DICKINSON & CO - Form S-3

of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
