**Item 1.01. Entry into a Material Definitive Agreement.**

On March 16, 2010, Chesapeake Utilities Corporation ( Chesapeake or the Company ) entered into a new \$29.1 million credit facility with PNC Bank, N.A. The credit facility, which was structured in the form of a term note, increases the total loan capacity available from PNC Bank, N.A. from \$50 million to \$79.1 million. Advances made by the bank under the term note will bear interest at LIBOR for the applicable period plus 125 basis points or if LIBOR as an index is not available, the Bank's Base Rate (as defined in the term note agreement) plus 225 basis points. The term note is being utilized to refinance Florida Public Utilities Company's 6.85% and 4.90% First Mortgage Bonds that were acquired as part of the merger in October 2009 and then redeemed in January 2010. The Company requested and received an advance of the full amount available under the term note under the LIBOR pricing option. The Company has borrowed under the term note for a nine-month period, with the facility maturing in one year.
