For the 2009 Annual Meeting of Stockholders

to be held on April 30, 2009 at 8:30 a.m.
at the offices of Goodwin Procter LLP, 53 State Street, Boston, MA 02109

March 30, 2009

Proxies in the form enclosed with this Proxy Statement are solicited by the Board of Directors of Insulet Corporation, a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders to be held at 8:30 a.m., local time, on Thursday, April 30, 2009 at the offices of Goodwin Procter LLP, 53 State Street, Boston, MA 02109, or at any adjournments or postponements thereof (the Annual Meeting). An Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2008, is being mailed together with this Proxy Statement to all stockholders entitled to vote at the Annual Meeting. The Annual Report, however, is not a part of the proxy solicitation material.

**Important Notice Regarding the Availability of Proxy Materials for
the Stockholder Meeting to be Held on April 30, 2009**

This Proxy Statement and the Annual Report to Stockholders are available at <http://www.insulet.com/proxy>.

As more fully described in this Proxy Statement, the purposes of the Annual Meeting are to:

- (i) elect two (2) Class II directors nominated by the Board of Directors, each to serve for a three-year term and until his successor has been duly elected and qualified or until his earlier resignation or removal;

(ii) ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009; and

(iii) consider and vote upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Proposal 1 relates solely to the election of two (2) Class II directors nominated by the Board of Directors and does not include any other matters relating to the election of directors, including without limitation, the election of directors nominated by any stockholder of the Company.

Only stockholders of record at the close of business on March 20, 2009 (the Record Date) will be entitled to receive notice of and to vote at the Annual Meeting. As of that date, 27,838,966 shares of common stock, par value \$0.001 per share, of the Company (the Common Stock) were issued and outstanding, and there were 49 stockholders of record. The holders of Common Stock are entitled to one vote per share on any proposal presented at the Annual Meeting. You may vote in one of the following three ways whether or not you plan to attend the Annual Meeting: (1) by completing, signing and dating the accompanying proxy card and returning it in the postage-prepaid envelope enclosed for that purpose, (2) by completing your proxy using the toll-free telephone number listed on the proxy card, or (3) by completing your proxy on the Internet at the address listed on the proxy card. Votes made by phone or on the Internet must be received by 11:59 p.m., local time, on April 29, 2009. If you attend the Annual Meeting, you may vote in person even if you have previously returned your proxy card or completed your proxy by phone or on the Internet.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (a) filing with the Secretary of the Company, before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (b) duly completing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company

Table of Contents

before the taking of the vote at the Annual Meeting, or (c) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Insulet Corporation, 9 Oak Park Drive, Bedford, Massachusetts 01730, Attention: Secretary, before the taking of the vote at the Annual Meeting.

The representation in person or by proxy of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the Annual Meeting. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal but does not vote on another proposal because, with respect to such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

For Proposal 1, the election of Class II directors, the nominees receiving the highest number of affirmative votes of the shares present or represented by proxy and entitled to vote on such matter at the Annual Meeting shall be elected as directors. For Proposal 2, the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009, an affirmative vote of a majority of the shares present, in person or represented by proxy, and voting on each such matter is required for approval. Abstentions are included in the number of shares present or represented and voting on each matter. Broker non-votes are not considered voted for the particular matter and have the effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

The persons named as attorneys-in-fact in the proxies, Duane DeSisto and R. Anthony Diehl, were selected by the Board of Directors and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted by such persons at the Annual Meeting. Where a choice has been specified on the proxy with respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications. If no such specifications are indicated, such proxies will be voted **FOR** the election of the director nominees and **FOR** the ratification of the appointment of Ernst & Young LLP.

Aside from the election of directors and ratification of the appointment of Ernst & Young LLP, the Board of Directors knows of no other matters to be presented at the Annual Meeting. If any other matter should be presented at the Annual Meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as attorneys-in-fact in the proxies.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Board of Directors currently consists of eight members. The Company's certificate of incorporation divides the Board of Directors into three classes. One class is elected each year for a term of three years. The Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Ross Jaffe, M.D. and Charles Lianos and recommends that each be elected to the Board of Directors as a Class II director, each to hold office until the Annual Meeting of Stockholders to be held in the year 2012 and until his successor has been duly elected and qualified or until the earlier of his death, resignation or removal. Dr. Jaffe and Mr. Lianos are currently Class II directors whose terms expire at this Annual Meeting. Gary Eichhorn, who currently serves as a Class II director, was not nominated by the Board of Directors to serve an additional term.

The Board of Directors is also composed of (i) two Class III directors (Duane DeSisto and Steven Sobieski), whose terms expire upon the election and qualification of directors at the Annual Meeting of Stockholders to be held in 2010; and (ii) three Class I directors (Regina Sommer, Joseph Zakrzewski and Sally Crawford), whose terms expire upon the election and qualification of directors at the Annual Meeting of Stockholders to be held in 2011.

The Board of Directors knows of no reason why any of the nominees would be unable or unwilling to serve, but if any nominee should for any reason be unable or unwilling to serve, the proxies will be voted for the election of such other person for the office of director as the Board of Directors may recommend in the place of such nominee. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below.

Vote Required For Approval

A quorum being present, the nominees receiving the highest number of affirmative votes of the shares present or represented by proxy and entitled to vote on such matter at the Annual Meeting shall be elected as directors.

Table of Contents

Independence of Members of the Board of Directors

The Board of Directors and the Nominating and Corporate Governance Committee have determined that each of our director nominees (Dr. Jaffe and Mr. Liamos) and each of our non-management directors (Ms. Crawford, Mr. Sobieski, Ms. Sommer and Mr. Zakrzewski) are independent within the meaning of the director independence standards of both Nasdaq and the SEC, including Rule 10A-3(b)(1) under the Exchange Act.

Executive Sessions of Independent Directors

Non-management members of the Board of Directors meet without the employee director of the Company following most regularly scheduled in-person meetings of the Board of Directors. These executive sessions include only those directors who meet the independence requirements promulgated by Nasdaq, and Dr. Jaffe has been responsible for chairing these executive sessions.

Audit Committee

The Audit Committee of the Board of Directors currently consists of Charles Liamos, Steven Sobieski and Regina Sommer. Mr. Sobieski is the Chairman of the Audit Committee. The Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by The Nasdaq Stock Market, Inc. (Nasdaq) and the Securities and Exchange Commission (SEC), including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act). In addition, the Board of Directors has determined that each member of the Audit Committee is financially literate and qualifies as an audit committee financial expert under the rules of the SEC. Stockholders should understand that this designation is a disclosure requirement of the SEC related to the experience and understanding of the Audit Committee members with respect to certain accounting and auditing matters. The designation does not impose upon them any duties, obligations or liabilities that are greater than those generally imposed on members of the Audit Committee and the Board of Directors, and designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any member of the Audit Committee or the Board of Directors.

The purposes of the Audit Committee are to, among other functions, oversee our accounting and financial reporting processes and the audits of our financial statements, and take, or recommend that our Board of Directors take, appropriate action to oversee the qualifications, independence and performance of our independent auditors. The Audit Committee is also responsible for preparing the Audit Committee Report for inclusion in this and subsequent proxy statements in accordance with applicable rules and regulations.

The Audit Committee met nine times during the year ended December 31, 2008. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is included as Appendix A to this Proxy Statement and is also available at the Corporate Governance section of the Company's website at <http://www.insulet.com>.

Compensation Committee

The Compensation Committee currently consists of Sally Crawford, Gary Eichhorn, Ross Jaffe, M.D. and Joseph Zakrzewski. Ms. Crawford is the Chairperson of the Compensation Committee. The Board of Directors has determined that each member of the Compensation Committee meets the independence requirements promulgated by Nasdaq. The purposes of the Compensation Committee are to, among other functions, discharge our Board of Directors' responsibilities relating to compensation of our directors and executives, oversee our overall compensation programs and prepare the Compensation Committee Report required to be included in this Proxy Statement. See the section entitled Executive and Director Compensation for a more detailed description of the policies and procedures of

the Compensation Committee.

The Compensation Committee met ten times during the year ended December 31, 2008, and took action by unanimous written consent twice. The Compensation Committee operates under a written charter adopted

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board of Directors currently consists of Gary Eichhorn, Ross Jaffe, M.D. and Regina Sommer. Dr. Jaffe is the Chairman of the Nominating and Corporate Governance Committee. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee meets the independence requirements promulgated by Nasdaq. The purposes of the Nominating and Corporate Governance Committee are to, among other functions, identify individuals qualified to become board members, recommend that our board of directors select the director nominees for election at each annual meeting of stockholders and periodically review and recommend to our board of directors any changes to our corporate governance guidelines.

The Nominating and Corporate Governance Committee met eight times during the year ended December 31, 2008, and took action by unanimous written consent twice. Policies Governing Director Nominations

Director Qualifications

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for reviewing with the Board of Directors from time to time the appropriate qualities, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and current make-up of the Board of Directors. The Nominating and Corporate Governance Committee must be satisfied that each committee-recommended nominee shall have high personal and professional integrity, demonstrated exceptional ability and judgment, a broad experience base or an area of particular expertise or experience that is important to the long-term success of the Company, a

background that is complementary to that of existing directors so as to provide management and the Board with a diversity and freshness of views, a level of self-confidence and articulateness to participate effectively and cooperatively in Board discussions, the willingness and ability to devote the necessary time and effort to perform the duties and responsibilities of Board membership, and the experience and ability to bring informed, thoughtful and well-considered opinions for the benefit of all stockholders to the Board and management. In addition to these minimum qualifications, the Nominating and Corporate Governance Committee will recommend that the Board of Directors select persons for nomination to help ensure that a majority of the Board of Directors shall be independent, in accordance with the standards

Table of Contents

established by Nasdaq, that at least one member of the Audit Committee shall have such experience, education and other qualifications necessary to qualify as an audit committee financial expert, as defined by SEC rules, each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee shall be comprised entirely of independent directors, and each member of the Audit Committee is able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement.. Finally, in addition to any other standards the Nominating and Corporate Governance Committee may deem appropriate from time to time for the overall structure and composition of the Board of Directors, the Nominating and Corporate Governance Committee may consider whether a nominee has direct experience in the industry or in the markets in which the Company operates.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for approving nominees to the Board. Generally, the Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by members of the Board of Directors, stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, detailed questionnaires, background checks or any other means that the Nominating and Corporate Governance Committee deems to be helpful in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board of Directors' approval as director nominees for election to the Board of Directors. The Nominating and Corporate Governance Committee also recommends candidates to the Board of Directors for appointment to the committees of the Board of Directors.

Procedures for Recommendation of Director Nominees by Stockholders

The Nominating and Corporate Governance Committee will consider director nominee candidates who are recommended by stockholders of the Company. Stockholders, in submitting recommendations to the Nominating and Corporate Governance Committee for director nominee candidates, must follow the following procedures:

Once the Nominating and Corporate Governance Committee receives the nomination of a candidate and the candidate has complied with the minimum procedural requirements above, such candidacy will be evaluated and a recommendation with respect to such candidate will be delivered to the Board of Directors. In addition to these procedures for recommending a director nominee to the Nominating and Corporate Governance Committee, a stockholder may propose an individual for election to the Board of Directors in accordance with the Company's By-Laws, as described in the "Stockholder Proposals" section of this Proxy Statement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and holders of more than 10% of the Company's Common Stock (collectively, "Reporting Persons") to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock of the Company. Such persons are required by regulations of the SEC to furnish the Company with copies of all such filings. The Company became subject to Section 16(a) reporting obligations on May 14, 2007, upon the SEC declaring the registration statement for our initial public offering effective. Based on its review of the copies of such filings received by it from January 1, 2008 to the present, the Company believes that no Reporting Person filed a late report during the most recent fiscal year, except for: (a) a report by Shawna Gvazdauskas with respect to an option grant on January 1, 2008 for 80,789 shares of the Company's Common Stock, which omission was discovered by the Company later in January 2008 and a report was immediately filed; and (b) a report by Sally Crawford with respect to an option grant on October 29, 2008 for 9,520 shares of the Company's Common Stock, which omission was discovered by the Company in January 2009 and a report was immediately filed.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

We provide what we believe is a competitive total compensation opportunity to our executive management team through a combination of base salary, cash incentive bonuses, long-term equity incentive compensation and broad-based benefits programs. For each individual, the amount of pay that is actually realized will be primarily driven by the performance of the company and each individual. We believe this construct is a key underpinning of our pay for performance philosophy.

This Compensation Discussion and Analysis explains the following as they relate to 2008:

our compensation objectives

our executive compensation process

our company policies, practices, and actions with respect to each compensation element

Included in each of the above will be the rationale for compensation decisions made in 2008 with respect to our Chief Executive Officer, our Chief Financial Officer and the other three most highly-compensated executive officers during 2008 as determined in accordance with applicable SEC rules, which are collectively referred to as the named executive officers.

Objectives of Our Executive Compensation Programs

Our compensation programs for our named executive officers are designed to achieve the following objectives:

attract and retain talented and experienced executives in the highly competitive and dynamic medical device industry;

motivate and reward executives whose knowledge, skills and performance are critical to our success;

align the interests of our executives and stockholders by motivating executives to increase stockholder value and rewarding executives when stockholder value increases;

provide a competitive compensation opportunity in which a significant portion of actual realized pay is determined by company and individual results and the creation of stockholder value;

ensure fairness among the executive management team by recognizing the contributions each executive makes to our success;

foster a shared commitment among executives by coordinating their company and individual goals; and

motivate our executives to manage our business to meet our short- and long-term objectives, and reward them for meeting these objectives.

Our Executive Compensation Process

The Compensation Committee of our Board of Directors is primarily responsible for determining compensation for our executives. The Board of Directors has determined that each member of the Compensation Committee is independent as that term is defined in the applicable Nasdaq rules. In addition, each member of the Compensation Committee is an outside director as defined in Section 162(m) of the Internal Revenue Code and a non-employee director as defined under the Section 16 of the Exchange Act.

Our Compensation Committee has engaged an independent compensation consultant, Watson Wyatt Worldwide. Watson Wyatt's role is to assist the Committee in reviewing the Company's executive compensation programs and practices from a market perspective. Their involvement is generally to provide market assessments on compensation levels and programs, as well as provide opinion and commentary with respect to proposed actions or changes. We expect to continue to rely on our independent compensation consultant and

Table of Contents

other more formal market data regarding comparable companies executive compensation programs and amounts in determining executive compensation.

In connection with its market assessments, Watson Wyatt, with input from the Compensation Committee, developed a comparison group for 2008. Peer companies were identified based on industry comparability, annual revenue, market value, employee size, total shareholder return and development stage. The 2008 group consisted of the following companies: Adeza Biomedical Corporation, Abaxis, Inc., Abiomed, Inc., DexCom, Inc., Cholestech Corporation, Cutera, Inc., Foxhollow Technologies Inc., I-Flow Corporation, Intralase Corp., Micrus Endovascular Corporation, NeuroMetrix, Inc., NxStage Medical, Inc., Quidel Corporation, Stereotaxis, Inc., and Zoll Medical Corporation.

In addition, our Compensation Committee reviews, among other things:

the past compensation levels of each of our executives and of our executives as a group;

current compensation for consistency with benchmarks, previous compensation decisions and our overall compensation philosophy;

relative compensation levels among our executives;

existing levels of stock and option ownership among our executives, previous grants of stock options to our executives and vesting schedules of previously granted options to ensure executive retention and alignment with stockholder interests;

the basis for management recommendations and general trends in executive compensation; and

our cash incentive bonuses to ensure a proper link to the company's overall performance.

The general process the Compensation Committee undertakes is to review the recommendations of our Chief Executive Officer with respect to our named executive officers, excluding himself, and then make an independent decision. The Compensation Committee bases its performance assessment on a number of subjective and objective factors, including the achievement of pre-established company and individual goals.

Our Executive Compensation Programs

Our executive compensation primarily consists of base salary, cash incentive bonuses, long-term equity incentive compensation and broad-based benefits programs. Overall, we designed our executive compensation programs to achieve the objectives described above. In particular, consistent with the significant emphasis we place on performance-based incentive compensation, short- and long-term incentive compensation constitutes a significant portion of our total executive compensation opportunity.

Within the context of the overall objectives of our compensation programs, we determined the specific amounts of compensation, both target and realized, for each of our executives in 2008 based on a number of factors including:

our understanding of the amount of compensation paid by our peer companies to their executives with similar roles and responsibilities;

our executives' performance during 2008 in general and as measured against predetermined performance goals;

the roles and responsibilities of our executives;

the individual experience and skills of, and expected contributions from, our executives;
the amounts of compensation being paid to our other executives;
our executives' historical compensation at our company; and
any contractual commitments we have made to our executives regarding compensation.

Table of Contents

Each of the primary elements of our executive compensation is discussed in detail below, including a description of the particular element and how it fits into our overall executive compensation and a discussion of the amounts of compensation paid to our named executive officers in 2008 under each of these elements. In the descriptions below, we highlight particular compensation objectives that we have designed specific elements of our executive compensation program to address; however, it should be noted that we have designed the specific elements of our compensation programs to complement each other and collectively serve all of our executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that each element of our executive compensation program to a greater or lesser extent serves each of our objectives.

Base Salary

We pay our executives a base salary, which we review and determine annually. We believe that a competitive base salary is a necessary element of any compensation program that is designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can motivate and reward executives for their overall performance. Base salaries are generally established in part based on the executive's experience, skills and expected contributions during the coming year as well as our executive's performance during the prior year.

In 2008, we increased the base salaries of our named executive officers as follows: Mr. DeSisto's base salary increased from \$325,000 to \$375,000 per year, Mr. Boess's base salary increased from \$282,000 to \$285,000 per year, Mr. Malavé's base salary increased from \$275,000 to \$285,000 per year, Ms. Gvazdauskas's base salary increased from \$227,000 to \$275,000 per year and Mr. Boesgaard's base salary increased from \$195,000 to \$210,000 per year. Mr. DeSisto's base salary was increased in order to remain competitive based on our review of market data and maintain a base salary structure among our executives that, in our judgment, appropriately reflects their respective roles and responsibilities. Ms. Gvazdauskas received an increase as a result of a promotion from Vice President of Sales to Senior Vice President of Sales and Marketing in January 2008.

Cash Incentive Bonuses

Consistent with our emphasis on performance-based incentive compensation programs, our executives are eligible to receive cash incentive bonuses primarily based upon their performance as measured against predetermined incentive goals established by us, including financial measures and the achievement of specific strategic objectives. We establish the target amount of our cash incentive bonuses at a level that represents a meaningful portion of our executives' currently paid out cash compensation, and set additional threshold and maximum performance levels below and above these target levels. In establishing these levels, in addition to considering the incentives that we want to provide to our executives, we also consider target bonus levels for comparable positions at our peer competitor companies, our historical practices and any contractual commitments that we have relating to executive bonuses.

In 2008, we increased our named executive officer's target bonus compensation as a percentage of base salary as follows: Mr. DeSisto's target bonus was increased from 25% in 2007 to 60% for 2008; Mr. Boess's target bonus was increased from 25% in 2007 to 45% in 2008; Mr. Malavé's target bonus was increased from 25% in 2007 to 45% in 2008; Ms. Gvazdauskas's target bonus was increased from 20% in 2007 to 100% in 2008; and Mr. Boesgaard's target bonus was increased from 25% in 2007 to 30% in 2008.

A specified percentage of the cash incentive bonus was payable based on the achievement of each of the different performance goals, and generally, for each goal, the executive had the ability to earn between 50% and 125% of the target bonus amount. Except for Ms. Gvazdauskas's bonus, which was paid in an incremental basis as described below, each of our named executive officers' bonuses were measured and paid on an annual basis

Overall, the targets for the performance measures were set at levels that we believed to be achievable with strong performance by our executives. Although we cannot always predict the different events that will impact our business during an upcoming year, we set our performance goals for the target amount of cash

Table of Contents

incentive bonuses at levels that we believe will be achieved by our executives during years of strong performance. Our maximum and threshold levels for these performance goals are determined in relation to our target levels, are intended to provide for correspondingly greater or lesser incentives in the event that performance is within a specified range above or below the target level, and are correspondingly easier or harder to achieve. We set the performance goals for the maximum amount at a level that we believe will be achieved in some years, but will not be achieved a majority of the time.

Our cash incentive bonuses are designed to motivate and reward our named executive officers for meeting our short-term objectively-determinable company and individual goals. The objective company goals for each of our named executive officers, except Ms. Gvazdauskas, consists of a combination of: (1) the company achieving a specified annual revenue target; (2) the company achieving a specified annual level of earnings before income tax and depreciation (EBIT); and (3) the company achieving an annual customer retention rate above a specified threshold. In addition, we believe that there are important aspects of executive performance that are not capable of being specifically quantified in a predetermined incentive goal. Thus, for certain executives, a portion of their cash incentive bonuses are based on the achievement of subjective management objectives specifically set for each officer and measured annually. Accordingly, in 2008, we reserved a portion of Mr. DeSisto's and Mr. Boess's cash incentive bonus to be paid at the discretion of our Board of Directors based on their achievement of these subjective management objectives.

For 2008, the mix of objective company goals, objective individual goals and subjective individual goals for each of our named executive officers is set forth in the table below:

	Objective Company Goals	Objective Individual Goals	Subjective Individual Goals
Duane DeSisto	30% Revenue 30% EBIT		15%
Carsten Boess	25% Retention Rate 20% Revenue 20% EBIT		20%
Luis Malavé (1)	20% Retention Rate 20% Cash Level 20% Revenue 25% EBIT	30%	
Shawna Gvazdauskas (2)	25% Retention Rate 80% Revenue	20%	
Lars Boesgaard (3)	20% Revenue 20% EBIT 20% Retention Rate	40%	

(1) For 2008, Mr. Malavé's objective individual goal was based on the achievement of a specified cost of goods sold target, which reflects the importance to our business of improving profit margins on the production of OmniPods.

(2) Payment of the objective company goal portion of Ms. Gvazdauskas's cash incentive bonus was measured and paid based on her achievement of certain revenue milestones for the first half of 2008, the third quarter of 2008 and the fourth quarter of 2008. For 2008, Ms. Gvazdauskas's objective individual goal consisted of the achievement of

specified quarterly budgeted expense limits which were measured and paid on a quarterly basis.

- (3) For 2008, Mr. Boesgaard's objective individual goal consisted of the achievement of compliance with the Sarbanes-Oxley Act of 2002, as evidenced by the receipt by an unqualified opinion on the Company's internal control over financial procedures as of December 31, 2008.

With respect to Ms. Gvazdauskas's objective company goal, our Compensation Committee determined that she achieved her corporate revenue milestone for only one period and so she was entitled to a payout of \$33,000, which amount was paid in July 2008. With respect to Ms. Gvazdauskas's objective individual goal,

Table of Contents

our Compensation Committee determined that she met each of the budgeted expense limit milestones and therefore was entitled to receive a total of \$55,000, or 100% of her individual goal.

Except for Ms. Gvazdauskas, the achievement level of each of the objective and subjective goals for our named executive officers was measured after the end of fiscal 2008. At a meeting held on February 26, 2009, the Compensation Committee determined that, for 2008, with respect to the company goals, the customer retention rate and cash level target goals were attained, but neither the reported revenue target nor the earnings before income tax and depreciation target were attained. Based on these attainment levels, the Compensation Committee determined that each of the named executive officers, except Ms. Gvazdauskas, was entitled to receive 100% of the targeted pay out for achievement of the customer retention rate, if applicable, 0% of the target pay out for the revenue and EBIT targets, and 100% of the target pay out for the cash level targets, if applicable. In addition, the Compensation Committee determined that Mr. Boesgaard met his objective individual goal and was therefore entitled to receive 100% of his targeted payout.

As a result, the named executive officers received the following cash incentive bonuses for 2008:

	Cash Incentive Bonus Amount for:			
	Objective Company Goals	Objective Individual Goals	Subjective Individual Goals	Total
Duane DeSisto	\$ 56,250	N/A	\$ 0	\$ 56,250
Carsten Boess	\$ 51,300	N/A	\$ 0	\$ 51,300
Luis Malavé	\$ 32,063	\$ 0	N/A	\$ 32,063
Shawna Gvazdauskas	\$ 33,000	\$ 55,000	N/A	\$ 88,000
Lars Boesgaard	\$ 12,600	\$ 25,200	N/A	\$ 37,800

Long-Term Equity Incentive Compensation

We grant long-term equity incentive awards in the form of stock options to executives as part of our total compensation package. Consistent with our emphasis on performance-based incentive compensation, these awards represent a significant portion of total executive compensation. We use long-term equity incentive awards in order to align the interests of our executives and our stockholders by providing our executives with strong incentives to increase stockholder value and a significant reward for doing so. Based on the relatively early stage of our company's development and the incentives we are trying to provide to our executives, we have chosen to use stock options, which derive value exclusively from increases in stockholder value, as opposed to restricted stock or other forms of equity awards. Our decisions regarding the amount and type of long-term equity incentive compensation and relative weighting of these awards among total executive compensation have also been based on our understanding of market practices of similarly situated companies and our negotiations with our executives in connection with their initial employment or promotion by our company.

Stock option awards provide our executive officers with the right to purchase shares of our common stock at a fixed exercise price typically for a period of up to ten years, subject to continued employment with our company. Stock options are earned on the basis of continued service to us and have generally vested over four years, beginning with one-fourth vesting one year after the date of grant, then pro-rata vesting monthly or quarterly thereafter. Prior to our initial public offering, all stock option awards were made pursuant to our 2000 Stock Option and Incentive Plan. Following the closing of our initial public offering in May 2007, option awards have generally been made pursuant to

our 2007 Stock Option and Incentive Plan. See Potential Payments Upon Termination or Change-in-Control for a discussion of the change-in-control provisions related to stock options.

The exercise price of each stock option granted under our 2000 Stock Option and Incentive Plan or our 2007 Stock Option and Incentive Plan is based on the fair market value of our common stock on the grant date. Leading up to our initial public offering, the fair market value of our common stock for purposes of determining the exercise price of stock options was determined by our board of directors based on independent appraisals by an outside valuation consultant. Since our initial public offering, all stock options continue to be granted with an exercise price equal to the fair market value of our common stock on the date

Table of Contents

of grant, but fair market value is defined as the closing market price of a share of our common stock on the date of grant. We do not have any program, plan or practice of setting the exercise price based on a date or price other than the fair market value of our common stock on the grant date.

We have generally granted all of our stock options to executives as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended, subject to the volume limitations contained in the Internal Revenue Code. Generally, for stock options that do not qualify as incentive stock options, we are entitled to a tax deduction in the year in which the stock options are exercised equal to the spread between the exercise price and the fair market value of the stock for which the stock option was exercised. The holders of the stock options are generally taxed on this same amount in the year of exercise. For stock options that qualify as incentive stock options, we do not receive a tax deduction and the holder of the stock option may receive more favorable tax treatment than he or she would for a non-qualified stock option. Historically, we have granted primarily incentive stock options in order to provide these potential tax benefits to our executives, particularly given the limited expected benefits to our company of the tax deductions as a result of our historical net losses.

We have made grants to our named executive officers on a periodic, but not necessarily annual, basis. In 2008, we considered a number of factors in determining what, if any, stock options to grant to our executives, including:

the number of shares subject to, and exercise price of, outstanding options, both vested and unvested, held by our executives;

the vesting schedule of the unvested stock options held by our executives; and

the amount and percentage of our total equity on a diluted basis held by our executives.

In 2008, we made two grants to Mr. DeSisto. On March 12, 2008, we granted Mr. DeSisto options to purchase 50,000 shares of our common stock at an exercise price of \$15.09. On May 8, 2008, we granted Mr. DeSisto options to purchase 25,000 shares of our common stock at an exercise price of \$18.75. In addition, in 2008, we granted Mr. Boess options to purchase 40,000 shares of our common stock, Mr. Malavé options to purchase 50,000 shares of our common stock, and Mr. Boesgaard options to purchase 15,000 shares of our common stock, in each case at an exercise price of \$15.09 per share. Upon her promotion, we also granted Ms. Gvazdauskas options to purchase 80,789 shares of our common stock at an exercise price of \$23.48.

Broad-Based Benefits Programs

All full-time employees, including our named executive officers, may participate in our health and welfare benefit programs, including medical and dental care coverage, disability insurance and life insurance, employee stock purchase plan and our 401(k) plan.

Severance and Change in Control Programs

During 2008, all pre-existing employment agreements with our named executive officers expired, or were terminated, and were replaced on May 8, 2008 with the Executive Severance Plan, which was amended and restated on November 14, 2008. The Amended and Restated Executive Severance Plan applies to all executives. The Amended and Restated Executive Severance Plan provides for certain severance and change of control benefits to officers of the company. For a detailed description of these potential payments, see the section below entitled Potential Payments Upon Termination or Change-in-Control.

Conclusion

The Compensation Committee is satisfied that the executive officers of the Company are dedicated to achieving significant improvements in the long-term financial performance of the Company and that the compensation policies and programs implemented and administered have contributed and will continue to contribute towards achieving that goal.

Discussion of Summary Compensation and Grants of Plan-Based Awards Tables

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the Grants of Plan Based Awards Table was paid or awarded, are described above under Compensation Discussion and Analysis. A summary of certain material terms of our compensation plans and arrangements is set forth below.

Employment Agreements

As of June 1, 2008, our employment agreements with Duane DeSisto, our President and Chief Executive Officer, and Carsten Boess, our Chief Financial Officer, had expired or been terminated. On May 8, 2008 we enacted the Executive Severance Plan which was amended and restated on November 14, 2008. The Amended and Restated Executive Severance Plan applies to all executives. The following is a description of the material terms of our Amended and Restated Executive Severance Plan.

Amended and Restated Executive Severance Plan. All named executive officers of the Company are provided the benefit of the Amended and Restated Executive Severance Plan. In the event that any of our named executive officers employment is terminated by us without cause, for good reason or as a result of a change in control, as defined by the Amended and Restated Executive Severance Plan they will be entitled to twelve months of their base salary with the exception of Mr. DeSisto who will be entitled to twenty-four months of his base salary. If the named executive officer's employment is terminated prior to a change of control, such amounts are payable over twelve months

(twenty-four months in the case of Mr. DeSisto). If the named executive officer's employment is terminated after a change of control, such amounts are payable in a lump sum. Additionally, these named executive officers will be entitled to a pro-rata bonus, continued health, dental and life insurance coverage, reimbursement for outplacement services not to exceed \$15,000 provided that such expenses are incurred by the executive within twelve months of the termination, and payment for any accrued unused vacation time. Notwithstanding the foregoing, our obligation to make these severance payments to any of these named executive officers is subject to the executive's delivery of a release of claims in favor of the Company and that executive's continued compliance with the confidentiality, non-compete and non-solicitation obligations under his or her non-competition and non-solicitation agreement and employee non-disclosure and developments agreement with us.

In the instance that the termination occurs within twelve months after the effective date of a change in control, all outstanding stock options and other stock-based awards held by the executive will accelerate to become fully exercisable or nonforfeitable as of the executive's termination date.

Table of Contents

Each of our named executive officers has entered into a non-competition and non-solicitation agreement and an employee non-disclosure and developments agreement with us, which provide for protection of our confidential information, assignment to us of intellectual property developed by our executives and non-compete and non-solicitation obligations that are effective while the executive is employed by us and for a period of twelve months thereafter.

Cash Incentive Bonuses

In 2008, we established target cash incentive bonuses for each of our named executive officers as a percentage of that executive's base salary, as follows: Mr. DeSisto 60%; Mr. Boess 45%; Mr. Malavé 45%; Ms. Gvazdauskas 100%; and Mr. Boesgaard 30%. Any bonus amounts paid based on the achievement of subjective management objectives are reported as Bonus in the Summary Compensation Table. The remainder of the bonuses were paid based on the executives' achievement of a number of objective company and individual performance goals, as described above under Our Executive Compensation Programs Cash Incentive Bonuses. Generally, for each goal, the executive had the ability to earn between 50% and 125% of the target bonus amount based on the level of achievement of that goal. The bonuses paid upon the achievement of these predetermined performance goals are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table and are described in detail above under Our Executive Compensation Programs Cash Incentive Bonuses.

Additionally, in the 2008 Grants of Plan-Based Awards table, the Estimated Possible Payouts under Non-Equity Incentive Plan Awards column for each of the executives relates to the portion of our cash incentive bonuses that was payable upon the achievement of these predetermined performance goals. The threshold payouts represent the payout that would have been received if each performance goal was met at the minimum level, the target represents the payout that would have been received if each performance goal was met at the target level and the maximum represents the payout that would have been received if each performance goal was met at the maximum level.

2008 Stock Option Grants

In 2008, we made two grants to Mr. DeSisto. On March 12, 2008, we granted Mr. DeSisto options to purchase 50,000 shares of our common stock at an exercise price of \$15.09. On May 8, 2008, we granted Mr. DeSisto options to purchase 25,000 shares of our common stock at an exercise price of \$18.75. In addition, in 2008, we granted Mr. Boess options to purchase 40,000 shares of our common stock, Mr. Malavé options to purchase 50,000 shares of our common stock, and Mr. Boesgaard options to purchase 15,000 shares of our common stock, in each case at an exercise price of \$15.09 per share. Upon her promotion, we also granted Ms. Gvazdauskas options to purchase 80,789 shares of our common stock at an exercise price of \$23.48.

These stock options have a term of ten years and may be exercised at any time after they vest and prior to their expiration for all or a portion of such option shares. These stock options vest over four years with 25% of the total award vesting after one year and the remainder vesting in equal quarterly installments each quarter thereafter for twelve quarters. Vesting of these stock options is also subject to acceleration in connection with a change-in-control as described in Potential Payments Upon Termination or Change-in-Control.

2000 Stock Option and Incentive Plan

Our 2000 Stock Option and Incentive Plan was initially adopted by our board of directors and approved by our stockholders in October 2000. Following our initial public offering in May 2007, no additional grants have been or will be made under our 2000 Stock Option and Incentive Plan.

As a matter of practice, most stock options issued under our 2000 Stock Option and Incentive Plan have been issued as incentive stock options, subject to the volume limitations contained in the Internal Revenue Code, and subject to a four-year vesting period, with 25% of the total award vesting after one year and the remainder vesting in equal monthly installments each month thereafter for 36 months. Additionally, most of

Table of Contents

the stock options granted under our 2000 Stock Option and Incentive Plan, including all stock options issued prior to December 20, 2006, allow for the exercise of unvested options at any time after the options were issued, provided that the vesting terms will continue to apply to the shares acquired upon such an exercise and any unvested shares will be subject to repurchase by us at the exercise price paid to acquire the shares. After termination of an optionee, he or she may exercise his or her vested options for the period of time stated in the stock option agreement issued under our 2000 Stock Option and Incentive Plan. Generally, if termination is due to death or disability, the vested option will remain exercisable for 180 days; if termination is for cause, the option may no longer be exercised; and, in all other cases, the vested options will remain exercisable for three months. In addition, each stock option we have granted under our 2000 Stock Option and Incentive Plan generally expires ten years after the issuance of such option, regardless of whether the optionee has been terminated.

2007 Stock Option and Incentive Plan

Background. Our 2007 Stock Option and Incentive Plan was adopted by our board of directors and approved by our stockholders in April 2007. At the annual meeting of stockholder held on May 8, 2008, our stockholders approved an amendment to our 2007 Stock Option and Incentive Plan to increase the aggregate number of shares of our common stock authorized for issuance by 600,000.

Administration. Our Compensation Committee of our board of directors is responsible for administering our 2007 Stock Option and Incentive Plan. Under our 2007 Stock Option and Incentive Plan, the plan administrator has the power to determine the terms of the awards, including the officers, employees, non-employee directors and key persons (including consultants and prospective employees) who will receive awards, the exercise price, the number of shares subject to each award, the vesting schedule and exercisability of awards and the form of consideration payable upon exercise of an option.

Eligibility. All of our officers, employees, non-employee directors and key persons (including consultants and prospective employees) are eligible to be granted awards under our 2007 Stock Option and Incentive Plan.

Number of Shares Available for Issuance. The maximum number of shares of our common stock that are authorized for issuance under our 2007 Stock Option and Incentive Plan currently is 1,860,000 shares, which amount will be increased on January 1, 2009, and on each January 1 thereafter through January 1, 2012, by a number of shares equal to 3% of the number of shares of our common stock outstanding as of the immediately preceding December 31, up to the maximum increase of 725,000 additional shares per year. In addition, each share of deferred stock, restricted stock, unrestricted stock or performance shares awarded under the 2007 Stock Option and Incentive Plan will count as 1.5 shares against the total pool of shares available for issuance under the plan. Shares issued under the 2007 Stock Option and Incentive Plan may be authorized but unissued shares or shares reacquired by us. Any shares subject to awards that are forfeited, canceled, held back upon exercise of an option or settlement of an award to cover the exercise price or tax withholding, reacquired by us prior to vesting, satisfied without the issuance of shares or otherwise terminated (other than by exercise) shall be added back to the shares available for issuance under the 2007 Stock Option and Incentive Plan. Upon the occurrence of a merger, consolidation, recapitalization, reclassification, stock split, stock dividend, combination of shares or the like, the plan administrator will make an appropriate or proportionate adjustment in the shares reserved for issuance under, and the number of shares or exercise price applicable to any award outstanding under, the 2007 Stock Option and Incentive Plan.

Types of Awards. The plan administrator may grant the following types of awards under our 2007 Stock Option and Incentive Plan: stock options; stock appreciation rights; deferred stock awards; restricted stock; unrestricted stock; cash based awards; performance share awards; or dividend equivalent rights. Stock options awarded under our 2007 Stock Option and Incentive Plan may be nonqualified stock options or incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended. With the exception of incentive stock options, the plan administrator

may grant, from time to time, any of the types of awards under our 2007 Stock Option and Incentive Plan to our officers, employees, non-employee directors and key persons (including consultants and prospective employees). Incentive stock options may only be granted to our employees.

Table of Contents

Stock Options. A stock option is the right to acquire shares of our common stock at a fixed price for a fixed period of time and generally is subject to a vesting requirement. We typically grant options subject to a four-year vesting period, with 25% of the total award vesting after one year and the remainder vesting in equal quarterly installments each quarter thereafter for twelve quarters. In the event we are acquired or are otherwise subject to a change in control, all of the outstanding options granted under our 2007 Stock Option and Incentive Plan will become fully vested. A stock option will be in the form of a nonqualified stock option or an incentive stock option. The exercise price is set by the plan administrator but cannot be less than 100% of the fair market value of our common stock on the date of grant, or, in the case of incentive stock options granted to an employee who owns 10% or more of total combined voting power of our common stock, or a 10% owner, the exercise price cannot be less than 110% of the fair market value of our common stock on the date grant. The term of a stock option may not exceed ten years or five years in the case of incentive stock options granted to a 10% owner. After an optionee's employment with us is terminated, he or she may exercise his or her vested options for the period of time stated in the stock option agreement. Generally, if termination is due to death or disability, the vested option will remain exercisable for 180 days; if termination is for cause, the option may no longer be exercised; and, in all other cases, the vested options will remain exercisable for three months. However, an option may not be exercised later than its expiration date.

Amendment and Discontinuance; Term. Our board of directors may at any time amend or discontinue our 2007 Stock Option and Incentive Plan, and the plan administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action will adversely affect rights under any outstanding awards without the holder's consent. To the extent required by applicable laws or rules, plan amendments may be subject to stockholder approval. Unless terminated earlier, our 2007 Stock Option and Incentive Plan will expire on the tenth anniversary of its effective date.

2007 Employee Stock Purchase Plan

Our 2007 Employee Stock Purchase Plan was adopted by our board of directors and approved by our stockholders in April 2007 and became effective upon the closing of our initial public offering in May 2007. Our 2007 Employee Stock Purchase Plan authorizes the issuance of up to a total of 380,000 shares of our common stock to participating employees.

All of our employees who have been employed by us for at least six months and whose customary employment is for more than 20 hours a week are eligible to participate in our 2007 Employee Stock Purchase Plan. Any employee who owns 5% or more of the voting power or value of our stock is not eligible to purchase shares under our 2007 Employee Stock Purchase Plan.

We will make one or more offerings each year to our employees to purchase stock under our 2007 Employee Stock Purchase Plan. The first offering began on the date of the closing of our initial public offering and ended on December 31, 2007. Subsequent offerings generally start on each January 1 and July 1 and continue for six-month periods, referred to as offering periods.

Each employee who is a participant in our 2007 Employee Stock Purchase Plan may purchase shares by authorizing payroll deductions of up to 10% of his or her cash compensation during an offering period. Unless the participating employee has previously withdrawn from the offering, his or her accumulated payroll deductions will be used to purchase common stock on the last business day of the offering period at a price equal to 85% of the fair market value of the common stock on the last day of the offering period. Under applicable tax rules, an employee may purchase no more than \$25,000 worth of common stock, valued at the start of the purchase period, under our 2007 Employee Stock Purchase Plan in any calendar year.

The accumulated payroll deductions of any employee who is not a participant on the last day of an offering period will be refunded. An employee's rights under our 2007 Employee Stock Purchase Plan terminate upon voluntary withdrawal from the plan or when the employee ceases employment for any reason.

Table of Contents

Our 2007 Employee Stock Purchase Plan may be terminated or amended by our board of directors at any time. An amendment that increases the number of shares of our common stock that is authorized under our 2007 Employee Stock Purchase Plan and certain other amendments require the approval of our stockholders.

Potential Payments Upon Termination or Change-in-Control

During 2008, all pre-existing employment agreements with our named executive officers expired, or were terminated, and were replaced on May 8, 2008 with the Executive Severance Plan, which was amended and restated on November 14, 2008. The Amended and Restated Executive Severance Plan provides for certain severance and change of control benefits to officers of the company.

In the event that any of our named executive officers employment is terminated by us without cause, for good reason or as a result of a change in control, as defined by the Amended and Restated Executive Severance Plan they will be entitled to twelve months of their base salary with the exception of Mr. DeSisto who will be entitled to twenty-four months of his base salary. If the named executive officer's employment is terminated prior to a change of control, such amounts are payable over twelve months (twenty-four months in the case of Mr. DeSisto). If the named executive officer's employment is terminated after a change of control, such amounts are payable in a lump sum. Additionally, these named executive officers will be entitled to a pro-rata bonus, continued health, dental and life insurance coverage, reimbursement for outplacement services not to exceed \$15,000 provided that such expenses are incurred by the executive within twelve months of the termination, and payment for any accrued unused vacation time. Notwithstanding the foregoing, our obligation to make these severance payments to any of these named executive officers is subject to the executive's delivery of a release of claims in favor of the Company and that executive's continued compliance with the confidentiality, non-compete and non-solicitation obligations under his or her

non-competition and non-solicitation agreement and employee non-disclosure and developments agreement with us. We agreed to provide severance payments to these executives in these circumstances based on the terms of the Amended and Restated Executive Severance Plan in order to provide a total compensation package that we believed to be competitive.

Cause means any of the following: the failure or refusal of the named executive officer to render services to us in connection with the performance of their duties; disloyalty, gross negligence, dishonesty, breach of fiduciary duty or breach of the terms of the employment agreement or the other agreements executed in connection therewith; the commission by the named executive officer of an act of fraud, embezzlement or disregard of our rules or policies or the commission by the named executive officer of any other action which injures us; acts which, in the judgment of our board of directors, would tend to generate adverse publicity toward us; the commission, or plea of nolo contendere, by the named executive officer of a felony; the commission of an act which constitutes unfair competition with us or which induces any of our customers to

Table of Contents

breach a contract with us; or a breach by the named executive officer of the terms of the non-competition and non-solicitation agreement or the employee non-disclosure and developments agreement between us and the named executive officer.

Good Reason means any of the following: material diminution in the named executive officer responsibilities, authority or duties; a material reduction in the named executive officers base salary except for across-the-board salary reductions similarly affecting all or substantially all management employees; the relocation of the office in which the named executive officer is principally employed to a location more than 50 miles from such location.

We are not obligated to pay any tax gross-ups or similar amounts to the named executive officers with respect to amounts payable to them under the Amended and Restated Executive Severance Plan. Amounts payable to our named executive officers under the Amended and Restated Executive Severance Plan will be reduced to an amount that would cause such officer to not be subject to any excise tax under Section 4999 of the Internal Revenue Code, to the extent such officer would benefit on a net after-tax basis by doing so.

If any of our named executive officers had been terminated without cause on December 31, 2008, the approximate value of the severance benefits, assuming no unused vacation time, under the Amended and Restated Executive Severance Plan would have been as follows: Mr. DeSisto \$797,291; Mr. Boess \$316,146; Mr. Malavé \$311,026; Ms. Gvazdauskas \$301,026; and Mr. Boesgaard \$241,146. Also, any remaining unvested options granted to such named executive officer under the 2000 Stock Option and Incentive Plan and options granted under the 2007 Stock Option and Incentive Plan would have ceased vesting on that date.

If any of our named executive officers had been terminated for cause or if such named executive officer had terminated their employment for any other reason than good reason, the approximate value of the severance benefits, assuming no unused vacation time, under the Amended and Restated Executive Severance Plan would have been as follows: Mr. DeSisto \$0; Mr. Boess \$0; Mr. Malavé \$0; Ms. Gvazdauskas \$0; and Mr. Boesgaard \$0. Also, any remaining unvested options granted to such named executive officer under the 2000 Stock Option and Incentive Plan and the 2007 Stock Option and Incentive Plan would have ceased vesting on that date.

Upon a change-in-control, a named executive officer will be entitled to accelerated vesting for 50% of any remaining unvested options granted under the 2000 Stock Option and Incentive Plan and 100% of any unvested options granted under the 2007 Stock Option and Incentive Plan. Further, in the event that, within twelve months following a change-in-control, a named executive officer's employment is terminated without cause, he or she experiences a material negative change in his or her compensation or responsibilities or he or she is required to be based at a location more than 50 miles from his or her current work location, any remaining unvested options granted under the 2000 Stock Option and Incentive Plan will become fully vested. Change-in-control means any of the following: a sale or other disposition of all or substantially all of our assets; or a merger or consolidation after which our voting securities outstanding immediately before the transaction cease to represent at least a majority of the combined voting power of the successor entity's outstanding voting securities immediately after the transaction. We agreed to provide payments to these executives in these circumstances in order to provide a total compensation package that we believed to be competitive. Additionally, the primary purpose of our equity-based incentive awards is to align the interests of our executives and our stockholders and provide our executives with strong incentives to increase stockholder value over time. As change-in-control transactions typically represent events where our stockholders are realizing the value of their equity interests in our company, we believe it is appropriate for our executives to share in this realization of stockholder value, particularly where their employment is terminated in connection with the change-in-control transaction. We believe that this acceleration of vesting will also help to better align the interests of our executives with our stockholders in pursuing and engaging in these transactions.

If a change-in-control had occurred on December 31, 2008, the value of 50% of any then unvested options granted under the 2000 Stock Option and Incentive Plan and the value of 100% of any then unvested options granted under the 2007 Stock Option and Incentive Plan, in each case that would vest as a result of such change-in-control, for each named executive officer, calculated based on the spread between the exercise

Table of Contents

price of the unvested options and \$7.72, which was the closing price for our common stock on The Nasdaq Global Market on December 31, 2008, would have been approximately as follows: Mr. DeSisto \$25,921; Mr. Boess \$0; Mr. Malavé \$7,785; Ms. Gvazdauskas \$0; and Mr. Boesgaard \$0.

If a change-in-control had occurred on December 31, 2008 and on that date each named executive officer had been terminated without cause, experienced a material negative change in his or her compensation or responsibilities or was required to be based at a location more than 50 miles from his or her current work location, the value of 100% of any then unvested options granted under the 2000 Stock Option and Incentive Plan and the 2007 Stock Option and Incentive Plan, in each case that would vest as a result of such change-in-control and such termination or other circumstance, for each named executive officer, calculated based on the spread between the exercise price of the unvested options and \$7.72, which was the closing price for our common stock on The Nasdaq Global Market on December 31, 2008, would have been approximately as follows: Mr. DeSisto \$51,842; Mr. Boess \$0; Mr. Malavé \$15,569; Ms. Gvazdauskas \$0; and Mr. Boesgaard \$0.

Director Compensation

During 2008, our director compensation policy was to pay all of our non-employee directors the following compensation:

an annual retainer of \$25,000;

a \$1,000 fee for each meeting attended (except that the fee for the Audit Committee chairman will be \$1,750 for each Audit Committee meeting attended);

an additional annual retainer of \$10,000 to the Audit Committee chairman;

an additional annual retainer of \$6,000 to each of the Compensation Committee chairman, Nominating and Corporate Governance Committee chairman and lead director;

upon initial election to our board of directors, a grant of an option to purchase 9,520 shares of our common stock; and

an annual grant of an option to purchase 3,810 shares of our common stock, such grant to be made effective on the third business day following our annual stockholders meeting.

All options granted to non-employee directors will have an exercise price equal to the closing price of our common stock on the date of grant and will vest 50% on the first anniversary of the grant date and 25% on each of the second and third such anniversaries, subject to continued service as a director.

The following table sets forth certain information with respect to our directors' compensation during the year ended December 31, 2008.

The Audit Committee charter contains procedures for the pre-approval of audit and non-audit services (the Pre-Approval Policy) to ensure that all audit and permitted non-audit services to be provided to the Company have been pre-approved by the Audit Committee. Specifically, the Audit Committee pre-approves the use of Ernst & Young LLP for specific audit and non-audit services, except that pre-approval of non-audit services is not required if the de minimus provisions of Section 10A(i)(1)(B) of the Exchange Act are satisfied. If a proposed service has not been pre-approved pursuant to the Pre-Approval Policy, then it must be specifically pre-approved by the Audit Committee before it may be provided by Ernst & Young LLP. All of the audit-related, tax and all other services provided by Ernst & Young LLP to the Company in fiscal 2008 were approved by the Audit Committee by means of specific pre-approvals or pursuant to the Pre-Approval Policy. All non-audit services provided in 2008 were reviewed with the Audit Committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. For additional information concerning the Audit Committee and its activities with Ernst & Young LLP, see Management Audit Committee and Report of the Audit Committee of the Board of Directors.

We expect that a representative of Ernst & Young LLP will attend the Annual Meeting, and the representative will have an opportunity to make a statement if he or she so desires. The representative will also be available to respond to appropriate questions from stockholders.
