Item 1. Plan History

Plan Amended and Restated.

Effective April 1, 1997, the net assets of The Liberty Corporation and Adopting Related Employers 401(k) Thrift Plan merged with The Cosmos Broadcasting Corporation Profit Sharing Retirement Plan and Trust (for all applicable Cosmos Broadcasting Corporation participants). The merged plan was renamed The Cosmos Broadcasting Corporation Retirement and Savings Plan. The merged plan provides expanded investment selections and will retain the voluntary contribution, matching contribution, and profit sharing features for eligible Cosmos employees of the predecessor plan. During the Plan year 2000, for the period January 1, 2000 – October 31, 2000, the Plan covered only employees of Cosmos Broadcasting Corporation, Cablevantage, Inc., and SuperCoups USA, Inc. that had completed 1,000 hours of service in a calendar year or in the first 12 months of employment. Effective November 1, 2000, the Plan covers employees of The Liberty Corporation and Special Services Corporation that met the years of service requirement also. Effective on January 1, 2002, the Plan changed its name to The Liberty Corporation Retirement and Savings Plan, and the Plan sponsor was changed to The Liberty Corporation, the parent company of Cosmos Broadcasting Corporation.

Item 2. Changes in Investment Policy

None.

Item 3. Contributions Under the Plan

Employer's Pretax Contributions

Contributions under the Plan by The Liberty Corporation, Cosmos Broadcasting Corporation, Cablevantage, Inc., and Special Services Corporation (the Company) are measured by reference to the employees' contributions, which may be on a pre-tax or after-tax basis. Employer matching contributions are made only on pre-tax employee contributions in accordance with a formula set each year by the Company's Board of Directors. During 2003, the Company contributed an amount equal to 100% of a participant's pre-tax contribution, up to a maximum of 3% of the participant's compensation.

Employer pre-tax matching contributions totaling \$1,666,000 from January 1, 2003 to December 31, 2003 were credited to the accounts of participating employees of the Company.

Employer's Discretionary Contributions

In addition to making a matching pre-tax contribution, The Liberty Corporation may make a separate discretionary contribution at the discretion of the Company's Board of Directors. If the Company elects to make a discretionary profit sharing contribution, it will be allocated among all participants who (1) are employed by the Company (not including Cablevantage, Inc.) at the end of the applicable year and are credited with at least 1,000 hours of service for that year or (2) retire, die or become disabled during the applicable year. This allocation will be made after the end of the applicable year and will be based on each participant's compensation relative to the total compensation of all eligible participants (without regard to the participant's voluntary contributions).

Employer discretionary contributions totaling \$3,134,000 in 2003, were credited to the accounts of participating employees.

Administrative Committee of The Liberty
Corporation Retirement and Savings Plan
The Liberty Corporation

We have audited the accompanying statements of net assets available for benefits of The Liberty Corporation Retirement and Savings Plan as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

The Liberty Corporation
Retirement and Savings Plan

Notes to Financial Statements

December 31, 2003

1. Description of Plan

On January 1, 2002, the Plan changed its name from *The Cosmos Broadcasting Corporation Retirement and Savings Plan* to *The Liberty Corporation Retirement and Savings Plan* (the Plan), and the Plan sponsor was changed to The Liberty Corporation, the parent company of Cosmos Broadcasting Corporation. The following description of The Liberty Corporation Retirement and Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective November 1, 2000, the Plan covers all employees of The Liberty Corporation and subsidiaries who have completed 1,000 hours of service in a calendar year or in the first 12 months of employment. The Liberty Corporation and Cosmos Broadcasting Corporation are hereinafter referred to as the Company or Employer.

Contributions

Participation in the 401(k) portion of the Plan is voluntary. Each year participants may contribute in whole percentages between 1% and 13% of their compensation on either a pre-tax or after-tax basis, or a combination of both, through payroll deductions. The Plan uses a negative election policy. If an employee fails to make any deferral election, including an election not to make elective deferrals, is automatically enrolled in the Plan at a deferral rate of 3%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes as a match up to 3% of each participant's annual compensation. The annual matching percentage may be changed by resolution of the Board of Directors of the Company, effective at the beginning of any plan year (January 1). The Company may contribute discretionary contributions equal to amounts authorized by the Board of Directors to the profit-sharing portion of the Plan. For the 2003 Plan year, the Company made a discretionary contribution in cash of \$1,493,000 and 32,280 shares of common stock of The Liberty Corporation with a fair market value of \$1,641,000 (\$50.84 per share) on March 12, 2004. For the 2002 Plan year, the Company made a discretionary contribution in cash of \$1,063,000 and 38,408 shares of common stock of The Liberty Corporation with a fair market value of \$1,503,000 (\$39.14 per share) on March 5, 2003. The discretionary contributions were allocated to the accounts of participating employees.

Upon enrollment, a participant may direct employee and employer contributions to any of the Plan's fund options. Participants may change their investment options daily.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. Forfeited balances of terminated participants nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Prior to January 1, 2002, amounts credited to a participant's employer matching and discretionary account vested based on the total number of years of service (as defined under the Plan) with the Company or its related employers as follows:

Number of Years of Service	Percentage of Vesting
Less than 3 years	
3 years	25%
4 years	50%
5 years	75%
6 years	100%

In addition, amounts credited to a participant's employer matching accounts and discretionary accounts are fully vested upon termination of employment due to a participant's death, total disability or retirement at his or her 65th birthday.

Retirement and Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Effective January 1, 2002, the Company amended the vesting schedule under the Plan. The amended schedule is as follows:

Number of years of Service	Percentage of Vesting
Less than 2 years	
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from 1-5 years, unless the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

All amounts credited to the participant's account (before tax or after tax) and all vested amounts credited to the employer's matching and discretionary accounts are distributable upon termination in the form of a lump sum or installment payments.

Forfeited accounts

1. Description of Plan (continued)

Reversion to Special Fund

The Cosmos Broadcasting Corporation Pension Plan and Trust Agreement for Technicians was terminated during 1992. In 1993, twenty-five percent (25%) of the excess assets were reverted to a special fund within the Plan. The reversion is to be allocated to the accounts of those participants who were active participants in the pension plan upon its termination. An allocation of approximately \$0 and \$5,000 of the reversion was made during 2003 and 2002, respectively. The final reversion was completed for 2002. There are no future reversions to be made.

Trust to Trust Transfer

Effective January 1, 2003, the TV-3, Inc. Savings Plan was merged into The Liberty Corporation Retirement and Savings Plan and accordingly \$4,325,000 was transferred to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies (continued)

Valuation of Investments

The Plan's investments are held in The Liberty Corporation Retirement and Savings Plan and Trust (the "Trust") (formerly The Cosmos Broadcasting Corporation Retirement and Savings Plan and Trust). The Plan's investments are stated at fair value, which equals the quoted market price on the last business day of the plan year. The shares of registered investment companies and collective trust funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the 2002 financial statements have been reclassified to conform to the 2003 presentation.

4. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service dated October 20, 1998, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.
