**PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
May 12, 2006**

This Proxy Statement and the enclosed form of proxy are furnished to the shareholders of ASTRONICS CORPORATION, a New York corporation (Astronics or the Company), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Shareholders (the Annual Meeting) to be held on Friday, May 12, 2006 at 10:00 a.m., and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. In addition to solicitation by mail, to the extent necessary to ensure sufficient representation at the Annual Meeting, solicitations may be made by personal interview, telecommunication by officers and other regular employees of the Company. The cost of this proxy solicitation will be borne by the Company. It is contemplated that this Proxy Statement and the related form of proxy will be first sent to shareholders on or about April 3, 2006.

If the enclosed proxy is properly executed and returned, and the Shareholder specifies a choice on the proxy, the shares represented thereby will be voted (or withheld from voting) in accordance with the instructions contained therein. If the proxy is executed and returned but no specification is made, the proxy will be voted FOR the election of each of the nominees for director listed below, FOR the proposal to ratify the appointment of independent auditors and FOR the proposal to amend the Employee Stock Purchase Plan.

Any proxy given pursuant to this solicitation may be revoked by a shareholder at any time prior to its use, by a shareholder voting in person at the meeting, by submitting a proxy bearing a date subsequent to the date on the proxy to be revoked or by written notice to the Secretary of the Company. A notice of revocation need not be on any specific form.

Record Date and Voting Securities

The Board of Directors has fixed the close of business on March 17, 2006 as the record date for determining the holders of Common Stock and Class B Stock entitled to notice of and to vote at the meeting. On March 17, 2006, Astronics had outstanding and entitled to vote at the meeting a total of 6,423,523 shares of Common Stock and 1,485,578 shares of Class B Stock. Each outstanding share of Common Stock is entitled to one vote and each outstanding share of Class B Stock is entitled to ten votes on all matters to be brought before the meeting.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock and Class B Stock entitled to vote at the Annual Meeting will constitute a quorum. Each nominee for election as a director requires a plurality of the votes cast in order to be elected. A plurality means that the nominees with the largest number of votes are elected as directors up to the maximum number of directors to be elected at the Annual Meeting. A majority of the votes cast is required to approve the selection of the Company's auditors and the amendment of the Company's Employee Stock Purchase Plan. Under the law of the State of New York, the Company's state of incorporation, only votes cast by the shareholders entitled to vote are determinative of the outcome of the matter subject to shareholder vote. Votes withheld will be counted in determining the existence of a quorum, but will not be counted towards such nominee's or any other nominee's achievement of plurality or in determining the votes cast on any other proposal.

PROPOSAL 1**ELECTION OF DIRECTORS**

The shareholders are being asked to elect six directors to the Company's Board of Directors to hold office until the election and qualification of their successors at the next annual meeting. The six directors who are so elected will be all of the directors of the Company. Unless the proxy directs otherwise, the persons named in the enclosed form of proxy will vote for the election of the six nominees named below. If any of the nominees should be unable to serve as a director, or for good reason will not serve, the proxy will be voted in accordance with the best judgment of the person or persons acting under it. It is not anticipated that any of the nominees will be unable to serve.

THE BOARD OF DIRECTORS RECOMMENDS UNANIMOUSLY A VOTE FOR EACH OF THE DIRECTOR NOMINEES.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board of Directors Independence

The Board of Directors has determined that Messrs. Boushie, Brady and McKenna are independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards as currently in effect. In addition, the Board of Directors has determined that Mr. Drenning is independent within the meaning of the NASDAQ director independence standards for all purposes except for service on the Company's Audit Committee.

Board of Directors Meetings and Standing Committees

The Board of Directors has three standing committees: an Audit Committee, Compensation Committee, and Nominating/Governance Committee. During the year ended December 31, 2005, the Board of Directors held four meetings. Each director attended at least 75% of the meetings of the Board of Directors and of all committees on which he served.

The Audit Committee consists of Messrs. Brady (Chair), Boushie and McKenna, each of whom is independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards as currently in effect. In 2005, the Board of Directors determined that Messrs. Brady and McKenna were each an audit committee financial expert as defined under federal securities laws. Information regarding the functions performed by the Audit Committee and its membership is also set forth in the Report of the Audit Committee, included in this proxy statement. The Audit Committee held two meetings in 2005. The Audit Committee is governed by a written charter approved by the Board of Directors, a copy of which was attached as Appendix A to the Company's proxy statement filed with the Securities and Exchange Commission on March 26, 2004. The charter of the Audit Committee is also posted on the Investor Relations section of the Company's website at www.astronics.com.

The Compensation Committee consists of Messrs. Drenning (Chair), Boushie, Brady and McKenna, each of whom is independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards as currently in effect. The Compensation Committee is responsible for reviewing and approving compensation levels for the Company's executive officers and reviewing and making recommendations to the Board of Directors with respect to other matters relating to the compensation practices of the Company. The Compensation Committee held one meeting in 2005.

The Nominating/Governance Committee consists of Messrs. McKenna (Chair), Boushie, Brady and Drenning, each of whom is independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards as currently in effect. The Nominating/Governance Committee is responsible for evaluating and selecting candidates for the Board of Directors and addressing corporate governance matters on behalf of the Board of Directors. In performing its duties to recommend nominees for the Board of Directors, the Nominating/Governance Committee seeks director candidates with the following qualifications, at a minimum: high character and integrity;

substantial life or work experience that is of particular relevance to the Company; sufficient time available to devote to his or her duties; and ability and willingness to represent the interests of all shareholders rather than any special interest group. The Nominating/Governance Committee may use third-party search firms to identify Board of Director candidates. It also relies upon recommendations from a wide variety of its contacts, including current executive officers, directors, community leaders and shareholders, as a source for potential candidates. Shareholders wishing to submit or nominate candidates for election to the Board of Directors must supply information in writing regarding the candidate to the Nominating/Governance Committee at the Company's executive offices in East Aurora, New York. This information should include the candidate's name, biographical data and qualifications. Generally, the Nominating/Governance Committee will conduct a process of making a preliminary assessment of each proposed nominee based upon biographical data and qualifications. This information is evaluated against the criteria described above and the specific needs of the Company at the time. Additional information regarding proposed nominees may be requested. On the basis of the information gathered in this process, the Nominating/Governance Committee determines which nominee to recommend to the Board of Directors. The Nominating/Governance Committee uses the same process for evaluating all nominees, regardless of the source of the recommendation. The Nominating/Governance Committee held one meeting in 2005. The Nominating/Governance Committee is not governed by a written charter but acts pursuant to a resolution adopted by the Board of Directors addressing the nomination process as required by federal securities laws and NASDAQ Stock Market, Inc. regulations.

Executive Sessions of the Board

Non-management directors meet regularly in executive sessions. Non-management directors are all those directors who are not Company employees and includes directors, if any, who are not independent as determined by the Board of Directors. The Company's non-management directors consist of all of its current directors, except Messrs. Keane and Gundermann. An executive session of the Company's non-management directors is generally held in conjunction with each regularly scheduled Board of Directors meeting. Additional executive sessions may be called at the request of the Board of Directors or the non-management directors.

Code of Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics which is applicable to its Chief Executive Officer, Chief Financial Officer as well as all other directors, officers and employees of the Company. This Code of Business Conduct and Ethics is posted on the Investor Relations section of the Company's website at www.astronics.com. The Company will disclose any amendment to this Code of Business Conduct and Ethics or waiver of a provision of this Code of Business Conduct and Ethics, including the name of any person to whom the waiver was granted, on its website.

Compensation of Directors

For 2005, each non-management director with the exception of the Chairman of the Board of Directors was paid an annual retainer of \$20,000. The Chairman of the Board of Directors was paid an annual retainer of \$30,000. Directors are permitted to defer their compensation.

The Company's 2005 Director Stock Option Plan (the Plan) for Directors of the Company who are not officers or employees of the Company provides for the grant of options to purchase up to an aggregate of 200,000 shares of Common Stock (subject to adjustment to reflect share distributions). Directors who are not officers or employees of the Company or its subsidiaries are eligible to receive options under this Plan at the discretion of a committee appointed by the Board of Directors who are not eligible to participate in the Plan. Under the Plan, the option price is not less than the fair market value of the shares optioned on the date of grant. There is no limit on the number of options that a participant may be granted under the Plan. Options are exercisable beginning six months after grant and

for so long as the holder is a director of the Company, but not longer than ten years from the date of grant.

On March 6, 2006, the committee charged with administration of the Plan granted options to purchase 5,000 shares of Common Stock to Messrs. Boushie, Brady, Drenning, Keane and McKenna, each at an exercise price of \$13.41 per share expiring on March 6, 2016.

Directors and Officers Indemnification Insurance

On March 1, 2006, the Company renewed a Directors and Officers Liability Insurance policy written by The Chubb Group for a one year term expiring February 28, 2007 at an annual premium of \$106,000. The policy provides indemnification benefits and the payment of expenses in actions instituted against any director or officer of the Company for claimed liability arising out of their conduct in such capacities. No significant payments or claims of indemnification or expenses have been made under any such insurance policies by the Company at any time.

Contacting the Board of Directors

Although we do not have a formal policy regarding communications with the Board of Directors, shareholders may communicate with the Board of Directors by writing to: Board of Directors, Astronics Corporation, 130 Commerce Way, East Aurora, New York 14052. Shareholders who would like their submission directed to a particular director may so specify and the communication will be forwarded, as appropriate.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management and the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors. The Board of Directors has also determined that the members of the Committee are independent as defined in the regulations. The Board of Directors has determined that Mr. Brady and Mr. McKenna, each an independent director, are audit committee financial experts, as defined in applicable regulations.

EXECUTIVE COMPENSATION

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors (the Committee) determines the compensation of the Chief Executive Officer and the other executive officers of the Company and its subsidiaries. The Committee is composed entirely of directors who are neither executive officers nor employees of the Company. In addition to determining the salary and bonus compensation for all the Company's executive officers, the Committee determines the grants under the Company's Incentive Stock Option Plan and oversees the administration of other compensation plans and programs.

Compensation of Executive Officers Generally

The Company's executive compensation program is designed to link executive pay to Company performance and to provide an incentive to executives to manage the Company with a view to enhancing stockholder value. Compensation criteria are evaluated annually to ensure they are appropriate and consistent with business objectives. Executive compensation policies and programs are intended to provide rewards related to Company, subsidiary and individual performance, stockholder value, retention of a strong management team and the encouragement of professional development and growth.

Components of Compensation

The primary components of the Company's executive compensation program are salary, bonuses and stock options which become exercisable over time.

Salary and Bonuses. The Committee reviews the salary of executive officers annually. The Committee's review takes into consideration the Company's performance with respect to customary financial and operating yardsticks, including revenues, operating income, earnings, cash flow, and return on shareholder equity. In making salary decisions, the Committee exercises its discretion and judgment based on the foregoing criteria, without applying a specific formula to each factor considered. The Committee also reviews an annual survey of the compensation levels of executives in similar industry segments. A substantial portion of executive compensation each year is in the form of bonuses, which are awarded by the Committee immediately following the fiscal year just concluded.

Stock Options. The Committee believes that stock options are an important method of rewarding management and of aligning management's interests with those of the stockholders. The Committee also recognizes that the Company conducts its business in competitive industries and that, in order to remain competitive and pursue a growth strategy, it must employ talented executives and managers. The Company believes that stock options are important in attracting and retaining such employees. For these reasons, the Company adopted the Incentive Stock Option Plan as a stock-based incentive program primarily for its officers and managers. Under the Incentive Stock Option Plan, the Committee may grant options to officers and managers who are expected to contribute to the Company's success. In determining the size of stock option grants, the Committee focuses primarily on the Company's performance and the role of the executives and managers in accomplishing performance objectives. Stock options generally become exercisable in equal installments over a five-year period and are granted with an exercise price equal to the fair market value of the Common Stock as of the date of grant.

The Committee intends to continue using stock options as a long-term incentive for executive officers and managers. Because options provide rewards only to the extent the Company's stock price increases and to the extent the executives remain with the Company until the options become exercisable, the Committee believes that stock options granted under the Incentive Stock Option Plan are an appropriate means to provide executives and managers with

incentives that align their interests with those of stockholders.

Compensation of the Chief Executive Officer

Mr. Gundermann, our Chief Executive Officer, was compensated in 2005 utilizing the same general philosophy and criteria described above. The Committee believes that Mr. Gundermann's total compensation for the 2005 fairly and sufficiently rewarded him for performance.

Supplemental Executive Retirement Plan Table

The Company has a non-qualified supplemental retirement defined benefit plan for certain executives which targets a retirement benefit based on 65% of the three-year average compensation. SERP benefits are payable only to retirement-eligible participants, i.e., employees designated to participate in the SERP and each of whom, upon termination of employment, has attained age 65 with not less than 10 years of service (as defined) or at age 60 or later with a combined total of age and years of service equal to 90. As of March 17, 2006 Peter J. Gundermann was the only non-retired participant in the SERP.

For purposes of illustration, the following tables show the estimated amounts of annual retirement income that would be payable at the present time under various assumptions as to compensation and years of service to employees who participate in the SERP. The amounts presented are subject to reduction for Social Security benefits

and for Profit Sharing benefits earned under the Company's Defined Profit Sharing/401(k) Plan. A discount factor applies for retirement-eligible participants who start to receive benefits before attaining age 65.

PROPOSAL 2

AMENDMENT OF EMPLOYEE STOCK PURCHASE PLAN

The Employee Stock Purchase Plan (ESPP) was adopted by the Board of Directors in 1984 and approved by our shareholders in 1984. At the time of this approval, 292,970 shares of Common Stock were reserved for issuance under the ESPP. In 1991, our Board of Directors and our stockholders approved an amendment to the ESPP to increase the number of shares reserved for issuance under this plan by 250,000 shares to a new total of 542,970 shares after giving effect to share distributions. In February, 2006, our Board of Directors approved an amendment to the ESPP to increase the number of shares reserved for issuance under this plan by 500,000 shares to a new total of 1,904,675 shares. This amendment is being submitted to our shareholders for approval and a copy of the proposed amendment is attached at exhibit A.

General. The purpose of the ESPP is to provide an option to buy shares of the Company's \$.01 Par Value Common Stock (the Shares) on a convenient payment basis, without payment of brokers' commissions or the necessity of establishing a broker's account. Of the 1,404,675 shares of Common Stock currently reserved for issuance under the ESPP, 1,211,582 shares had been issued pursuant to the plan as of December 31, 2005.

Administration. The ESPP may be administered by the Board of Directors or a committee appointed by the Board of Directors. All questions of interpretation or application of the ESPP are determined by our Board of Directors or its appointed committee, and its decisions are final, conclusive and binding upon all eligible employees.

Eligibility. To be eligible to participate in the ESPP, an employee must be employed by the Company at least 20 hours per week and more than 5 months in a calendar year, have been employed by the Company or a designated subsidiary for a minimum of one year, and may not own 5% or more of the total voting power or value of all classes

of the Company's stock. Approximately 700 employees are eligible to participate in the ESPP.

Offering Period. Each eligible employee is limited to one application per calendar year, and it must be received on a date to be determined by the Company, which will be within thirty (30) days of the date on which the purchase price is determined. To participate in the ESPP, an eligible employee must authorize payroll deductions pursuant to the ESPP. Such payroll deductions may not exceed 20% of an eligible employee's compensation for the previous calendar year.

Purchase Price. Shares of Common Stock may be purchased under the ESPP at a purchase price not less than 85% of the mean between the closing bid and asking prices of Common Stock as reported by NASDAQ on October 1 of each calendar year, or such other date as the Board of Directors may select upon six months notice to the eligible employees.

Payment of Purchase Price; Payroll Deductions. The purchase price of the shares is accumulated by payroll deductions from the date of the eligible employee's application to purchase stock under the ESPP to the next succeeding September 30.

Withdrawal. Generally, an eligible employee may cancel his or her application at any time before the final payment by written notice, but may not cancel his or her application thereafter.

Termination of Employment. Upon termination of an eligible employee's employment for any reason, no payroll deductions will be taken from any pay due to the eligible employee. In the event of resignation, involuntary termination of employment, or retirement or death of the eligible employee, the payroll deductions credited to the eligible employee's account will be returned to him or her with interest or, in the case of death, to the person or persons entitled thereto as provided in the ESPP.

Adjustments. In the event of any stock dividend, share distribution, subdivision or combination of the Common Stock, appropriate adjustments will be made in the number, kind and purchase price of the shares reserved for purchase under the ESPP. If there is a reclassification or other change in the Common Stock, the Board of Directors will take action as they deem appropriate.

Amendment and Termination of the Plan. Our Board of Directors may at any time terminate or amend the ESPP. No amendment will be effective unless it is approved by the holders of a majority of the votes cast at a duly held stockholders' meeting, if such amendment would require stockholder approval in order to comply with Section 423 of the Internal Revenue Code or NASDAQ listing requirements.

Number of Shares Purchased by Certain Individuals and Groups. Given that the number of shares that may be purchased under the ESPP is determined, in part, on the stock's market value on October 1 of each calendar year and given that participation in the ESPP is voluntary on the part of employees, the actual number of shares that may be purchased by any individual is not determinable.

Certain Federal Income Tax Information. The following brief summary of the effect of federal income taxation upon the eligible employee and us with respect to the shares purchased under the ESPP does not purport to be complete, and does not discuss the tax consequences of a eligible employee's death or the income tax laws of any state or foreign country in which the eligible employee may reside.

The ESPP, and the right of eligible employees to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the US Internal Revenue Code. Under these provisions, no income will be taxable to a eligible employee until the shares purchased under the ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the eligible employee will generally be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the calendar year in which the eligible employee purchased the shares and one year from the applicable date of purchase, the eligible employee will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the eligible employee will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. We generally are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a eligible employee except to the extent of ordinary income recognized by eligible employees upon a sale or disposition of shares prior to the expiration of the holding periods described above.

The approval of the amendment to the ESPP to increase the number of shares reserved for issuance under the plan requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE AMENDMENT OF THE EMPLOYEE STOCK PURCHASE PLAN TO INCREASE THE NUMBER OF SHARES RESERVED FOR ISSUANCE THEREUNDER.

PROPOSAL 3**APPOINTMENT OF INDEPENDENT AUDITORS**

The Audit Committee, with the approval of the Board of Directors, has selected Ernst & Young LLP, independent registered public accounting firm, to act as auditors of Astronics Corporation for 2006. Pre-Approval Policies and Procedures. The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services, and other services performed by the independent auditor. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee may delegate to an Audit Committee member the authority to approve permitted services provided that the delegated member reports any decisions to the Committee at its next scheduled meeting.
