SUMMARY OF PROPOSED ASSET SALE TERMS

The following summary highlights the material terms of the proposed sale of substantially all of the assets of our bone growth stimulation device business (the Bone Device Business) to dj Orthopedics, LLC, a Delaware limited liability company (dj Orthopedics or the Buyer) and our use of the proceeds. This summary does not contain all of the information that may be important for you to consider in evaluating the proposed sale. We have included cross references to direct you to more complete information that appears elsewhere in this proxy statement. You should read this entire proxy statement, the Asset Purchase Agreement and the other documents attached to this proxy statement in their entirety to fully understand the asset sale and its consequences to you before voting. A copy of the Asset Purchase Agreement between us and the Buyer dated October 8, 2003 governing the asset sale is attached to this proxy statement as Exhibit A.

The Companies. OrthoLogic manufactures and sells medical devices that use proprietary technology to stimulate bone growth and spinal fusion. We call this line of business, which includes our external bone fixation device, our bone growth stimulation business and refer to it in this proxy statement as the Bone Device Business. Sales from the Bone Device Business account for all of our sales revenue. We are also involved in the research and development of Chrysalin®, a synthetic peptide for bone and tissue repair. Chrysalin is currently undergoing human clinical trials. Our website is www.orthologic.com.

dj Orthopedics, LLC is a wholly-owned subsidiary of dj Orthopedics, Inc., a global orthopedic sports medicine company specializing in the design, manufacture and marketing of products and services that rehabilitate soft tissue and bone, help protect against injury and treat osteoarthritis of the knee. dj Orthopedics, Inc. sells over 600 orthopedic products, including rigid knee braces, soft goods and specialty and other complementary orthopedic products. dj Orthopedics, LLC is the principal operating subsidiary dj Orthopedics, Inc. Its website is www.djortho.com.

Assets Transferred and Liabilities Assumed. We are selling substantially all of the assets of our Bone Device Business (other than our Medicare accounts receivable, which were approximately \$1.0 million in the aggregate as of August 31, 2003) including substantially all of the related machinery, equipment, inventory, work in process, licenses, customer lists and intellectual property and some of our agreements and contracts. dj Orthopedics will assume substantially all of our trade payables and other current liabilities related to the Bone Device Business, less an amount approximately equal to the net amount of retained Medicare receivables. dj Orthopedics is also offering employment to substantially all of the Bone Device Business staff. See Description of the Asset Sale Assets Transferred and Liabilities Assumed on Page 10.

Purchase Price. If the proposed sale to dj Orthopedics is consummated, dj Orthopedics will pay us \$93.0 million in cash and will assume the trade payables and other current liabilities discussed above, which were approximately \$1.3 million as of August 31, 2003. The purchase price is subject to reduction on a dollar-for-dollar basis if our closing date net working capital (as defined in the Asset Purchase Agreement) is below \$8.0 million. See Description of Asset Sale Consideration to be Received in the Asset Sale on Page 10.

dj Orthopedics will deposit \$7.5 million of the \$93.0 million purchase price in an escrow account that dj Orthopedics may draw upon to fund any claims against us deemed eligible for indemnification and other commitments related to stay-bonuses under the Asset Purchase Agreement. Any remaining funds held in escrow in excess of the aggregate amount of any pending claims, together with any earnings or interest, will be released to us on the second anniversary of the closing.

Conditions to the Transaction. dj Orthopedics has the right to terminate the sale if certain conditions are not satisfied prior to closing, including the following:

the Bone Device Business shall not have suffered, a material adverse effect (as defined in the Asset Purchase Agreement), such as any adverse changes in the laws relating to reimbursements for purchases of medical devices of the type manufactured and sold by the Bone Device Business, or our failure to generate specified cumulative levels of earnings before interest, taxes, depreciation and amortization.

none of our material suppliers, distributors or customers has terminated its relationship with us or notified us that it intends to do so;

receipt of all necessary government approvals and consents of all parties necessary to assign material contracts to dj Orthopedics;

OrthoLogic stockholder approval of the sale;

receipt by dj Orthopedics of financing to consummate the sale.

See Other Material Terms of the Asset Purchase Agreement Conditions of the Closing on Page 11.

Representations and Warranties. The Asset Purchase Agreement contains customary representations, warranties and covenants. All representations and warranties will survive the closing and will expire on the second anniversary of the closing, with some customary exceptions. See Other Material Terms of the Asset Purchase Agreement Representations and Warranties, on Page 11.

Indemnification. We have agreed to indemnify dj Orthopedics for any losses and claims against it arising from our breach of any covenants or any representations or warranties in the Asset Purchase Agreement and other matters. Our indemnity obligations are capped at the value of the purchase price under the Asset Purchase Agreement. Our payment obligations only commence after dj Orthopedics has absorbed the first \$250,000 of claims otherwise eligible for indemnification. dj Orthopedics has agreed to similar indemnification obligations in favor of us. See Other Material Terms of the Asset Purchase Agreement Indemnification on Page 12.

We have established an escrow account into which we will deposit \$7.5 million of the purchase price. The funds will be divided into two accounts: one for \$7.0 million from which dj Orthopedics indemnity and breach of contract claims eligible for indemnification will be paid and the other for \$0.5 million from which a portion of agreed upon incentive stay bonuses will be paid to former OrthoLogic executives on the first anniversary of the closing.

The remaining funds in the \$7.0 million escrow account, in excess of the amount of any pending claims, will be released to us on the second anniversary of the closing.

Termination Fees. We must pay a termination fee to dj Orthopedics if it terminates the Asset Purchase Agreement under specified circumstances as follows:

A \$2.0 million fee if the termination is because of our failure to obtain stockholder approval.

A \$2.0 million fee and reimbursement of up to \$2.0 million of expenses if the termination is because our Board decides to accept a different, superior offer as defined in, and subject to, the provisions of the Asset Purchase Agreement.

dj Orthopedics must pay us a \$2.0 million termination fee if we terminate the Asset Purchase Agreement because dj Orthopedics fails to obtain financing as a result of the status of or any change in dj Orthopedics financial condition.

Post-Closing Agreements. We have agreed that we will not, for a period of five years following the closing date, enter into product markets with a bone growth stimulation device that competes with the Bone Device Business anywhere in the world. We have also agreed that for two years following the closing, we will not solicit former OrthoLogic customers or distributors to divert them from the Bone Device Business. We will enter into various other agreements with dj Orthopedics relating to the transfer of the Bone Device Business. See Other Material Terms of the Asset Purchase Agreement Conditions to the Closing and Noncompetition and Nonsolicitation Agreements on Page 12.

Opinions of Our Financial Advisors. On October 9, 2003, J.P. Morgan Securities Inc. (J.P. Morgan), our financial advisor, delivered its opinion to us that, as of that date, and based on and subject to the matters described in its written opinion, the consideration we expect to receive from the sale is fair from a financial point of view to OrthoLogic. Because J.P. Morgan, through its affiliate J.P. Morgan Partners, LLC, owns approximately 41% of dj Orthopedics, Inc. (with voting control over approximately 47%), we also obtained an opinion from First Albany Corporation. First Albany Corporation's written opinion dated as of October 8, 2003 confirmed the fairness of the consideration we expect to receive from a financial point of view. See Opinions of Financial Advisors on Page 17.

The written opinions of J.P. Morgan dated October 9, 2003 and First Albany Corporation dated October 8, 2003, are attached to this proxy statement as Exhibit B. The J.P. Morgan and First Albany Corporation opinions are directed to our Board of Directors and do not constitute a recommendation to any stockholder as to any matter relating to the transactions described in this proxy statement.

QUESTIONS AND ANSWERS ABOUT THE PROPOSAL

What am I being asked to vote upon?

Each stockholder is being asked to vote in favor of a transaction in which we will sell substantially all of the assets of our Bone Device Business, other than Medicare accounts receivable, to dj Orthopedics for \$93.0 million in cash and the assumption of our related trade payables and other current liabilities, less an amount approximately equal to the net amount of the retained Medicare receivables.

This sale may constitute a sale of substantially all our assets for purposes of Delaware law, which governs our corporate matters. Accordingly, the sale is being submitted to stockholders for approval pursuant to Section 271 of the Delaware General Corporation Law.

Why has the Board decided to sell the bone growth stimulation device division?

Our Board of Directors unanimously decided that it is in the best interests of OrthoLogic to sell the Bone Device Business assets. Currently, we are devoting our funds and efforts to pursue two lines of business: developing and selling bone growth stimulation devices and researching and developing the Chrysalin-based products. We believe we should focus our efforts solely and specifically on developing the Chrysalin product platform because we believe the orthopedic field is shifting to a future in orthobiologics. We believe Chrysalin is a promising entry into orthobiologics for us. The sale of our Bone Device Business will generate significant capital to fund our Chrysalin research and development and allow us to explore other complementary orthobiologic technology opportunities that may arise from time to time. See Proposal to Approve the Sale of the Bone Device Business Reasons for Engaging in the Asset Sale on Page .

What will OrthoLogic receive in exchange for the Bone Device Business assets?

dj Orthopedics will pay us \$93.0 million in cash and assume our trade payables and other current liabilities related to the Bone Device Business, less an amount equal to the net amount of the retained Medicare receivables if the sale of the Bone Device Business closes. A \$7.5 million portion of the purchase price will be held in escrow for at least two years after the closing and drawn upon to pay any claims against us deemed eligible for indemnification and other commitments related to stay bonuses that will be paid to former OrthoLogic executives.

What will the stockholders receive if the asset sale is approved and closes?

There will be no distributions made to the stockholders as a result of the sale of the Bone Device Business assets. Rather, we will use the proceeds from the sale primarily to fund the research and development of our Chrysalin product platform.

What was the process by which OrthoLogic chose to sell the Bone Device Business assets to dj Orthopedics?

We, with the help of our financial advisors, including J.P. Morgan, explored a variety of strategic alternatives including continued funding of our Chrysalin research through the revenue generated by our existing Bone Device Business and/or securing a strategic partner to share the Chrysalin research costs. After reviewing our available alternatives, our Board of Directors directed us to pursue an asset sale of our Bone Device Business. In a

process spanning 18 months, during which we approached 20 different potential buyers, we received four indications of interest and, after additional negotiations, concluded that a transaction with dj Orthopedics represented the best value for selling the Bone Device Business. See Opinions of our Financial Advisors on Page 17.

What will be the management structure of OrthoLogic after the sale?

Thomas R. Trotter, our President and CEO, has a commitment to stay through the end of this year. Sherry Sturman, our Senior Vice President of Finance and CFO, and Dr. James Ryaby, our Chief Technology Officer and Senior Vice President, Research and Clinical, each are expected to remain after the sale. All of our other employees who are currently directly involved with the Chrysalin program are expected to remain with OrthoLogic immediately after the sale. We expect that immediately after closing, we will have approximately 30 employees. Our administrative staff will report to Ms. Sturman. Ms. Sturman and Dr. Ryaby will report to the CEO.

What are the risks of the proposed asset sale?

If the stockholders approve the sale of the Bone Device Business assets and the sale is consummated, we will be selling our only revenue producing business and we will become less diversified. We will become a drug development company. The drug development industry has heavy investment requirements and high risk, but high profit potential if a drug is successful. We cannot assure you that our available resources will be sufficient to fund the commercialization of a Chrysalin-based product, or that commercialization can be accomplished. See Risk Factors on Page 7.

What will occur if the sale transaction is not approved?

If the sale transaction is not approved we will not consummate the sale. We will continue to operate our on-going business and re-evaluate our strategic alternatives. In addition, we will be required to pay dj Orthopedics a break-up fee of \$2.0 million if we fail to obtain our stockholders approval and the sale is terminated.

What are the federal tax consequences of the asset sale to OrthoLogic?

We believe we will be able to apply our approximately \$63.0 million tax loss carry-forward to offset the majority of the taxable gain from the sale of the Bone Device Business assets.

Am I entitled to appraisal or dissenter s rights?

No. Stockholders are not entitled to any dissenter s or appraisal rights with respect to the sale of the Bone Device Business assets under Delaware law or our Certificate of Incorporation.

Where and when is the special meeting?

The special meeting will be held on Tuesday, November 25, 2003 at 8:00 a.m. local time, at our offices at 1275 West Washington, Tempe, Arizona 85281.

Who may vote?

Holders of our common stock at the close of business on October 14, 2003, the record date, may vote at the meeting or any adjournment or postponement of the meeting. On October 14, 2003, _____ shares of our common stock were issued and outstanding. Each stockholder is entitled to one vote per share.

How do I vote?

You may vote by proxy or in person at the meeting. To vote by proxy, please complete, sign, date and return your proxy card in the postage-prepaid envelope that we have provided.

How do proxies work?

Giving your proxy means that you authorize us to vote your shares at the special meeting in the manner you direct. If you sign, date and return the enclosed proxy card but do not specify how to vote, we will vote your shares FOR the sale of substantially all of the assets of the Bone Device Business. We do not know of any other matters that will be brought before the special meeting. If, however, other matters are properly brought before the special meeting, we will vote your proxy on those matters as determined by the person identified on the proxy card as your proxy.

How do I revoke my proxy?

You may revoke your proxy before it is voted by submitting a new proxy with a later date, or by providing written notice of such revocation to the Secretary of OrthoLogic at our offices at 1275 West Washington, Tempe, Arizona 85281.

What happens if I choose not to submit a proxy or to vote?

If you do not submit a proxy and do not vote at the special meeting, it will have the same effect as a vote against approval of the sale of the assets of the Bone Device Business.

What is a quorum ?

To vote on proposals at the special meeting, a quorum must be present. A quorum requires the presence, in person or by proxy, of the holders of at least a majority of the votes entitled to be cast at the meeting. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when you fail to provide voting instructions to your broker for shares that your broker holds on your behalf in a nominee name, which is commonly referred to as holding your shares in street name. Under those circumstances, your broker may be authorized to vote for you on some routine items but is prohibited from voting on other items. Those items for which your broker cannot vote result in broker non-votes.

How many votes are required to approve the sale of the Bone Device Business assets?

The affirmative vote of a majority of the outstanding shares of common stock entitled to vote is necessary for approval of the sale of the Bone Device Business assets. For this purpose, if you do not vote or vote to abstain on this proposal, your action will have the same effect as if you voted against the proposal. Broker non-votes also will have the same effect as a vote against the proposal.

Who pays for this proxy solicitation?

Our Board of Directors is soliciting your proxy. We will pay the expenses of preparing and distributing this proxy statement and soliciting proxies, including the reasonable expenses of brokerage houses and other custodians, nominees and fiduciaries for forwarding solicitation materials to beneficial owners. We have also retained the firm, Georgeson Shareholder Communications, Inc., to assist us in the solicitation of proxies and we will pay them approximately \$_____ in fees plus expenses for their services.

You can get more information about us by inspecting our annual, quarterly and other reports which we file with the U.S. Securities and Exchange Commission, by copying them at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington D.C. 20549 or by calling the SEC at 1-800-SEC-0330 (the SEC). RISK FACTORS

Risks if Asset Sale is not Approved

If the asset sale is not approved, OrthoLogic will continue to operate the Bone Device Business unless and until it is able to negotiate another transaction that the Board of Directors believes is acceptable to the stockholders and to OrthoLogic. As discussed below under Proposal To Approve the Sale of the Bone Device Business Reasons for Engaging in the Asset Sale, the Board of Directors believes that we will need additional funding to properly continue the development of our Chrysalin product platform while still making the necessary investments in the Bone Device Business to maintain our historical growth rates and profitability. To the extent that we do not obtain needed capital through the sale of the Bone Device Business, we will have to obtain it through the issuance of additional debt or equity, by entering into a joint venture pursuant to which we share our rights to the Chrysalin product platform, or through other means, any one of which may reduce the value to us, perhaps substantially, of any commercialization of Chrysalin products. There is no guarantee that we would be able to obtain such funding on terms acceptable to us or at all.

Risks if the Asset Sale is Approved

The sale might not be consummated even though the stockholders approve the sale.

Stockholder approval is only one of the closing conditions. If the remaining closing conditions are not satisfied or waived, the sale might not be consummated, even if the stockholders approve the sale.

By completing the asset sale, we will become less diversified.

By selling our Bone Device Business assets, we will be selling our only business that is generating revenue. We will become a pure drug research and development company focused on the development of the Chrysalin product platform. We may invest in other orthobiologic or complementary technology in the future, but we have no current specific plans to do so at this time. This would increase our business risk because we will be less diversified than before the sale of the Bone Device Business assets and because our remaining business is in the relatively high-risk, but potentially high reward, field of orthobiologic pharmaceutical development.

After the sale, we will become a pure drug research and development company in a highly regulated field with high investment costs and high risks.

After the sale, we will be a drug research and development company. We currently have no pharmaceutical products being sold or ready for sale and do not expect to be able to introduce any pharmaceutical products for at least several years. Our Chrysalin product platform is still in the human testing phase for two potential products. The U.S. Food and Drug Administration (FDA) and comparable agencies in many foreign countries impose substantial limitations on the introduction of new pharmaceuticals through costly and time-consuming laboratory and clinical testing and other procedures. The process of obtaining FDA and other required regulatory approvals is lengthy, expensive and uncertain. Chrysalin, as a new drug, is subject to the most stringent level of FDA review.

Even after we have invested substantial funds in the development of our three Chrysalin products and even if the results of our current clinical trials are favorable, there can be no guarantee that the FDA will grant approval of Chrysalin for the indicated uses or that it will do so in a timely manner.

If we successfully bring one or more products to market, there is no assurance that we will be able to successfully manufacture or market the products or that potential customers will buy them if, for example, a competitive product has greater efficacy or is deemed more cost effective. In addition, the market in which we will sell any such products is dominated by a number of large corporations that have vastly greater resources than we have, which may impact our ability to successfully market our products or maintain any technological advantage we might develop. We also would be subject to changes in regulations governing the manufacture and marketing of our products, which could increase our costs, reduce any competitive advantage we may have and/or adversely affect our marketing effectiveness.

FORWARD-LOOKING STATEMENTS

When used in this proxy statement, the words estimate, project, intend, expect and similar expressions are intended to identify forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this proxy statement. Actual results may differ materially from those contemplated in forward-looking statements and projections. Risks and uncertainties that may cause such differences include, but are not limited to, our ability to close the sale of the Bone Device Business assets, the effects on OrthoLogic if the sale is not completed, and other risk factors detailed under Risk Factors, above and in our Securities and Exchange Commission filings, including our Form 10-K for the year ended December 31, 2002 and Form 10-Q for the quarter ended June 30, 2003.

PROPOSAL TO APPROVE THE SALE OF THE BONE DEVICE BUSINESS

If the sale of the assets of our Bone Device Business is approved by our stockholders, we intend to complete the sale of substantially all of the assets of the Bone Device Business to dj Orthopedics pursuant to the terms of the Asset Purchase Agreement. We expect to use the net proceeds of the sale to fund the development of our Chrysalin product platform and to explore other opportunities in orthobiologic or complementary technologies that may come up from time to time. A detailed description of the asset sale, and related information is included in this proxy statement. Descriptions of the asset sale in this proxy statement are qualified in their entirety by reference to the Asset Purchase Agreement that is attached to this proxy statement as Exhibit A. Stockholders are encouraged to read the Asset Purchase Agreement in its entirety.

OrthoLogic Corp.

OrthoLogic develops, manufactures and markets proprietary, technologically advanced orthopedic products designed to promote the healing of musculoskeletal bone and tissue, with particular emphasis on fracture healing and spinal repair. Our products are designed to enhance the healing of diseased, damaged, degenerated or recently repaired musculoskeletal tissue. Our products focus on improving the clinical outcomes and cost-effectiveness of orthopedic procedures that are characterized by compromised healing, high-cost, potential for complication and long recuperation time.

In 1999, we exercised our option to license the United States development, marketing, and distribution rights for the fracture indications for Chrysalin, a new tissue repair synthetic peptide. In 2000, we exercised our option to license Chrysalin for all orthopedic applications worldwide. Since that time, our research and development efforts have focused primarily on our Chrysalin product development program. We currently have three potential Chrysalin products either in human clinical trials or in late-stage pre-clinical development.

Products

Our Bone Device Business product line, which comprises all of our current products, includes bone growth stimulation and fracture fixation devices.

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

Bone Growth Stimulation Products. The OL1000 is a U.S. Food and Drug Administration (FDA) approved portable, noninvasive, physician-prescribed, electromagnetic bone growth stimulator designed for patients with nonunion fractures. The OL1000 comprises two magnetic field treatment transducers (coils) and a microprocessor-controlled signal generator that delivers a highly specific, low energy signal to the injured area. The device is attached to the patient's arm, leg or other area where there is a nonunion fracture. The OL1000 then evenly distributes a magnetic field over the patient's injured area.

The patient wears the device for 30 minutes each day. We believe the reduced treatment time leads to increased patient compliance with treatment protocol. In addition, the micro-controller tracks the patient's daily treatment compliance.

The OL1000 is used for the noninvasive treatment of an established nonunion fracture acquired secondary to trauma, excluding vertebrae and all flat bones. A nonunion fracture is considered to be established when the fracture site shows no visibly progressive signs of healing.

The OL1000 SC is an FDA approved single coil device, which utilizes the same combined magnetic field as the OL1000, is available in three sizes and is designed to be more comfortable for patients with certain types of fractures.

SpinaLogic® is a portable, noninvasive, electromagnetic bone growth stimulator, which enhances the healing process as an adjunct to spinal fusion surgery. SpinaLogic offers benefits similar to those of the OL1000 in that it is relatively easy to use, requires a small power supply and requires only 30 minutes of treatment per day. The patient attaches the device to the lumbar injury location where it provides localized magnetic field treatment to the fusion site. Like the OL1000, the SpinaLogic device contains a micro-controller that tracks the patient's daily treatment compliance and can easily be checked by the surgeon upon follow-up visits. SpinaLogic is approved by the FDA as an adjunct treatment for primary lumbar spinal fusions for one or two levels. It is designed for single patient use and is programmed for 270 consecutive, 30-minute daily treatments.

Our OL1000 product line is sold primarily through our direct sales force supplemented by regional distributors. Our SpinaLogic product line is sold exclusively through a worldwide spine product distributor.

Fracture Fixation Devices. We began to manufacture and distribute the OrthoFrame®/Mayo® line of external fixation products in 1993. The OrthoFrame/Mayo product is an external fixation device used in conjunction with surgical procedures. It is low profile, lightweight, and primarily sold to hospitals. We temporarily ceased manufacturing this product in 2000 to improve the product packaging, and began its relaunch in the fourth quarter of 2002.

Products In Research

In addition to our Bone Device Business products, we are developing a Chrysalin-based product platform. In January 1998, we made a minority equity investment (less than 10%) in a biotech firm, Chrysalis BioTechnology, Inc. (Chrysalis), and acquired, as part of that investment, an option to license a unique synthetic peptide called TP508, or Chrysalin. Chrysalin is a 23-amino acid synthetic peptide representing a fragment of the human thrombin molecule. Thrombin has been shown to be involved in the healing process for both soft tissue and bone. By mimicking specific attributes of the thrombin molecule, Chrysalin stimulates the body's natural healing processes, resulting in accelerated tissue repair.

During 2001 we completed a Phase 1/2 human clinical trial utilizing Chrysalin for fracture repair to test the safety and preliminary efficacy of Chrysalin. In July 2002, we received authorization to begin a Phase 3 human clinical trial under an Investigational New Drug application from the U.S. Food and Drug Administration (FDA). The trial will be performed at 25 to 30 clinical sites and will include approximately 500 patients.

In March 2002, we received authorization from the FDA to commence a Phase 1/2 clinical trial for a spinal fusion indication for Chrysalin. We began enrolling patients during the fourth quarter of 2002. The clinical trial will include approximately 330 patients and will be performed at 15 to 20 centers in the United States. The purpose of

the study is to evaluate the safety and preliminary efficacy of Chrysalin in combination with allograft bone (donor bone graft). The patient enrollment process is expected to take approximately 18 to 24 months with a nine-month follow-up period. We also hope to begin a Phase 1/2 human clinical trial for Chrysalin for articular cartilage repair in 2004.

We have not yet applied for FDA approval to market Chrysalin and there is no assurance that we will do so or that we would receive such approval if sought.

OrthoLogic does not own the patents to Chrysalin. Chrysalin was developed by and patented by Chrysalis BioTechnology, Inc., a company in which we hold a minority equity interest. We obtained the worldwide rights to use Chrysalin for all orthopedic indications through a series of licensing agreements with Chrysalis BioTechnology, Inc.

Description of the Asset Sale

On October 9, 2003, we announced that we had entered into an Asset Purchase Agreement to sell our Bone Device Business assets (including the rights to produce and market the OL1000, OL1000SC, SpinaLogic and OrthoFrame/Mayo) to dj Orthopedics. Upon the closing of the asset sale, we will assign and dj Orthopedics will assume and agree to perform those obligations outstanding on or arising after the closing date relating to the operation of the Bone Device Business (including various liabilities related to our employees).

Consideration to be Received in the Asset Sale. In exchange for the Bone Device Business assets, dj Orthopedics will pay us \$93.0 million in cash at closing and assume substantially all of our trade payables and other current liabilities related to the Bone Device Business, less an amount approximately equal to the net amount of Medicare receivables.

The \$93.0 million purchase price is subject to certain adjustments. In particular, the purchase price may be adjusted downward on a dollar-for-dollar basis if the closing date net working capital (as defined in the Asset Purchase Agreement) is less than \$8.0 million. As of August 31, 2003, the net working capital, as so defined, was approximately \$9.0 million. In addition, the purchase price may be adjusted downward by the amount by which Medicare accounts receivable excluded from the purchased assets exceeds the amount of trade payables we retained.

Of the \$93.0 million we will receive in the sale, \$7.5 million will be placed in an escrow account. The funds will be divided into two accounts: \$7.0 million from which dj Orthopedic's eligible indemnity and breach of contract claims, if any, may be paid and \$0.5 million from which a portion of the agreed upon incentive stay bonuses will be paid by the Buyer to former OrthoLogic executives on the first anniversary of the closing. The remaining funds in the \$7.0 million escrow account, in excess of the amount of any pending claims, will be released to us on the second anniversary of the closing.

Assets Transferred and Liabilities Assumed. We are selling and transferring substantially all of the assets of our Bone Device Business (other than cash and accounts receivable related to Medicare), which includes substantially all of the Bone Device Business non-Medicare accounts receivable, equipment, work-in-process, inventory, licenses, customer lists and rights to intellectual property and some contracts and agreements. dj Orthopedics will assume our obligations under the assumed contracts and will agree to perform our obligations under substantially all Bone Device Business contracts that are not assumed, pursuant to the terms of a subcontracting agreement. dj Orthopedics also is hiring substantially all of the Bone Device Business staff and

assuming or otherwise relieving us of related employee obligations. However, any obligation not expressly assumed by dj Orthopedics pursuant to the Asset Purchase Agreement will remain our responsibility, which will include obligations related to any employee severance payments, change-in-control severance payments, worker's compensation claims, stock options, taxes, liabilities related to excluded assets and undisclosed or contingent liabilities, if any.

Other Material Terms of the Asset Purchase Agreement

Representations and Warranties. The Asset Purchase Agreement contains customary representations and warranties from us to dj Orthopedics relating to, among other things:

due organization and good standing;

corporate authority to enter into the Asset Purchase Agreement;

the accuracy of financial statements;

ownership of the Bone Device Business assets;

absence of certain liabilities;

compliance with laws, including environmental and safety laws;

absence of material changes or events;

tax matters;

absence of liabilities related to employee benefit plans;

absence of litigation;

matters related to the amount and condition of the Bone Device Business assets, including intellectual property and other intangible assets; and

matters related to contracts and commitments.

dj Orthopedics has made representations and warranties to us regarding its legal capacity and authority to enter into and perform its obligations under the Asset Purchase Agreement, its financing commitment regarding the sale and the lack of required consents or approvals.

Most of our and dj Orthopedics's representations and warranties expire at the two year anniversary of the closing. Some, related to organization, authorization and the absence of brokers, survive indefinitely and others, related principally with taxes, employment benefits, the environment and government contracts expire 120 days after the respective statute of limitations for such claims expire.

Conditions to the Closing. The closing of the sale will be held promptly after approval by our stockholders and the satisfaction of all other conditions to closing. The obligation of dj Orthopedics to purchase the assets of the Bone Device Business is subject to various conditions, which must be satisfied prior to January 31, 2004, including the following:

our representations and warranties must be true and correct on the closing date;

the Bone Device Business shall not have suffered, a material adverse effect (as defined in the Asset Purchase Agreement), such as any adverse changes in the laws relating to reimbursements for purchases of medical devices of the type manufactured and sold by the Bone Device Business, or our failure to generate specified cumulative levels of earnings before interest, taxes, depreciation and amortization.

that none of the material suppliers, distributors or customers of the Bone Device Business has terminated its relationship with us or notified us that it intends to do so;

the parties shall have entered into a transition services agreement governing the provision of certain transition services, a sublease governing the lease by dj Orthopedics of certain space in our headquarters facility, an escrow agreement governing the escrow of \$7.5 million of the purchase price, a subcontract agreement by which we will temporarily subcontract our obligations under Bone Device Business-related contracts to dj Orthopedics while dj Orthopedics negotiates new

contracts with the customers, and a billing services agreement by which we will subcontract the collection of the retained Medicare receivables to dj Orthopedics;

receipt of all necessary government approvals and the consent of all parties necessary to transfer and assign material Bone Device Business contracts;

approval by our stockholders of the sale of the Bone Device Business assets; and

dj Orthopedics shall have obtained financing necessary to fund the purchase.

Indemnification. We have agreed to indemnify dj Orthopedics for any losses and claims against it arising from:

our breach of any covenants or any representations or warranties in the Asset Purchase Agreement;

any liabilities we have agreed to retain;

any of the assets dj Orthopedics did not purchase;

some claims arising out of conduct that occurred prior to the closing;

taxes; and

bulk transfer laws.

Of the \$93.0 million purchase price, \$7.0 million will be deposited in an escrow fund to pay for such eligible indemnity claims, if any, that are brought to us within two years of the closing. The eligible indemnity claims are, in the aggregate, monetarily capped at the value of the purchase price under the Asset Purchase Agreement. Our payment obligations under the indemnity commence after dj Orthopedics has absorbed the first \$250,000 of claims otherwise eligible for indemnity under the indemnity provisions.

dj Orthopedics has agreed to indemnify us for any of our losses resulting from any inaccuracy in or breach or nonperformance of any of dj Orthopedics' representations, warranties, covenants or agreements, its conduct and operation of the Bone Device Business after the closing and its failure to pay, perform or otherwise discharge the liabilities it agreed to assume as part of its purchase of the Bone Device Business.

Termination and Breakup Fee. We must pay a termination fee to dj Orthopedics if it terminates the Asset Purchase Agreement under specified circumstances as follows:

A \$2.0 million fee if the termination is because of our failure to obtain stockholder approval.

A \$2.0 million fee and reimbursement of up to \$2.0 million of expenses if the termination is because our Board decides to accept a different, superior offer as defined in, and subject to, the provisions of the Asset Purchase Agreement.

dj Orthopedics must pay us a \$2.0 million termination fee if we terminate the Asset Purchase Agreement because dj Orthopedics fails to obtain financing as a result of the status of or any change in dj Orthopedics' financial condition.

Noncompetition and Nonsolicitation Agreements. We have agreed that we will not, for a period of five years following the closing date, enter into product markets with a bone growth stimulation device that competes with the Bone Device Business anywhere in the world. Further, for two years after the closing, we may not solicit our former Bone Device Business customers or distributors to divert them from the Bone Device Business. We and dj Orthopedics have also agreed that, for two years after the closing, neither will not solicit the other's remaining employees or otherwise induce them to leave such employment.

Reasons for Engaging in the Asset Sale

Our Board of Directors believes that the proposed sale of the Bone Device Business assets to dj Orthopedics under the terms of the Asset Purchase Agreement is in our best interests and the best interests of our stockholders. Among other things, the Board believes that the sale is an essential step in carrying out our current strategy to transform ourselves from an orthopedic medical device company to a orthobiologics company by focusing on the development of the Chrysalin product platform.

In reaching the decision to sell the Bone Device Business assets, our Board of Directors considered a number of factors, including those described below:

Emphasis on Orthobiologics. Our Board of Directors believes the orthopedic healing industry is moving its focus from mechanical fixation devices to a future in orthobiologics. In the early 1990s, several healthcare and medical specialty companies began evaluating a new class of orthopedic products called orthobiologics. This new class of therapeutics combines innovations in biotechnology with material sciences and tissue biology to utilize the body's natural capacity to regenerate and repair musculoskeletal tissue. Although orthobiologic products make up just a fraction of the total worldwide orthopedic market, many analysts view orthobiologics as a potential key driver of industry growth and profitability going forward. Today, nearly all of the major orthopedic companies and several pharmaceutical companies have active research and development efforts underway to bring to market orthobiologic products for one or more orthopedic indications.

In 1997, as part of a long-range strategic planning process, we began investigating promising technologies in the orthobiologics arena. Our search led us to a development-stage healthcare technology company based in Galveston, Texas - Chrysalis BioTechnology, Inc. This company had developed and patented a unique small synthetic peptide, known as TP508 or Chrysalin, which had shown great promise in accelerating the healing process for both soft tissue and bone in animal studies.

In early 1998, we made an initial equity investment in Chrysalis BioTechnology, and by July 2001 we had secured the license rights for Chrysalin to include options for all orthopedic indications worldwide. Our desire to enter into the orthobiologics market with Chrysalin products is the primary reason we are proposing to sell our Bone Device Business assets.

The Chrysalin technology serves as the basis for a family of potential products we refer to collectively as the Chrysalin product platform. To date, we have initiated pre-clinical and clinical trials of three potential Chrysalin products - one for acceleration of fracture repair, a second for spine fusion procedures, and a third for cartilage defect repair. In addition, we are planning early pre-clinical tests on potential Chrysalin products for both ligament and tendon repair.

Each of the three potential Chrysalin products now in development is at a different stage in the new drug application (NDA) process. Depending upon the rate of patient enrollment, the success of the clinical trials, the quality of a potential NDA filing, and the evaluation timeframe at the FDA, it is possible that the first of the Chrysalin products could receive NDA approval in the 2007-2008 timeframe. However, completing all of these steps will require significant and steady funding over a sustained period of time.

Operating History and Financial Condition. Our Board of Directors considered the current and historical financial condition and results of operations of the Bone Device Business, as well as our strategic objectives, primarily the research and development of the Chrysalin product platform. During much of the last five years, our Bone Device Business generated sufficient revenues and earnings to fund Chrysalin-related research-and-development activities. However, internal projections for 2004 and going forward include research and development spending targets that would substantially exceed funds generated from our existing device business and available funds. Therefore, during the last two years, our Board of Directors has been exploring strategic alternatives to assure we would be able to fully fund our orthobiologics efforts.

Strategic Alternatives. The decision of the Board to approve and recommend the sale of the Bone Device Business assets was the result of an extended evaluation process. During the last two years, the Board and senior management have, from time to time, evaluated and considered a number of alternatives. Among these were:

Continue to fund the R&D requirements of the Chrysalin program from existing device business cash flow and earnings. Our Board of Directors determined that this strategy would be viable in 2004 and perhaps 2005 but was unlikely to be sustainable beyond then without securing significant additional funding. Furthermore, we believe that the Bone Device Business would also require additional investment in order to maintain its historical growth rates and profitability.

Continue to fund the research and development requirements of the Chrysalin program from existing device business cash flow and earnings and secure a strategic partner to share the cost of the Chrysalin program in exchange for some rights to the Chrysalin program. This alternative would likely generate sufficient funds to cover Chrysalin-related research and development costs beyond 2005 and allow us to post net profits during that period. However, our Board believes that Chrysalin is still relatively early in the commercialization cycle and, therefore, we would have to give up disproportionately greater future value to obtain funding from a strategic partner now, rather than in later stages of development when we might have additional favorable human clinical data. The Board believes that the longer we retain control over our orthobiologic product platform, the more valuable Chrysalin becomes to potential partners, licensees and/or acquirers.

Sell the Bone Device Business and become a pure-play orthobiologics company focused on commercializing Chrysalin-based products and seeking other orthobiologic technologies that could complement our development efforts. In the Board's view, this alternative positions us as a drug-development company in some of the most promising segments of the orthopedics market and provides needed capital to further our development of Chrysalin.

After careful consideration and consultation with medical and financial industry experts, our Board of Directors decided that stockholders were likely to benefit most if we were to successfully pursue the sale of the Bone Device Business. A process was then put in place to explore such a sale.

The Board believes this alternative provides the following advantages:

allows us to focus exclusively on orthobiologics as a pure-play without the distraction of simultaneously attempting to manage two very different businesses;

gives us significant financial flexibility to pursue Chrysalin commercialization and explore complementary technologies;

allows us to maintain a greater degree of control over the Chrysalin product platform as we negotiate with potential strategic partners whether large orthopedic companies or major pharmaceutical concerns;

grants us greater visibility into the long-term value of Chrysalin-based technologies; and

provides greater clarity of our vision for both our current stockholders and the investment community as a whole.

The above information and factors considered by our Board are not intended to be exhaustive, but includes all of the material factors considered by our Board.

Background, Past Contacts, and Negotiations

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

Set forth below is a chronological description of some of the events leading up to and the material contacts between OrthoLogic and dj Orthopedics relating to the sale of the Bone Device Business.

January 29, 2002 OrthoLogic engaged the services of J.P. Morgan, a nationally recognized investment banking firm and financial advisor, to explore strategic alternatives.

January 2002 May 2003 J.P. Morgan approached 20 potential acquirers, including dj Orthopedics, LLC, to discuss strategic transactions with OrthoLogic, including a sale of the Bone Device Business assets. By May, six potential purchasers (including dj Orthopedics) executed non-disclosure agreements with OrthoLogic, and OrthoLogic allowed them access to certain non-public financial and other information regarding the Bone Device Business

May 1, 2003 dj Orthopedics submitted an executed non-disclosure agreement to OrthoLogic.

May 9, 2003 dj Orthopedics submitted a non-binding proposal to OrthoLogic. Between March 21, 2003 and May 12, 2003, four of the six potential purchasers had submitted non-binding proposals to OrthoLogic.

May 12, 2003 OrthoLogic entered into an exclusivity agreement with one of the four potential purchasers other than dj Orthopedics and commenced negotiations with that other party.

June 24, 2003 OrthoLogic received an unsolicited, revised expression of interest from dj Orthopedics, LLC suggesting a potential purchase price for the Bone Device Business that was higher than the dj Orthopedics original non-binding proposal and higher than the first party's offer. OrthoLogic notified the first party of the material terms of the unsolicited dj Orthopedics offer, but did not respond to dj Orthopedics.

June 28, 2003 OrthoLogic's exclusivity agreement with the first party expired.

July 3, 2003 OrthoLogic and dj Orthopedics entered into an exclusivity agreement to negotiate the definitive terms of a purchase agreement.

July 7-10, 2003 dj Orthopedics management, financial advisors and general counsel met in Phoenix, Arizona with OrthoLogic's management and legal counsel to discuss the terms of the sale. dj Orthopedics staff conducted its financial and legal due diligence at OrthoLogic's facilities.

July 21, 2003 dj Orthopedics submitted a revised proposed term sheet based on its due diligence to acquire the Bone Device Business assets and to extend the exclusivity agreement to August 1, 2003.

August 1, 2003 The exclusivity agreement with dj Orthopedics expired. Senior management and legal counsel for dj Orthopedics and OrthoLogic held a conference call to further negotiate terms of the sale. The two companies decided to proceed in negotiations without an exclusivity agreement.

August 13, 2003 While in New York, our CEO, Thomas R. Trotter, met representatives of J.P. Morgan and a director of dj Orthopedics to discuss the status of the negotiations of the sales.

August 19 September 5, 2003 During this period, legal counsel and management continued to negotiate the terms of the sale and explore the resolution of open issues.

September 8, 2003 dj Orthopedics chairman of the board, senior management and general counsel met in Phoenix, Arizona with OrthoLogic's senior management and legal counsel to further negotiate the terms of the sale.

September 10, 2003 The parties signed an exclusivity agreement to negotiate a transaction.

September 10 October 7, 2003 Legal counsel for both parties further negotiated the terms of the sale, leading to the present proposed sale of the Bone Device Business assets.

October 8, 2003 The parties signed the Asset Purchase Agreement after the markets closed and publicly announced the sale the next day before the markets opened.

Recommendation of the Board of Directors to Stockholders

Our Board of Directors has approved the sale of the Bone Device Business assets and the Asset Purchase Agreement. Our Board of Directors believes that the sale of the Bone Device Business assets is in the best interests of OrthoLogic Corp. and our stockholders and recommends that stockholders vote in favor of the sale of the Bone Device Business assets pursuant to the Asset Purchase Agreement.

Vote Required for the Approval of the Asset Sale

In order for us to sell the Bone Device Business assets to dj Orthopedics, holders of a majority of the common stock outstanding must vote to approve the sale of the Bone Device Business assets.

CONFLICTS OF INTEREST; INTERESTS OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Under the terms of his July 15, 2002 employment agreement, Thomas R. Trotter, our President and Chief Executive Officer and a director on our Board of Directors, will be paid a special incentive bonus payment upon the sale of the Bone Device Business assets equal to one-half of one percent (1/2%) of the sale price or approximately \$465,000 (assuming no adjustment to the purchase price in accordance with the terms of the Asset Purchase Agreement).

Under the terms of our stock option plans, the vesting of outstanding stock options will accelerate upon the closing of the sale to dj Orthopedics. Terminated employees' options will vest immediately upon the sale. Continuing employees and our directors will have 75% of their unvested options vest upon the sale, with the remainder vesting over a 12 month period or on their regular vesting schedule, if earlier. For more detail about the shareholdings of and options held by our officers and directors, see the Security Ownership of Certain Beneficial Owners and Management on Page 37.

ACCOUNTING TREATMENT OF THE ASSET SALE

Under accounting principles generally accepted in the United States, upon consummation of the sale of the Bone Device Business assets, we will remove the net assets sold from our consolidated balance sheet and record the gain on the sale, net of transaction costs, severance and other related costs, including applicable state and federal income taxes, in our consolidated statement of income.

MATERIAL UNITED STATES TAX CONSEQUENCES OF THE ASSET SALE

The following is a summary of the principal material United States federal income tax consequences relating to the proposed sale of our Bone Device Business assets to dj Orthopedics. The summary does not consider the effect of any applicable foreign, state, local or other tax laws nor does it address tax consequences applicable to stockholders that may be subject to special federal income tax rules. The following summary is based on the current provisions of the Internal Revenue Code, existing, temporary, and proposed Treasury regulations thereunder, and current administrative rulings and court decisions. Future legislative, judicial or administrative actions or decisions, which may be retroactive in effect, may affect the accuracy of any statements in this summary with respect to the transactions entered into or contemplated prior to the effective date of those changes.

The proposed sale of our Bone Device Business assets to dj Orthopedics will be a transaction taxable to us for United States federal income tax purposes. We will recognize taxable income equal to the amount realized on the sale in excess of our tax basis in the assets sold. The amount realized on the sale will consist of the cash we receive in exchange for the assets sold, plus the amount of related liabilities assumed by dj Orthopedics.

Although the sale of our Bone Device Business assets to dj Orthopedics will result in a taxable gain to us, a portion of the taxable gain will be offset to the extent of current year losses from operations plus available net operating loss carry forwards, as currently reflected on our consolidated federal income tax returns. The taxable gain will differ from the gain to be reported in the OrthoLogic financial statements due to temporary tax differences and certain other differences between the tax laws and generally accepted accounting principles.

We believe we will be able to apply our approximately \$63.0 million tax loss carry forward without limitation against the taxable gain from the sale of the Bone Device Business assets. However, due to the limitation of net operating loss carry forwards under the federal alternative minimum tax system, a portion of the taxable gain reduced by our net operating loss carry forwards may be subject to the federal alternative minimum income tax. The availability and amount of net operating loss carry forwards are subject to audit and adjustment by the Internal Revenue Service. In the event that the Internal Revenue Service adjusts the net operating loss carry forwards, we may incur an increased tax liability.

Our stockholders will experience no federal income tax consequences as a result of the consummation of the proposed sale of our Bone Device Business assets to dj Orthopedics.

EACH HOLDER OF OUR COMMON STOCK IS URGED TO CONSULT HIS OR HER OWN TAX ADVISOR AS TO THE FEDERAL INCOME TAX CONSEQUENCES OF THE SALE, AND ALSO AS TO ANY STATE, LOCAL, FOREIGN OR OTHER TAX CONSEQUENCES BASED ON HIS OR HER OWN PARTICULAR FACTS AND CIRCUMSTANCES.

REGULATORY APPROVALS

Other than compliance with the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, we are not required to comply with any federal or state regulatory requirements or obtain approval from any federal or state agency in connection with the asset sale. dj Orthopedics has represented to us in the Asset Purchase Agreement that it is not required to comply with any such requirements or obtain approval from any such agencies other than compliance with the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended.

OPINIONS OF FINANCIAL ADVISORS

General

Our financial advisor in this transaction, J.P. Morgan, has rendered an opinion to our Board that the consideration we will receive in this transaction is, from a financial point of view, fair to us. Because J.P. Morgan, through its affiliated company (J.P. Morgan Partners, LLC), owns approximately 41% of dj Orthopedics, Inc. (with voting control over approximately 47%), we also engaged First Albany Corporation to advise us and render an opinion regarding the fairness of the consideration we will receive in this transaction, from a financial point of view. First Albany Corporation conducted its analysis and rendered its opinion independent of J.P. Morgan.

We selected J.P. Morgan and First Albany Corporation, in part, because both have substantial experience in transactions similar to our sale. The investment bankers at J.P. Morgan and First Albany Corporation have regularly engaged in the valuation of businesses and securities in connection with mergers and acquisitions, leveraged buyouts, negotiated underwritings, secondary distributions of listed and unlisted securities and private placements.

On October 7, 2003, J.P. Morgan rendered an oral opinion that, as of such date, and based upon the assumptions made, matters considered and limits of review set forth in its written opinion, the consideration anticipated to be received by us as a result of the proposed transaction was fair, from a financial point of view. This opinion was reaffirmed in writing by a letter dated October 9, 2003 (the J.P. Morgan Opinion).

On October 7, 2003, First Albany Corporation made a presentation to our Board stating that, based on assumptions made and other matters considered, as set forth in the written opinion, the consideration we expected to

be paid by selling our Bone Device Business to dj Orthopedics was fair to OrthoLogic Corp., from a financial point of view. This opinion was reaffirmed in writing by a letter dated October 8, 2003 (the First Albany Opinion).

Summary of J.P. Morgan Fairness Opinion

Pursuant to an engagement letter dated January 29, 2002 and amended as of January 29, 2003, OrthoLogic retained J.P. Morgan as its financial advisor in connection with the proposed transaction with dj Orthopedics.

At the meeting of our Board of Directors on October 7, 2003, J.P. Morgan rendered its oral opinion to the Board of Directors that, as of such date, the consideration to be received by us in the proposed transaction was fair, from a financial point of view. J.P. Morgan has confirmed such oral opinion by delivering its written opinion, dated October 9, 2003, to our Board of Directors, stating that, as of such date, the consideration to be received us in the proposed transaction was fair, from a financial point of view. No limitations were imposed by the OrthoLogic Board of Directors upon J.P. Morgan with respect to the investigations made or procedures followed by it in rendering its written opinion.

The full text of the written opinion of J.P. Morgan dated October 9, 2003, which sets forth the assumptions made, matters considered and limits on the review undertaken, is attached as Exhibit B to this proxy statement and is incorporated herein by reference. OrthoLogic's stockholders are urged to read the opinion in its entirety. J.P. Morgan's written opinion is addressed to the Board of Directors of OrthoLogic, is directed only to the consideration to be received by OrthoLogic in the proposed transaction and does not constitute a recommendation to any of our stockholders as to how such stockholder should vote at the OrthoLogic special meeting. The summary of the opinion of J.P. Morgan set forth in this proxy statement is qualified in its entirety by reference to the full text of such opinion.

In arriving at its opinion, J.P. Morgan, among other things:

reviewed the executed Asset Purchase Agreement dated October 8, 2003;

reviewed certain publicly available business and financial information concerning the Bone Device Business and the industry in which it operates;

compared the proposed financial terms of the transaction with dj Orthopedics with the publicly available financial terms of certain transactions involving companies or businesses J.P. Morgan deemed relevant and the consideration received for such companies or businesses;

compared the financial and operating performance of the Bone Device Business with publicly available information concerning certain other companies J.P. Morgan deemed relevant;

reviewed certain internal financial analyses and forecasts prepared based on information provided by OrthoLogic management relating to its Bone Device Business as well as publicly available information concerning such business and the industry in which it operates; and

performed such other financial studies and analyses and considered such other information as J.P. Morgan deemed appropriate for the purposes of its opinion.

J.P. Morgan also held discussions with certain members of the management of OrthoLogic with respect to certain aspects of the proposed transaction, and the past and current business operations of OrthoLogic and its Bone Device Business, and the financial condition and future prospects and operations of OrthoLogic and its Bone Device Business, and certain other matters J.P. Morgan believed necessary or appropriate to its inquiry.

J.P. Morgan relied upon and assumed, without independent verification, the accuracy and completeness of all information that was publicly available or that was furnished to it by OrthoLogic or otherwise reviewed by J.P. Morgan, and J.P. Morgan has not assumed any responsibility or liability therefor. J.P. Morgan did not conduct any

valuation or appraisal of any assets or liabilities, nor were any valuations or appraisals provided to J.P. Morgan. In relying on financial analyses and forecasts referred to above, J.P. Morgan assumed that they were based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of OrthoLogic's Bone Device Business to which such analyses or forecasts relate. J.P. Morgan also assumed that the proposed transaction contemplated by the Asset Purchase Agreement will be consummated as described in such agreement. J.P. Morgan relied as to all legal matters relevant to the rendering of its opinion upon the advice of counsel.

The projections relied upon by J.P. Morgan for OrthoLogic's Bone Device Business were prepared based on information provided by OrthoLogic management relating to such business as well as publicly available information concerning the business and the industry in which it operates. OrthoLogic does not publicly disclose internal management projections of the type relied upon by J.P. Morgan in connection with J.P. Morgan's analysis of the proposed transaction with dj Orthopedics, and such projections were not prepared with a view toward public disclosure. These projections were based on numerous variables and assumptions that are inherently uncertain and may be beyond the control of management, including, without limitation, factors related to general economic and competitive conditions and prevailing interest rates. Accordingly, actual results could vary significantly from those set forth in such projections.

J.P. Morgan's opinion is based on economic, market and other conditions as in effect on, and the information made available to J.P. Morgan as of, the date of such opinion. Subsequent developments may affect the written opinion dated October 9, 2003, and J.P. Morgan does not have any obligation to update, revise, or reaffirm such opinion. J.P. Morgan's opinion is limited to the fairness, from a financial point of view, of the consideration to be received by OrthoLogic in the proposed transaction, and J.P. Morgan has expressed no opinion as to the underlying decision by OrthoLogic to engage in such transaction. J.P. Morgan expressed no opinion as to the price at which OrthoLogic's common stock will trade at any future time.

In accordance with customary investment banking practice, J.P. Morgan employed generally accepted valuation methods in reaching its opinion. The following is a summary of the material financial analyses utilized by J.P. Morgan in connection with providing its opinion.

Discounted Cash Flow Analysis. J.P. Morgan conducted a discounted cash flow analysis for the purpose of determining the enterprise value of OrthoLogic's Bone Device Business. J.P. Morgan calculated the unlevered free cash flows that the business is expected to generate during fiscal years 2004 through 2013 based upon financial projections which were prepared on the basis of information provided by our management relating to the business, as well as publicly available information concerning the business and the industry in which it operates. J.P. Morgan also calculated a range of terminal values of the business at the end of the 10-year period ending 2013 by applying a perpetual growth rate ranging from 0.0% to 2.0% to the unlevered free cash flow of the business during the final year of the 10-year period, derived from the projections referred to above. The unlevered free cash flows and the range of terminal values were then discounted to values as of December 31, 2003, using a range of discount rates from 13.0% to 15.0%, which were selected by J.P. Morgan based upon an analysis of the weighted average cost of capital of the business. Based on the projections and a discount rate range of 13.0% to 15.0%, the foregoing discounted cash flow analysis indicated a range of enterprise values of between \$76.0 million and \$93.0 million.

In addition, J.P. Morgan conducted an alternative discounted cash flow analysis, using unlevered free cash flow forecast periods of 15 years and 25 years, respectively, and assuming no perpetuity value at the end of such periods. In calculating the unlevered free cash flows of the business for the years after the initial 10-year period, J.P. Morgan assumed an annual sales growth rate of 1.0% and profitability margins equal to that of the final year of the initial 10-year period, which were derived from the terminal growth rate assumptions utilized in the other discounted cash flow analysis summarized above. Based on the projections for the 15-year and 25-year periods, the assumption of no perpetuity value, and a discount rate range of 13.0% to 15.0%, this alternative discounted cash flow analysis indicated a range of enterprise values of between \$66.0 million and \$85.0 million.

Precedent Transaction Analysis. J.P. Morgan reviewed the purchase prices paid in ten selected transactions (as set forth in the table below) in the orthopedic device sector of the healthcare industry. Financial data for the selected transactions were based on publicly available information at the time of announcement of the relevant

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

transaction. J.P. Morgan then calculated the ratio of the enterprise value (calculated as equity value, plus debt, less cash and cash equivalents) to the trailing 12-month revenue for each selected transaction and compared the results of these calculations with the corresponding calculation for the proposed transaction between OrthoLogic and dj Orthopedics. J.P. Morgan selected a revenue multiple range of 1.7 - 2.0x (reflecting selected and broad median observations from the transaction analysis) to apply to the trailing twelve month revenues of OrthoLogic's Bone Device Business (as of June 30, 2003), yielding an enterprise value range of \$71.0 million to \$84.0 million.

Notes:

¹ LTM figure was not publicly disclosed; run-rate sales were reported as \$45mm, implying a transaction multiple of 2.0x run rate sales

² Selected median reflects only the following transactions: Biomet/Bioelectron; Orthofix/AME; Biomet/EBI. These transactions were selected based on the similarity of the target company to OrthoLogic's Bone Device Business.

Public Trading Multiples. Using publicly available information, J.P. Morgan reviewed the trading and operating statistics of the following selected publicly traded companies in the orthopedic device sector of the healthcare industry, based on closing stock prices on October 1, 2003:

Conmed Corporation

Orthofix International, NV

dj Orthopedics, Inc.

Encore Medical Corporation

Compex Technologies, Inc.

J.P. Morgan calculated the ratio of enterprise value to calendar 2004 estimated revenue for each of the selected companies, and compared the ratios derived from these analyses to corresponding financial data for OrthoLogic's Bone Device Business. J.P. Morgan selected a revenue multiple range of 0.9 - 1.7x (reflecting the low and median of the range of the selected companies) to apply to the 2004 estimated revenues of the business, yielding an enterprise value range of \$48.0 million to \$90.0 million.

The summary set forth above does not purport to be a complete description of the analyses or data presented by J.P. Morgan. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. J.P. Morgan believes that the summary set forth above and its analyses must be considered as a whole and that selecting portions thereof, without considering all of its analyses, could create an incomplete view of the processes underlying its analyses and opinion. J.P. Morgan based its analyses on assumptions that it deemed reasonable, including assumptions concerning general business and economic conditions and industry-specific factors. The other principal assumptions upon which J.P. Morgan based its analyses are set forth above under the description of each such analysis. J.P. Morgan's analyses are not necessarily indicative of actual values or actual future results that might be achieved, which values may be higher or lower than those indicated. Moreover, J.P. Morgan's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold.

As a part of its investment banking business, J.P. Morgan and its affiliates are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements, and valuations for estate, corporate and other purposes. J.P. Morgan was selected to advise OrthoLogic with respect to the proposed transaction and to deliver an opinion to OrthoLogic's Board of Directors with respect to the proposed transaction on the basis of such experience and its familiarity with OrthoLogic.

OrthoLogic entered into a letter agreement dated January 29, 2002 (amended January 29, 2003) with J.P. Morgan relating to the services to be provided by J.P. Morgan in connection with the proposed transaction. We agreed to pay J.P. Morgan a total fee of \$1,395,000 plus reimbursement of expenses. There are no other current arrangements to compensate J.P. Morgan for any services rendered to us.

J.P. Morgan and its affiliates maintain investment banking, commercial banking and other business relationships with OrthoLogic and its affiliates, for which they receive customary fees. In addition, J.P. Morgan Partners, an affiliate of J.P. Morgan, owns approximately 41% of the outstanding stock of dj Orthopedics. In the ordinary course of their businesses, J.P. Morgan and its affiliates may actively trade the debt and equity securities of OrthoLogic or dj Orthopedics for their own accounts or for the accounts of customers and, accordingly, they may at any time hold long or short positions in such securities.

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

In connection with rendering its opinion, First Albany Corporation, among other things:

reviewed certain publicly available business and financial data relating us and the Bone Device Business assets;

reviewed certain financial and operating information with respect to the business, operations and prospects of OrthoLogic and the Bone Device Business assets,

made such other studies and inquiries, and considered such other information, financial studies, analyses and investigations and financial, economic and market criteria, as First Albany Corporation deemed relevant.

First Albany Corporation's opinion is based on market, economic and other conditions and circumstances involving OrthoLogic, the Bone Device Business and their respective industries as they were in effect on, and which, by necessity, could only be evaluated on, the date of the First Albany Corporation opinion. First Albany Corporation assumed no responsibility to update, revise or reaffirm its opinion based upon events or circumstances occurring after the date thereof.

In connection with its review and arriving at its opinion, with the consent of our Board of Directors, First Albany Corporation:

assumed that the final executed form of the Asset Purchase Agreement did not differ in any material respect from the draft that First Albany Corporation examined at the date of its opinion, and that we and dj Orthopedics would comply with all material terms of the Asset Purchase Agreement;

assumed that the financial forecasts relating to OrthoLogic and the Bone Device Business referred to above were reasonably prepared on bases reflecting the best currently available estimates and judgments of our management as to the future financial performance of OrthoLogic and the Bone Device Business; and

did not make any independent evaluation or appraisal of any of the assets, properties or facilities of OrthoLogic, or the Bone Device Business, nor was First Albany Corporation furnished with any such evaluation or appraisal.

The following is a summary of the significant financial analyses used by First Albany Corporation in connection with the rendering of its opinion. The following summary, however, does not purport to be a complete description of the financial data presented or analyses performed by First Albany. Instead, it describes in summary form, the material elements of the presentation First Albany Corporation made to our Board of Directors on October 7, 2003 in connection with the preparation of its fairness opinion. The financial analyses summarized below include

information presented in tabular format. In order to understand the financial analyses fully, the tables must be read together with the text of each summary. Considering the data set forth below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the financial analyses.

Selected Comparable Public Company Analysis. Using publicly available information, First Albany Corporation compared selected financial information, ratios and public market multiples for the Bone Device Business to the corresponding data for the following seven publicly-traded medical device companies all of which are broadly comparable to the Bone Device Business:

CONMED Corporation

Orthofix International NV

ArthroCare Corporation

dj Orthopedics Inc.

Encore Medical Corporation

CryoLife Inc.

Compex Technologies Inc.

Although none of the selected companies is directly comparable to the Bone Device Business, the companies were chosen because, for purposes of the analysis, First Albany Corporation considered them comparable to the Bone Device Business in that these companies are small-to-mid-cap, independent medical devices companies in lines of business or with product characteristics that are reasonably similar to that of the Bone Device Business. For informational purposes only, First Albany Corporation also looked at the relative valuations of Biomet and Smith & Nephew, but deemed them irrelevant to the comparable companies analysis due to the fact that they are both multi-billion dollar market capitalization companies with highly diversified lines of business of which only a very small portion are competitive or comparable to the Bone Device Business.

First Albany Corporation reviewed, among other information, the comparable companies' multiples of total enterprise value, referred to as TEV, which consists of the market value of the particular company's equity plus the total debt minus cash, cash equivalents and marketable securities of the company to:

latest twelve months revenue, referred to as LTM revenue;

estimated calendar year 2003 revenue, referred to as CY 2003E revenue; and

LTM earnings before interest, taxes, depreciation and amortization, referred to as LTM EBITDA.

All of the multiples were based on closing stock prices on October 2, 2003. Estimated financial and operating data for the Bone Device Business was based on internal estimates of OrthoLogic's management and for the selected comparable companies was based on publicly available research analysts' estimates. Actual financial and operating data was based on the respective companies' relevant SEC filings.

First Albany Corporation applied a range of selected multiples derived from the selected comparable companies to the corresponding LTM revenues, CY 2003E revenues and LTM EBITDA of the Bone Device Business. This analysis indicated the following implied enterprise value range for the Bone Device Business of approximately \$67.7 million to \$111.6 million, as compared to the value of the consideration to be received in the sale to dj Orthopedics of \$95.4 million (which includes \$93.0 million in cash plus \$2.4 million in assumed liabilities):

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

(\$ in millions)

Implied Enterprise Value Range ⁽¹⁾			Value of Consideration to be Received
Low	Midpoint	High	
\$67.7	\$89.7	\$111.6	\$ 95.4

(1) Note that the low of the range is equal to the low multiple from the comparable companies universe times the relevant operating statistic for the Bone Device Business and the high of the range is equal to the greater of the mean and median multiple for the comparable companies universe times the relevant operating statistic for the Bone Device Business. The midpoint is the average of the high and the low.

Selected Precedent Transaction Analysis. Using publicly available information, First Albany reviewed financial information relating to the following selected transactions in the medical device industry:

Acquiror	Target
Patterson Dental Company	AbilityOne Products Corp.
Encore Medical Corp.	Chattanooga Group, Inc.
OrthoRehab Inc.	OrthoLogic CPM Business
Biomet, Inc.	Bioelectron Inc.
Smith & Nephew plc	Exogen, Inc.
Fox Paine & Company	Maxxim Medical, Inc.
Carlyle Group	Empi, Inc.
Chase Capital Partners and Affiliates	Donjoy (Smith & Nephew)

First Albany Corporation chose the selected transactions because they were business combinations that, for the purposes of the analysis, First Albany Corporation considered to be reasonably similar to our sale of the Bone Device Business in that these transactions involved the acquisition of small to mid-sized companies in the medical device industry and in lines of business or with product characteristics that are reasonably similar to that of the Bone Device Business.

First Albany Corporation reviewed, among other things, the multiples of the transaction enterprise value of the business combination, which consist of the transaction value of the target company's equity plus the total debt minus cash, cash equivalents and marketable securities, of the target company to:

latest twelve months revenue, referred to as LTM revenue; and

latest twelve months earnings before interest, taxes, depreciation and amortization, referred to as LTM EBITDA.

Actual financial and operating data for the Bone Device Business was based on information provided by the OrthoLogic management and SEC filings. Financial and operating data for the transactions was based on relevant SEC filings, press releases and publicly available research analysts' estimates.

First Albany Corporation applied a range of selected multiples derived from the selected transactions to the corresponding LTM revenues and LTM EBITDA of the Bone Device Business. This analysis indicated the following implied enterprise value range for the Bone Device Business of approximately \$44.4 million to \$92.1 million, as compared to the value of the consideration to be received in the sale of the Bone Device Business to dj Orthopedics of \$95.4 million (which includes \$93.0 million in cash plus \$2.4 million in assumed liabilities):

Implied Enterprise Value Range ⁽¹⁾			Value of Consideration to be Received
Low	Midpoint	High	
\$44.4	\$68.3	\$92.1	

(1) Note that the low of the range is equal to the low multiple from the precedent transactions universe times the relevant operating statistic for the Bone Device Business and the high of the range is equal to the greater of the mean and median multiple for the precedent transactions universe times the relevant operating statistic for the Bone Device Business. The midpoint is the average of the high and the low.

The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, is not susceptible to partial analysis or summary descriptions. In arriving at its opinion, First Albany Corporation made qualitative judgments as to the significance and relevance of each analysis and factor considered by it, and based on the results of all the analyses undertaken by it and assessed as a whole. First Albany Corporation did not draw conclusions, in isolation, from or with regard to any one factor or method of analysis. Accordingly, First Albany Corporation believes that its analyses must be considered as a whole and that selecting portions of its analyses and the factors considered by it, without considering all analyses and factors, could create a misleading or incomplete view of the processes underlying the analyses set forth in its opinion.

In performing its analyses, First Albany Corporation made numerous assumptions with respect to industry performance, general business, financial, market and economic conditions and other matters, many of which are beyond OrthoLogic's control. No company, transaction or business used in those analyses as a comparison is identical to OrthoLogic, the Bone Device Business or the sale to dj Orthopedics, nor is an evaluation of the results entirely mathematical. Rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the operating results, public trading or other values of the companies or transactions being analyzed.

The estimates contained in the analyses performed by First Albany Corporation and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than suggested by these analyses. Accordingly, such estimates are inherently subject to substantial uncertainty and neither OrthoLogic nor First Albany Corporation assumes responsibility for the accuracy of such analyses and estimates. In addition, analyses relating to the value of securities do not purport to be appraisals or to reflect the prices at which a business might actually be sold or the prices at which any securities may trade at the present time or at any time in the future.

First Albany Corporation is a full service investment banking and capital markets securities firm which is engaged on a regular basis in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, private placements and valuations for corporate, estate and other purposes. First Albany Corporation was not retained as an advisor or agent to the OrthoLogic stockholders or any other person. As a customary part of its business, First Albany may from time to time effect transactions for its own account or for the account of its customers, and hold positions (long or short) in securities of, or options on, securities of OrthoLogic.

First Albany Corporation received a fee of \$300,000 plus reimbursement of expenses in connection with its opinion, which fee was not contingent upon the nature of the conclusions expressed in its opinion nor upon the consummation of the sale to dj Orthopedics. There are no other current arrangements to compensate First Albany Corporation, its affiliates or unaffiliated representatives for any services rendered to OrthoLogic, its affiliates, directors or executive officers.

Divestiture

On October 9, 2003, OrthoLogic Corp. and subsidiaries (OrthoLogic) announced that it had entered into an agreement (the Asset Purchase Agreement) to sell substantially all of the assets and related liabilities of the Bone Device Business (the Business), including substantially all of the related machinery, equipment, inventory, work in process, licenses, customer lists and intellectual property and certain agreements and contracts to dj Orthopedics, LLC (dj Orthopedics). dj Orthopedics will assume substantially all of the trade payables and other current liabilities related to the Business. (Collectively, the Proposed Transaction.) The sale will be accounted for by Orthologic as a discontinued operation.

If the Proposed Transaction is consummated, dj Orthopedics will pay \$93.0 million in cash at the closing and will assume trade payables and other current liabilities as discussed above. The purchase price is subject to reduction on a dollar-for-dollar basis if the net closing working capital value (as defined in the Asset Purchase Agreement) is below \$8.0 million on the closing date. A \$7.5 million portion of the purchase price will be deposited in an escrow account that may be drawn upon to settle any claims by dj Orthopedics for indemnification or breach of the Asset Purchase Agreement, and other commitments. Any remaining funds held in escrow, together with any interest earnings, will be released to OrthoLogic on the second anniversary of the closing. dj Orthopedics has the right to terminate the sale if certain conditions are not satisfied prior to closing, including: (i) receipt by OrthoLogic of any necessary government approvals and the consent of any parties necessary to assign material contracts to dj Orthopedics; (ii) OrthoLogic approval of the sale; (iii) no material adverse change in OrthoLogic s business; and (iv) execution of transition agreements coordinating the orderly transfer of the Business.

- (1) To give effect to the disposition of the Bone Device Business as of the balance sheet date presented. Pursuant to the Asset Purchase Agreement, Orthologic will sell substantially all of the assets of the Bone Device Business, including substantially all of the related machinery, equipment, inventory, work in process, licenses, customer lists and intellectual property and certain agreements and contracts to djOrthopedics. dj Orthopedics will assume substantially all of the Bone Device Business trade payables and other current liabilities less payables in an amount approximately equal to the amount of retained Medicare receivables. Therefore, the adjustment removes the related historical assets and liabilities of the Bone Device Business that will not be retained by Orthologic.
- (2) To give effect to the net cash proceeds, gain on disposition and related taxes as a result of the sale of the Bone Device Business as if it occurred on June 30, 2003. The cash amount reflects the \$93.0 million payment from djOrthopedics net of the \$7.5 million to be placed in escrow, shown as escrow deposit receivable, and direct costs of the transaction of \$5.0 million, for net proceeds of \$80.5 million. The gain reflected in accumulated deficit is composed primarily of the cash proceeds, net of the net assets sold, direct costs, taxes payable and the increase of the valuation allowance for the remaining deferred tax asset.

NOTES TO UNAUDITED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2002, 2001 AND 2000 AND SIX MONTHS ENDED JUNE 30, 2003 AND 2002

1. ORGANIZATION AND BACKGROUND

On October 9, 2003, OrthoLogic Corp. (OrthoLogic) announced that it had entered into an agreement (the Asset Purchase Agreement) to sell substantially all of the assets and related liabilities of the Bone Device Business (the Business), including substantially all of the related machinery, equipment, inventory, work in process, licenses, customer lists and intellectual property and certain agreements and contracts to dj Orthopedics, LLC (dj Orthopedics). dj Orthopedics will assume substantially all of the trade payables and other current liabilities related to the Business. (Collectively, the Proposed Transaction.)

If the Proposed Transaction is consummated, dj Orthopedics will pay \$93.0 million in cash at the closing and will assume trade payables and other current liabilities as discussed above. The purchase price is subject to reduction on a dollar-for-dollar basis if the net closing working capital value (as defined in the Asset Purchase Agreement) is below \$8.0 million on the closing date. A \$7.5 million portion of the purchase price will be deposited in an escrow account that may be drawn upon to settle any claims by dj Orthopedics for indemnification or breach of the Asset Purchase Agreement, and other commitments. Any remaining funds held in escrow, together with any interest earnings, will be released to OrthoLogic on the second anniversary of the closing. dj Orthopedics has the right to terminate the sale if certain conditions are not satisfied prior to closing, including: (i) receipt by OrthoLogic of any necessary government approvals and the consent of any parties necessary to assign material contracts to dj Orthopedics; (ii) OrthoLogic approval of the sale; (iii) no material adverse change in OrthoLogic s business; and (iv) execution of transition agreements coordinating the orderly transfer of the Business.

The Business is based in Phoenix, Arizona, and sells products throughout the United States of America. The Business s products are designed to enhance the healing of diseased, damaged, degenerated or recently repaired musculoskeletal tissue. The Business s products focus on improving the clinical outcomes and cost-effectiveness of orthopedic procedures that are characterized by compromised healing, high-cost, potential for complication and long recuperation time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates. The preparation of the financial statements in conformity with generally accepted accounting principles necessarily requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates. Significant estimates include the allowance for doubtful accounts (approximately \$2.7 million, \$2.7 million, and \$3.1 million at June 30, 2003, December 31, 2002 and 2001, respectively), which are based primarily on trends in historical collection rates, consideration of current events, payor mix and other considerations. The Business derives a significant amount of its revenues from third-party payors, including Medicare and certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. Amounts paid under these plans are generally based on fixed or allowable reimbursement rates. Revenues are recorded at the expected or pre-authorized reimbursement rates when earned and include unbilled receivables of \$575,000, \$860,000, and \$1.9 million at June 30, 2003, December 31, 2002 and 2001, respectively. The decrease in the unbilled receivables from 2001 to 2003 primarily results from changes to the Business s billing processes during 2002 and 2003. Billings are subject to review by third party payors and may be subject to adjustments. Any differences between estimated reimbursement and final determinations are reflected in the period finalized. In the opinion of management, adequate allowances have been provided for doubtful accounts and contractual adjustments.

The Business prepares its financial statements in accordance with accounting principles generally accepted in the United States of America. The following briefly describes the significant accounting policies used in the preparation of the financial statements of the Business:

A. Inventories. Inventories are stated at the lower of cost (first in, first out method) or market. The Business writes-down its inventory for inventory shrinkage and obsolescence. Inventory is written down to estimated market value based on a number of assumptions, including future demand and market conditions.

B. Furniture and equipment. Furniture and equipment are stated at cost or, in the case of leased assets, at the present value of future lease payments at inception of the lease. Depreciation is calculated on a straight-line basis over the estimated useful lives of the various assets, which range from three to seven years. Leasehold improvements and leased assets under capital leases are amortized over the life of the asset or the period of the respective lease using the straight-line method, whichever is the shortest.

The Business adopted Statement of Financial Accounting Standards No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* (SFAS No. 144) effective January 1, 2002. SFAS No. 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets, and supersedes Statement of Financial Accounting Standards No. 121, *Accounting of the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of*. SFAS No. 144 requires that the Business evaluate long-lived assets based on the net future cash flow expected to be generated from the asset on an undiscounted basis whenever significant events or changes in circumstances occur that indicate that the carrying amount of an asset may not be recoverable. The adoption of SFAS No. 144 did not have a significant impact on the Business's operating results or financial position.

C. Income taxes. The Business's operating results historically have been included in OrthoLogic's consolidated U.S. and state income tax returns. The Business and OrthoLogic do not have a formal tax sharing agreement under which the Business is required to provide for its portion of income taxes. OrthoLogic's net losses have been reduced by the results of the Business. Due to losses, OrthoLogic has not been required to make significant tax payments.

On a separate division basis, the resulting operating income is not directly subject to income tax expense, as the income tax expense incurred by the Business will be offset by OrthoLogic losses.

SFAS 109, *Accounting for Income Taxes*, (SFAS109) requires that the consolidated tax expense for a group be allocated among the members of the group when those members issue separate financial statements. Therefore these financial statements reflect tax amounts for the results of the Business as if it were a stand alone entity.

D. Revenue. Revenue is recognized for sales of the OL1000 and SpinaLogic products at the time the product is delivered to and accepted by the patient, as verified by the patient signing a Patient Agreement Form. If the sale of either product is to a commercial buyer, a purchase order is required, and the revenue is recognized at the time of shipment to the commercial buyer. The Business's shipping terms are FOB shipping point.

The amount of revenue recorded at the time of sale is based on contractual terms, or if the Business does not have a contract with the third-party payor, then the amount of revenue recorded is the pricing expected to be approved by the third-party payor, based on historical experience with that payor. The Business records differences, if any, between the net revenue amount recognized at the time of the sale and the ultimate pricing by the primary third-party payor as an adjustment to sales in the period the Business receives payments from the third-party payor or earlier if the Business becomes aware of circumstances that warrant a change in estimate.

The Business maintains a warranty reserve for the expected cost to replace or repair products. Warranty costs are recorded in cost of goods sold. The Business does not offer price protection or rebates to any of its customers. Warranty reserves totaled approximately \$50,000, \$30,000, and \$30,000 at June 30, 2003, December 31, 2002 and 2001, respectively.

E. Research and development. Research and development represent costs incurred internally for research and development activities. All research and development costs are expensed when incurred.

F. Stock based compensation. In December 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 148, *Accounting for Stock-Based Compensation – Transition and Disclosure* (SFAS No. 148) which is effective for fiscal years ending after December 15, 2002. SFAS No. 148 amends SFAS No. 123 to provide alternative methods of transition to SFAS No. 123's fair value method of accounting for stock-based employee compensation if a Business elects to account for its equity awards under this method. SFAS No. 148 also amends the disclosure provisions of SFAS No. 123 and APB Opinion No. 28, *Interim Financial Reporting*, to require disclosure of the effects of an entity's accounting policy with respect to stock-based employee compensation on reported net income and earnings per share in both annual and interim financial statements. The Business has provided the comparative interim pro forma disclosures required by SFAS No. 148. The Business is currently evaluating the impact if it were to adopt the fair value method of accounting for stock-based employee compensation under all three methods.

At June 30, 2003, the Business has two stock-based employee compensation plans, which are described more fully in Note 8. The Business accounts for those plans under the recognition and measurement principles of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related Interpretations. No stock-based employee compensation cost is reflected in net income, as all options granted under those plans had an exercise price equal to the market value of the underlying common stock on the date of grant. The following table illustrates the effect on net income and earnings per share if the Business had applied the fair value recognition provisions of FASB Statement No. 123, *Accounting for Stock-Based Compensation*, using the Black-Scholes pricing model and allocated based on headcount, to stock-based employee compensation (in thousands).

	Six months ended June 30,		Year ended December 31,	
	2003	2002	2002	2001
Net income as reported	\$3,811	\$2,348	\$5,796	\$ 4,328

Pro forma net income	\$3,601	\$2,064	\$5,135	\$ 3,286

G. New Accounting Pronouncements. In June 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 146, *Accounting for Costs Associated with Exit or Disposal Activities* (SFAS No. 146). The provisions of SFAS No. 146 are effective for exit or disposal activities that are initiated after December 31, 2002, with earlier adoption encouraged. The Business adopted SFAS No. 146 effective January 1, 2003. SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies EITF No. 94-3. Under SFAS No. 146, the liability for costs associated with exit or disposal activities is recognized and measured initially at fair value only when the liability is incurred, rather than at the date the Business committed to the exit plan. The adoption of SFAS No. 146 did not have a significant impact on the Business's operating results or financial position.

In January 2003, the FASB issued FASB Interpretation No. 46 (FIN 46), *Consolidation of Variable Interest Entities*, which clarifies the application of Accounting Research Bulletin No. 51, *Consolidated Financial Statements*, relating to consolidation of certain entities. First, FIN 46 will require identification of the Business's participation in variable interest entities (VIEs), which are defined as entities with a level of invested equity that is not sufficient or appropriate to fund future activities to permit it to operate on a standalone basis. For entities identified as a VIE, FIN 46 sets forth a model to evaluate potential consolidation based on an assessment of which party to the VIE (if any) bears a majority of the exposure to its expected losses, or stands to gain from a majority of its expected returns. Interpretation 46 applied to variable interest entities created or acquired after January 31, 2003. For variable interest entities existing at January 31, 2003, Interpretation 46 is effective for accounting periods beginning after December 15, 2003. The application of Interpretation 46 is not expected to have a material effect on the Business's financial statements.

In November 2002, the FASB issued Interpretation No. 45 (FIN 45), *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Direct Guarantees of the Indebtedness of Others*, which clarifies the requirements of SFAS No. 5, *Accounting for Contingencies*, relating to a guarantor's accounting for and disclosures of certain guarantees issued. FIN 45 requires enhanced disclosures for certain guarantees. FIN 45 also requires certain guarantees that are issued or modified after December 31, 2002, to be initially recorded on the balance sheet at fair value. The adoption of FIN 45 did not have a material impact on the Business's financial statements.

In April 2003, the FASB issued SFAS No. 149, *Amendment of Statement No. 133 on Derivative Instruments and Hedging Activities* (SFAS No. 149). SFAS No. 149 amended and refined certain characteristics of derivative instruments and hedges. The application of SFAS No. 149 did not have a material effect on the Business's financial statements.

In May 2003, the FASB issued a SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity (SFAS No. 150). SFAS No. 150 requires the classification of certain financial instruments, previously classified within the equity section of the balance sheet, to be included in liabilities. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003 and June 15, 2003 for all other instruments. The application of SFAS No. 150 did not have a material effect on the Business's financial statements.

3. LICENSE AGREEMENTS

The Business uses the BioLogic technology in its bone growth stimulation devices through a worldwide exclusive license granted by a corporation owned by university professors who discovered the technology. The Business's license for the BioLogic technology extends for the life of the underlying patents, which are due to expire over a period of years beginning in 2006 and extending through 2016. The license provides for payment of royalties by the Business from the net sales of products using the BioLogic technology. The royalty percentages vary but generally range from 0.5% to 7% of the sales amount for licensed products. The royalty percentage under the different agreements decreases when either a certain sales dollar amount is reached or royalty amount is paid. Royalty expense under these agreements totaled \$137,000 and \$103,000 for the six months ended June 30, 2003, and 2002, respectively, and \$200,000 and \$106,000 for the years ended December 31, 2002 and 2001 respectively.

4. FAIR VALUE DISCLOSURES

SFAS No. 107, *Disclosures about Fair Value of Financial Instruments*, requires that the Business disclose estimated fair values for its financial instruments. Fair value estimates are made at a specific point in time and are based on relevant market information and information about financial instruments; they are subjective in nature and involve uncertainties, matters of judgments, and therefore, cannot be determined with precision.

The carrying amount is assumed to be the fair value for accounts receivable, accounts payable and other accrued expenses because of the short maturity of the accounts. Therefore, management believes the fair value approximates the carrying value of these financial instruments.

7. INCOME TAXES

The Business's operating results are included in the consolidated federal income tax return of OrthoLogic. The Business and OrthoLogic do not have formal tax sharing agreements under which the Business is required to provide for its portion of income tax.

As part of the Asset Purchase Agreement, all previously incurred operating tax losses will remain with OrthoLogic after the sale. Tax expense for the Business was recorded in accordance with SFAS109.

The components of deferred income taxes at December 31 are as follows:

8. STOCK OPTION PLAN

The number of common shares reserved for issuance under the OrthoLogic 1987 Option Plan is 4,160,000 shares. This plan expired during October 1997. In May 1997, the stockholders adopted a new Stock Option Plan (the 1997 Option Plan), which replaced the 1987 Option Plan. The 1997 Option Plan reserved for issuance 1,040,000 shares of Common Stock. Over 1998, 1999, 2000 and 2001 the Board and Shareholders approved amendments to the 1997 Plan that increased the number of shares of Common Stock reserved for issuance by 375,000, 275,000, 1,000,000 and 500,000 shares, respectively.

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

Two types of options may be granted under the 1997 Option Plan: options intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code (Code) and other options not specifically authorized or qualified for favorable income tax treatment by the Code. All eligible employees may receive more than one type of option. Any director or consultant who is not an employee of the Business shall be eligible to receive only nonqualified stock options under the 1997 Option Plan.

In October 1989, the OrthoLogic Board of Directors (the Board) approved that in the event of a takeover or merger of OrthoLogic in which 100% of the equity of OrthoLogic is purchased or a sale of all or substantially all of OrthoLogic s assets (an Accelerating Event), 75% of all unvested employee options will vest. If an employee or holder of stock options is terminated as a result of or subsequent to the acquisition, 100% of that individual s stock option will vest immediately upon employment termination. The Proposed Transaction represents an Accelerating Event.

Options are granted at prices that are equal to the current fair value of OrthoLogic s common stock at the date of grant. The vesting period is generally related to length of employment and all incentive stock options lapse upon termination of employment if not exercised within a 90-day period (or one year after death or disability or the date of termination if terminated for cause).

The Business determined the pro forma amounts presented in Note 2 using the Black-Scholes option-pricing model based on the following weighted-average assumptions:

	Six Months Ended June 30,		Years Ended December 31,	
	2003	2002	2002	2001
Expected dividend yield	0.0%	0.0%	0.0%	0.0%
Expected stock price volatility	40%	48%	51%	60%
Risk-free interest rate	1.4%	3.1%	2.0%	3.5%
Expected life of option	2.7 years	2.7 years	2.67 years	2.5 years

The structure of OrthoLogic s stock incentive plans does not provide for the separate determination of certain disclosures for the Business. The required information is provided on a consolidated basis in OrthoLogic s Annual Report on form 10-K for the year ended December 31, 2002.

9. COMMITMENTS

OrthoLogic is obligated under non-cancelable operating lease agreements for its office, manufacturing and research facilities. Rent expense allocated to the Business for the six months ended June 30, 2003 and 2002 was approximately \$291,000 and \$250,000, respectively, and for the years ended December 31, 2002 and 2001 was approximately \$500,000 and \$750,000 million, respectively. The Proposed Transaction provides for the buyer to lease office space for one year.

The Business signed an exclusive worldwide sales agreement for a 10-year period, beginning August 18, 2000, with DePuy AcroMed, a unit of Johnson and Johnson, whereby DePuy AcroMed will sell SpinaLogic, the Business s device used as an adjunctive treatment after lumbar spinal fusion surgeries, in return for a commission. The Business is responsible for product development, testing and quality control, general inventory risk, distribution, regulatory approvals, customer service, shipping, patient fitting, and billing and collection activities. As such, the Business records the gross revenues for orders received from DePuy AcroMed representatives upon delivery to the end customer. The Business pays DePuy AcroMed a commission based on the net sales price for the sale of all SpinaLogic products. Net sales price is defined as the amounts invoiced less any contractual discounts, taxes or government charges.

10. LITIGATION

The Business is involved in various legal proceedings that arise in the ordinary course of business. In management's opinion, the ultimate resolution of these other legal proceedings are not likely to have a material adverse effect on the financial position, results of operations or cash flows of the Business.

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations, specifically those relating to the Medicare and Medicaid programs, can be subject to government review and interpretations, as well as regulatory actions unknown and unasserted at this time. Recently, federal government activity has increased with respect to investigations and allegations concerning possible violations by health care providers of regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues from patient services. Management believes that the Business is in substantial compliance with current laws and regulations.

11. 401(K) PLAN

OrthoLogic adopted a 401(k) plan (the Plan) for its employees on July 1, 1993. OrthoLogic may make matching contributions to the Plan on behalf of all Plan participants, the amount of which is determined by the Board of Directors. OrthoLogic provides for matching at the end of each fiscal year, therefore there has been no match for the six months ended June 30, 2003 and 2002. OrthoLogic matched \$95,000 and \$144,000 for the years ended December 31, 2002 and 2001, respectively. The Proposed Transaction will result in a partial termination of the Plan.

12. RELATED PARTY TRANSACTIONS

The Business receives certain services from OrthoLogic. Cost of the services that are allocated to the Business are based on actual direct costs incurred or on OrthoLogic's estimate of the proportion of the expense incurred by the Business that relate to the services provided to the Business. OrthoLogic utilized such factors as percentage of revenues, number of employees and other applicable factors in estimating the proportion of corporate expenses to allocate to the Business. Management believes that these allocations were made on a reasonable basis and approximate all of the material incremental costs it would have incurred had it been operating on a stand alone basis; however, there has been no independent study or any attempt to obtain quotes from third parties to determine what the costs of obtaining such services from third parties would have been. Specifically, salaries, commissions, fringe benefits, human resources, information technology and finance were allocated to the Business using headcount as the allocation method. Certain headcount driven general and administrative expenses were also allocated using this method. Expenses and assets for items related to legal fees, bad debt expense, accounts receivable and furniture and equipment were allocated on a specifically identified basis.

2.2 Consents of Third Parties. Notwithstanding anything to the contrary in this Agreement, this Agreement shall not constitute an assignment or attempted assignment of any agreement (including, without limitation, the Third Party Payor Contracts listed on Schedule 5.13), insurance policy, license, instrument or other assets or property if the attempted assignment thereof, without the consent, approval or waiver of a third party or entity (including a Governmental Entity), would constitute a breach thereof or a violation of any Law, rule or regulation, unless and until such consent, approval or waiver has been granted. Seller covenants and agrees that in any such case, except with respect to the Third Party Payor Contracts listed on Schedule 5.13, the beneficial interests of Seller in and to any such assets or property shall in any event pass at the Closing to Buyer, and Seller and Buyer covenant and agree that, from and after the Closing, (a) Seller will hold any and all such assets or property in trust for the benefit of Buyer, its successors and assigns, (b) Seller and Buyer will use their respective reasonable efforts, in cooperation with one another, to obtain and secure all consents that may be necessary to effect a full and valid transfer or transfers of the same, (c) Seller and Buyer will use their respective reasonable efforts, in cooperation with one another, to make or complete such transfer or transfers as soon as reasonably possible, and (d) Seller will cooperate with Buyer in any assignment, subcontract or other reasonable arrangement designed to provide for Buyer the benefits of and under any such assets or property. Buyer agrees to make all payments required to be made with respect to such assets or property and to assume all liabilities or other obligations arising from and after the Closing Date with respect thereto except as a result of Seller's negligence or willful misconduct, regardless of whether any such consent, approval or waiver has been obtained. With respect to an unassigned contract, Buyer will not obtain any extension of the current term of such contracts unless Seller is thereupon released from all obligations under such contracts.

2.3 Excluded Assets. Notwithstanding the foregoing, Buyer is not purchasing and Seller is retaining all right, title and interest in and to the following (collectively, the Excluded Assets):

(a) Seller's rights under this Agreement, the Escrow Agreement, the Sublease, the Transition Services Agreement, the Subcontract, the Billing Services Agreement or any other document or agreement delivered to or received by Seller in connection herewith;

2.4 Assumed Liabilities. Buyer shall, as of the Closing Date, expressly assume, and agree to pay, perform or otherwise discharge, as the same shall become due in accordance with their respective terms, the following liabilities, obligations and commitments of Seller existing on or arising after the Closing Date (the Assumed Liabilities):

(a) The trade accounts payable and other accrued liabilities (other than Excluded Trade Payables) described in, and only to the extent of the amount set forth on, Schedule 2.4(a) together with such additional accounts payable and accrued liabilities related to the Business which arise between the date thereof and the Closing Date, but only to the extent such additional liabilities are accrued for on the Closing Date Net Working Capital Schedule;

(b) All liabilities, obligations and commitments of Seller arising after the Closing Date out of the Contracts listed on Schedule 2.1(d), but not including any liability, obligation or commitment of Seller for any breach thereof by Seller or a predecessor-in-interest occurring prior to or on or after the Closing Date, or any liability under a Contract that is not listed on Schedule 2.1(d) as supplemented with Buyer's approval (Excluded Contracts), unless Buyer otherwise agrees;

(c) All liabilities, obligations and commitments arising after the Closing in Buyer's operation of the Business; and

(d) Seller's liabilities to the Transferred Employees for vacation pay and for commissions not due and payable on or before the Closing Date, but only to the extent either (i) accrued for on the Closing Date Net Working Capital Schedule or (ii) if GAAP does not require such an accrual, payable pursuant to a policy disclosed to Buyer in Seller's Disclosure Schedule.

2.5 Excluded Liabilities. Notwithstanding anything to the contrary herein or in any Schedule or Exhibit hereto, except as specified in Section 2.4 above, Buyer shall not assume any liabilities, obligations or commitments of Seller, whether arising before, on or after the Closing Date, and all such liabilities, obligations and commitments (the Excluded Liabilities) shall remain the exclusive liabilities, obligations and commitments of Seller. Seller shall pay, perform or otherwise discharge, as the same shall become due in accordance with their respective terms, all of the Excluded Liabilities. Without limiting the generality of the foregoing, Excluded Liabilities include:

(a) All Taxes and deferred Tax liabilities of Seller (except for accrued sales and use Taxes in an amount not to exceed that amount set forth on the Closing Date Net Working Capital Schedule);

(b) All liabilities and obligations arising out of the Excluded Contracts except to the extent specifically set forth in Sections 2.2 and 5.13 and the Subcontract;

(g) Any obligation or liability for severance or other compensation arising as a result of or in connection with the consummation of the transactions contemplated by this Agreement (either alone or in conjunction with another event, such as a termination of employment);

(h) Any obligation or liability incurred by Seller or its Affiliates to pay any fee or commission to any broker, finder, investment banker or other intermediary in connection with the transactions contemplated by this Agreement;

(k) All liabilities arising, by operation of law or otherwise, from the operation of the Business by Seller for the periods prior to and including the Closing Date, including liabilities for defective Products (in each case other than Assumed Liabilities);

(l) All liabilities and obligations arising out of violations or alleged violations, whether civil, criminal or administrative, relating to Seller's participation in Federal health care programs or rights to reimbursements under Federal health care program regulations ("Administrative Violations") or Seller's obligations under any Corporate Integrity Agreement; and

2.6 Consideration for Purchased Assets. On the terms and subject to the conditions of this Agreement, as consideration for the sale, transfer, assignment and delivery of the Purchased Assets to Buyer (the "Purchase Price"):

(a) Buyer shall assume and pay, perform or otherwise discharge, as the same shall become due in accordance with their respective terms, all of the Assumed Liabilities.

(b) Buyer shall pay to Seller or deposit in escrow an aggregate of Ninety-Three Million Dollars (\$93,000,000), as adjusted pursuant to Section 2.8, as follows: (i) Buyer shall deliver to Seller at Closing cash by wire transfer to Seller's account in an amount equal to Eighty-Five Million Five Hundred Thousand Dollars (\$85,500,000) (the "Cash Payment"), less the amount by which the Minimum Closing Date Net Working Capital exceeds the estimated Closing Date Net Working Capital as provided by Seller pursuant to Section 2.8(b), and (ii) Buyer shall deposit into escrow Seven Million Five Hundred Thousand Dollars (\$7,500,000) (the "Escrow Amount") subject to the terms of the Escrow Agreement attached hereto as Exhibit A.

(c) At Closing, the Cash Payment shall be reduced by the amount, if any, by which the amount of estimated Excluded Medicare Receivables exceeds the amount of estimated Excluded Trade Payables.

2.7 The Closing. The Closing will take place at the offices of Bingham McCutchen LLP, Los Angeles, California, or at such other place as the parties may mutually agree, within three Business Days

following the satisfaction or waiver of the conditions precedent set forth in Article VII, but in any event on or prior to January 31, 2004.

2.8 Net Working Capital Adjustment.

(a) The amount of the Purchase Price set forth in Section 2.6 above was determined, in part, based upon the assumption that the Closing Date Net Working Capital will equal at least Eight Million Dollars (\$8,000,000) (the Minimum Closing Date Net Working Capital). The amount of the Purchase Price shall be adjusted dollar for dollar downward by the amount by which the Closing Date Net Working Capital is less than the Minimum Closing Date Net Working Capital.

(b) Three Business Days prior to Closing, Seller shall deliver to Buyer an estimated computation of the Closing Date Net Working Capital, in form and substance reasonably acceptable to Buyer. If the Minimum Closing Date Net Working Capital exceeds such estimated Closing Date Net Working Capital, the Cash Payment shall be reduced as provided in Section 2.6(b).

(c) Seller shall prepare and deliver its final determination of Closing Date Net Working Capital no later than thirty (30) days after the Closing Date. Buyer shall have the right to review the Books and Records of Seller on a consolidated basis for a period of sixty (60) days after the receipt of such determination from Seller to verify and confirm the accuracy thereof (such period to be extended each day Buyer is not afforded full access to the Books and Records it may request). If, after such review, Buyer agrees with Seller's determination of Closing Date Net Working Capital, Buyer shall promptly notify Seller of its agreement. If, after such review, Buyer objects to Seller's determination of Closing Date Net Working Capital, Buyer shall promptly provide Seller with a statement indicating the basis for its objections (the Objection Notice), and Buyer and Seller shall meet and confer in an effort to resolve such disagreement in good faith. The failure of Buyer to provide an Objection Notice within sixty (60) days after receipt of Seller's determination of Closing Date Net Working Capital shall be deemed its agreement that Seller's determination of Closing Date Net Working Capital is the Closing Date Net Working Capital Schedule.

(d) As soon as practicable following the date of delivery of an Objection Notice, each party shall appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve the Objection Notice. The parties intend that these negotiations be conducted by experienced business representatives empowered to decide the issues. The business representatives will meet and attempt to resolve the Objection Notice within fifteen (15) calendar days after the date of the Objection Notice. If the business representatives resolve the dispute, such resolution will be memorialized in a written settlement and release agreement. If the business representatives do not resolve the dispute within thirty (30) days following receipt of the Objection Notice, then the Closing Date Net Working Capital shall be determined by KPMG LLP or, if such firm is unavailable or unwilling to serve in such capacity, such other nationally known independent firm of certified public accountants mutually agreeable to Buyer and Seller (the Accountants) by reference to the specific objections set forth in Buyer's Objection Notice. The determination shall be made as soon as practicable after submission of the dispute unless Buyer and Seller otherwise agree. If issues in dispute are submitted to the Accountants for resolution, (i) each party shall furnish to the Accountants such work papers and other documents and information relating to the disputed issues as the Accountants may request and are available to that party, and shall be afforded the opportunity to present to the Accountants any material relating to the determination and to discuss the determination with the Accountants; (ii) the determination by the Accountants of the Closing Date Net Working Capital, as set forth in a notice delivered to both parties by the Accountants, will be binding and conclusive on the parties; and (iii) the fees and expenses of the Accountants for such determination shall be awarded to the prevailing party, as determined by the Accountants (who may also determine there is no prevailing party, in which case such fees and expenses shall be shared equally). Each party agrees to execute promptly any engagement letter reasonably requested by the Accountants.

(e) When the Closing Date Net Working Capital Schedule is issued by the Accountants or otherwise agreed to, if the amount of Closing Date Net Working Capital is both less than the Minimum

Closing Date Net Working Capital and less than the amount estimated under subsection (b) above, then, within ten (10) Business Days after such final determination of the Closing Date Net Working Capital, an amount equal to the difference between the total shortfall from the Minimum Closing Date Net Working Capital and the amount actually deducted from the Cash Payment at Closing shall be paid by Seller to Buyer. If the amount deducted from the Cash Payment at Closing exceeds the total shortfall from the Minimum Closing Date Net Working Capital, then within ten (10) Business Days of the final determination of the Closing Date Net Working Capital Schedule, Buyer shall pay to Seller the amount required to cause the Cash Payment to be reduced only by the actual shortfall as finally determined. In no event shall this section be interpreted as requiring Buyer to pay an amount to Seller that would cause the Cash Payment to exceed the amount set forth in Section 2.6(b)(i).

(f) As used in Section 2.8, the following terms shall have the respective meanings assigned to them below:

(1) **Current Assets** mean the following current assets of the Business, determined as of the Closing Date in accordance with GAAP consistent with Seller's past practice (but to the extent past practice is not consistent with GAAP, GAAP shall apply), in each case if included in the Purchased Assets:

(i) Accounts Receivable (whether billed or unbilled), other than Excluded Medicare Receivables, net of credit balances, reserves for discounts, allowances and bad debt, determined in accordance with GAAP;

(ii) All Inventory, net of inventory reserves determined in accordance with GAAP; and

(iii) All Seller Advance Payments, to the extent included in the current assets of the Business.

Current Assets shall not include any cash and cash equivalents.

(2) **Total Liabilities** shall mean the following Assumed Liabilities, determined as of the Closing Date, in accordance with GAAP consistent with Seller's past practice (but to the extent Seller's past practice is not consistent with GAAP, GAAP shall apply):

(i) All Accounts Payable, less the Excluded Trade Payables;

(ii) All accrued expenses that are Assumed Liabilities less Excluded Trade Payables, including but not limited to accrued vacation, commissions, and certain accrued sales and use Taxes as specified in Section 2.5(a); and

(iii) Accrued warranty costs that are Assumed Liabilities.

(3) The estimated Closing Date Net Working Capital schedule delivered pursuant to Section 2.8(b), and the Closing Date Net Working Capital Schedule as finally determined, shall each contain a line item showing the Excluded Medicare Receivables and Excluded Trade Payables and the Seller shall attach supporting detail to the estimated and final schedule reasonably acceptable to Buyer. The parties intend to balance the value of the Excluded Medicare Receivables and Excluded Trade Payables, plus the amount of any the reduction in the Purchase Price pursuant to Section 2.6(c), if any, before computing Current Assets and Total Liabilities at the Closing Date, and any reduction under Section 2.6(c) shall be treated as a Current Asset for purposes of the Closing Date Net Working Capital Schedule, both as estimated and as finally determined.

(4) Schedule 2.8(f)(4) shows Net Working Capital at August 31, 2003, determined based on the pro forma balance sheet as of that date and reflecting the adjustments to be used in computing the Closing Date Net Working Capital.

2.9 Allocation of Purchase Price. Schedule 2.9 attached hereto is a preliminary allocation of Purchase Price among the Purchased Assets. Promptly following the Closing, the final Schedule 2.9 will be prepared by Buyer and Seller in a manner consistent with the Schedule 2.9 attached hereto and in accordance with Section 1060 of the Code. Seller and Buyer each agree, (a) to report the sale of the Purchased Assets for Tax purposes in accordance with the allocations set forth on the final Schedule 2.9 and to follow the allocations set forth on the final Schedule 2.9 in determining and reporting their liabilities for any Taxes, (b) without limitation, not to take any position inconsistent with such allocations on any of its Tax Returns, and (c) to timely file federal tax Form 8594 with the applicable Tax Return for the year of this transaction reflecting such Purchase Price allocations.

ARTICLE III REPRESENTATIONS AND WARRANTIES OF SELLER

Except as otherwise indicated on Seller's Disclosure Schedule, Seller represents, warrants and agrees as follows:

3.1 Organization and Related Matters. Seller is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware. Seller has all necessary corporate power and authority to own its properties and to carry on its businesses as presently conducted and is duly qualified or licensed to do business as a foreign corporation in good standing in all jurisdictions in which the nature of its businesses requires licensing or qualification, except where the failure to be so qualified or licensed would not, individually or in the aggregate, have a Material Adverse Effect on the Business or the ability of the parties to consummate the Transaction. Section 3.1 of Seller's Disclosure Schedule sets forth a list of states in which Seller is qualified to do business.

3.2 Authorization. Seller has all necessary corporate power and authority to execute, deliver and perform this Agreement, and Seller has the necessary corporate power and authority to sell, convey and assign the Purchased Assets in accordance with the terms hereof. The Seller Board, at meetings duly called and held, has (a) determined that the transactions contemplated by this Agreement are fair to, and in the best interests of, the stockholders of Seller, (b) approved this Agreement and the transactions contemplated hereby and (c) recommended that the stockholders of Seller adopt this Agreement, and approve the sale of the Purchased Assets and the other transactions contemplated hereby and directed that this Agreement and the transactions contemplated hereby be submitted for consideration by the stockholders of Seller. This Agreement has been duly executed and delivered by Seller and constitutes Seller's legally valid and binding obligation, enforceable against Seller in accordance with its terms except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws and equitable principles relating to or limiting creditors' rights generally.

3.3 No Conflicts. Except as set forth in Section 3.3 of Seller's Disclosure Schedule, neither Seller's execution and delivery of this Agreement and the consummation of the transactions contemplated hereby nor compliance by Seller with any provisions hereof will (i) violate or conflict with Seller's certificate of incorporation or bylaws (Charter Documents); (ii) violate, conflict with, result in a breach of, constitute a default (or an event which, with the giving of notice or lapse of time or both, would constitute a default) under, or result in the acceleration of performance under, or termination or cancellation of, any Material Contract; (iii) violate any Law; or (iv) violate any Order or, to Seller's Knowledge, Action to which Seller is a party or by which Seller is affected.

3.4 No Other Agreements to Sell Assets or Business. Seller has no other obligation, absolute or contingent, to any Person (other than as contemplated hereby) (i) to sell any of the Purchased Assets (other

than inventory in the ordinary course of business), (ii) to issue, sell or otherwise transfer any capital stock or any security convertible into or exchangeable for capital stock of Seller that would impede the consummation of the transactions contemplated hereby, or (iii) to effect any merger, consolidation or other reorganization of Seller or enter into any agreement with respect to any of the foregoing.

3.5 Legal Proceedings. Except as set forth in Section 3.5 of Seller's Disclosure Schedule, there is no Order or Action pending or, to Seller's Knowledge, threatened against or affecting Seller or the Business that, in either case, is Material or would materially impair or delay Seller's ability to consummate the Closing or perform its obligations under this Agreement.

3.6 Approvals and Third Party Consents. Section 3.6 of Seller's Disclosure Schedule lists all Approvals by any Governmental Entity and Third Party Consents relating to any Material Contract that are required to be made or obtained by Seller (i) by virtue of the execution, delivery or performance of this Agreement; (ii) to avoid the loss of any Material Permit or the breach of any Material Contract or the creation of an Encumbrance (other than a Permitted Encumbrance) on any of the Purchased Assets; (iii) to comply with contractual provisions or Laws requiring the giving of notice to third parties or Governmental Entities or (iv) to enable Buyer to own the Purchased Assets following the Closing Date.

3.7 Financial Information and SEC Reports.

(a) Section 3.7 of Seller's Disclosure Schedule sets forth the Audited Financial Statements and the Unaudited Financial Statements (collectively, the Financial Statements) and the Business Financial Statements Reconciliation. The Financial Statements were prepared from the Books and Records of Seller and fairly present, in all material respects, the financial position of Seller and its consolidated subsidiaries as of the dates thereof and the results of their operations and their cash flows for the periods set forth therein, in each case in accordance with past practice and GAAP during the periods involved (except as otherwise disclosed in the notes thereto and subject, in the case of the Unaudited Financial Statements, to (i) normal year-end adjustments that would not be Material in amount or effect and (ii) the absence of notes). The Business Financial Statements Reconciliation was prepared in good faith, consistent with past practice and fairly represents the best estimate of the Financial Statements of the Business as derived from the Financial Statements of Seller.

(b) Seller has filed all forms, reports, schedules, statements and other documents required to be filed by it with the SEC and has made available to Buyer true and complete copies of all such forms, reports, schedules, statements and other documents filed by it since January 1, 2000, under the Exchange Act or the Securities Act (such forms, reports, schedules, statements and other documents, including any financial statements or schedules included therein, are referred to as the Seller SEC Documents). Each of the Seller SEC Documents, at the time filed, (i) did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by such Seller SEC Document and (ii) complied in all material respects with the applicable requirements of the Exchange Act and the Securities Act, as the case may be, and the applicable rules and regulations of the SEC thereunder.

(c) The consolidated financial statements included in the Seller SEC Documents comply in all material respects with applicable accounting requirements and with the published rules and regulations of the SEC with respect thereto, have been prepared in accordance with GAAP (except as may be indicated in the notes thereto or, in the case of the unaudited statements of Seller, as permitted by SEC Forms 10-Q and 8-K) and fairly present in all material respects (subject, in the case of the unaudited statements, to normal, recurring audit adjustments) the consolidated financial position, results of operations and cash flows of Seller for the periods presented in the Seller SEC Documents.

(d) The trade payables are valid trade accounts payable and are payable in full to the vendor, without rights of discount, offset or refund, except as used to compute the aggregate face value of the

Excluded Trade Payables in accordance with GAAP, or except as shown in Section 3.7(d) of Seller's Disclosure Schedule.

3.8 Tangible Assets. Section 3.8 of Seller's Disclosure Schedule sets forth the tangible assets owned or leased by Seller and included in the Purchased Assets. Seller has good title to, or valid leasehold interest in or other valid right to use, free and clear of Encumbrances other than Permitted Encumbrances, all such tangible assets included in the Purchased Assets. Except as set forth in Section 3.8 of Seller's Disclosure Schedule, the tangible assets included in the Purchased Assets are in good working condition (reasonable wear and tear excepted) and adequate for the purposes for which such properties and assets are currently used or held for use. Except as set forth in Section 3.8 of Seller's Disclosure Schedule, all of the assets or properties included in the Purchased Assets that are owned by any Person other than Seller will continue to be leased or licensed to Buyer, under valid, current leases or licenses immediately following the Closing. Upon consummation of the transactions contemplated by this Agreement, Buyer will acquire good, valid and marketable title to the Purchased Assets to be transferred to Buyer hereunder, except for those Purchased Assets which constitute leased or licensed personal property, which Buyer will hold under valid leases or licenses, free and clear of any and all Encumbrances (other than Permitted Encumbrances). Except as set forth in Section 3.8 of Seller's Disclosure Schedule, the Purchased Assets (tangible and intangible) include all the operating assets of Seller used primarily in the Business and all of the assets necessary for the conduct of the Business.

3.9 Offices. Seller does not maintain any facilities or lease, license or have occupancy rights for any Real Property, other than the headquarters facility located in Tempe, Arizona. Section 3.9 of Seller's Disclosure Schedule sets forth each location at which a sales representative or other employee of the Business is located.

3.10 Taxes.

(a) Seller has timely filed or will file (or, where permitted or required, its Affiliates have timely filed or will file) all Tax Returns regarding the Business and the Purchased Assets required to be filed on or prior to the Closing Date (taking into account extensions to file). All such Tax Returns, including amendments to date, have been prepared in good faith and are complete and accurate in all Material respects, and all Taxes shown thereon have been paid.

(b) All Taxes that are due and payable with respect to the operations of the Business have been paid in full and all deposits required by law to be made with respect to any such Taxes have been duly made. No known adjustment relating to such Tax Returns has been proposed in writing by any Tax authority (insofar as such adjustment relates to the activities or income of the Business or any of the Purchased Assets). There are no pending or, to Seller's Knowledge, threatened actions for the assessment or collection of Taxes that relate to the activities or income of the Business or to any of the Purchased Assets or could result in liability of the Business or with respect to any of the Purchased Assets. There are no liens for Taxes upon the assets of Seller other than liens for Taxes not yet due and payable. All Taxes which Seller is required by law to withhold or to collect for payment have been duly withheld and collected, and have been paid over to the appropriate Tax authorities and Seller has complied with all information reporting and backup withholding requirements with respect thereto.

(c) No employee has been improperly classified as an independent contractor and all employees classified as exempt employees for purposes of federal and state overtime laws are appropriately classified.

3.11 Permits. Seller holds all Material Permits that are required by any Governmental Entity to permit it to conduct the Business as presently conducted. To Seller's Knowledge, no suspension, cancellation or termination of any Material Permit is threatened or imminent. Seller and its respective directors, officers, consultants or employees (in their capacity as such), are not in default with respect to any order, writ,

injunction or decree of any Governmental Entity or regulatory authority with respect to the Business. Section 3.11 of Seller's Disclosure Schedule contains a true and complete list of the Material Permits identifying those Permits which are transferable to Buyer.

3.12 Intercompany Transactions. Except as set forth in Section 3.12 of Seller's Disclosure Schedule, Seller has not engaged in any Material transaction with any Affiliate for which any liabilities or obligations of the Business will remain to be satisfied after the Closing. Section 3.12 of Seller's Disclosure Schedule lists: (a) any Material liabilities or obligations of Seller to any Affiliate related to the Business; and (b) any Material liabilities or obligations of an Affiliate to Seller related to the Business, in each case except for those liabilities or obligations arising as a result of this Agreement.

3.13 Compliance with Law.

(a) Seller is not in violation of, or has any liability under any Law, which violation or liability would be, individually or in the aggregate, Material. Seller has not received any notice from, or otherwise been advised that, any Governmental Entity or other Person is claiming any violation or potential violation of any Law with respect to the Business. Seller has operated the Business in compliance with all Laws. Except as previously disclosed, Seller has not, during the past three (3) years, conducted any internal investigation or compliance review requested by the Seller Board, its executive officers, its Compliance Officer or its Legal Department in connection with which Seller retained or sought advice from outside legal counsel with respect to any actual, potential or alleged Material violation of any applicable Law by Seller or any of Seller's employees.

(b) Without limiting the generality of the foregoing subsection (a), Seller has not, directly or indirectly, offered, paid, solicited or received any payment or other remuneration which was not legal to offer, pay, solicit or receive under applicable federal and state statutes or regulations, including without limitation fraud and abuse or anti-kickback laws, nor has Seller engaged in any other conduct that would violate these laws or federal or state False Claims Acts. Seller has not for any reason lost its right or authorization, or otherwise failed to be eligible, to participate in Medicaid or Medicare, or other Federal health care programs or to accept assignments or rights to reimbursements under regulations of a Federal health care program, or had its right to receive reimbursements under Federal health care program regulations suspended. Except as set forth in Section 3.13(b) of the Seller's Disclosure Schedule, there is no investigation, Order, decree or agreement (Corporate Integrity Agreement) regarding Seller's sales, marketing, contracting, pricing, billing or other financial practices with respect to Federal health care programs, or compliance with applicable Federal health care program statutes or regulations. Seller has duly performed all of its obligations under each Corporate Integrity Agreement to which it is a party, and is in compliance with the terms of each Corporate Integrity Agreement currently in effect. Seller has not received any notice alleging a violation of any current Corporate Integrity Agreement and, to Seller's Knowledge, no facts or circumstances have occurred that could constitute a breach, violation or default under a Corporate Integrity Agreement or could constitute a breach, violation or default with notice of the passage of time. All applicable regulatory agencies have certified Seller's compliance with its Corporate Integrity Agreement following each such agency's most recent evaluation of compliance. Under the terms of any current Corporate Integrity Agreement, Seller has not determined through any means or reported to any Governmental Entity a Material Deficiency, as that term is defined by the Corporate Integrity Agreement.

(c) Except as set forth in Section 3.13(c) of the Seller's Disclosure Schedule, Seller, with respect to the Business, is currently in compliance with all applicable provisions of HIPAA and all regulations pertinent to HIPAA and is fully prepared to comply with HIPAA regulations and requirements which become effective from the date hereof to December 31, 2003.

3.14 No Brokers or Finders. Other than as set forth in Section 3.14 of Seller's Disclosure Schedule, no agent, broker, finder, or investment or commercial banker, or other Person or firm engaged by or acting on behalf of Seller or any of its Affiliates in connection with the negotiation, execution or performance

of this Agreement or the Transaction, is or will be entitled to any brokerage or finder's or similar fee or other commission as a result of this Agreement or the Transaction.

3.15 No Undisclosed Liabilities. Except as disclosed with specificity as to source and amount in Section 3.15 of Seller's Disclosure Schedule, Seller has no liabilities or obligations of any nature, whether or not accrued, contingent or otherwise, related to the Business, other than:

(a) Liabilities or obligations disclosed in the Seller's SEC Documents;

(b) Liabilities or obligations incurred by Seller since the date of the Unaudited Financial Statements in the ordinary course of business consistent with past practice and which, if Assumed Liabilities, are included in the determination of the final Closing Date Net Working Capital Schedule; and

(c) Other liabilities or obligations that are not Material in the aggregate.

3.16 Patents, Trademarks and Proprietary Information.

(a) Except as set forth in Section 3.8 of Seller's Disclosure Schedule, Schedule 2.1(d) contains a complete and correct list of the following assets and related matters: (i) all patents and applications for patents, all registered trademarks and applications for registration of trademarks, and all copyright registrations and applications for copyright registration, owned or used (pursuant to license agreements or otherwise) by Seller primarily in connection with the Business, and in the case of any such Intellectual Property that is so owned, the jurisdictions in or by which such assets or any of them have been registered, filed or issued and (ii) all contracts, agreements or understandings pursuant to which Seller has authorized any Person to use any of the Intellectual Property which is so owned.

(b) The operation of the Business as currently conducted by Seller does not interfere with, conflict with, infringe upon, misappropriate or otherwise violate the Intellectual Property rights of any third party, and no action or claim is pending or, to the Knowledge of Seller, threatened alleging that the operation of such Business interferes with, conflicts with, infringes upon, misappropriates or otherwise violates the Intellectual Property rights of any third party and, to the Knowledge of Seller, there is no basis therefor.

(c) Seller is the sole owner of the entire right, title and interest in and to, or has a valid license or other legal right under the Intellectual Property, whether owned or licensed, used in or necessary to the operation of the Business as presently conducted by Seller, subject to the terms of the license agreements governing the licensed Intellectual Property.

(d) Except as set forth in Schedule 2.1(d), there are no outstanding options, licenses, or agreements of any kind relating to the Intellectual Property, nor is Seller bound by or a party to any options, licenses or agreements of any kind with respect to the Intellectual Property.

(e) Seller has no present Knowledge from which it could reasonably conclude that the Intellectual Property, including any Intellectual Property licensed to Seller, is invalid or unenforceable, and the same has not been adjudged invalid or unenforceable in whole or in part. Seller has timely paid all maintenance fees and annuities and has filed all necessary papers to maintain and renew the Intellectual Property. Except as set forth in Section 3.8 of Seller's Disclosure Schedule, the Intellectual Property set forth on Schedule 2.1(d) constitutes all of the Intellectual Property necessary for the operation of the Business of Seller as currently conducted by Seller. Seller has complied with all of its obligations of confidentiality in respect of the claimed Trade Secrets or Proprietary Information of others, and Seller has no Knowledge of a violation of such obligations of confidentiality as are owed to it.

(f) No claims or actions have been asserted, are pending or, to the Knowledge of Seller, are threatened against Seller (i) based upon or challenging or seeking to deny or restrict the ownership by or

license rights of Seller of any of the Intellectual Property, or (ii) alleging that the Intellectual Property licensed to Seller is being licensed or sublicensed in conflict with the terms of any license or other agreement, and, to the Knowledge of Seller, there is no basis for such a claim.

(g) As of the Closing Date, to the Knowledge of Seller, no person is engaging in any activity that infringes or misappropriates the Intellectual Property. Except as set forth in Schedule 2.1(d), Seller has not granted any license or other right to any third party with respect to the Intellectual Property. The execution, delivery and performance of this Agreement and the consummation of the transactions contemplated by this Agreement by Seller will not breach, violate or conflict with any instrument or agreement concerning the Intellectual Property, will not cause the forfeiture or termination or give rise to a right of forfeiture or termination of any of the Intellectual Property or materially impair the right of Buyer to license or dispose of, or to bring any action for the infringement of, any of the Intellectual Property.

(h) Seller has delivered or made available to Buyer correct and complete copies of all the licenses of the Intellectual Property licensed to Seller, other than licenses of commercial off-the-shelf computer software. With respect to each such license:

(1) Such license is valid and binding and in full force and effect and represents the entire agreement between the respective licensor and licensee with respect to the subject matter of such license; and

(2) Seller has not (A) received any notice of termination or cancellation under such license, (B) received any notice of breach or default under such license, which breach has not been cured, or (C) granted to any other third party any rights, adverse or otherwise, under such license that would constitute a Material breach of such license.

(i) Except as set forth in Schedule 2.1(d), Seller has no Knowledge that any of its respective employees, officers, directors, agents or consultants is (i) subject to confidentiality restrictions in favor of any third person the breach of which could subject Seller to any liability, or (ii) obligated under any contract (including licenses, covenants or commitments of any nature) or other agreement, or subject to any judgment, decree or order of any court or administrative agency, that would interfere with their duties to Seller, or that would conflict with Seller's Business as presently conducted or proposed to be conducted. Each employee and officer of and consultant to Seller has executed a proprietary information and inventions agreement. No current or former employee or officer of or consultant to Seller or any of its subsidiaries has excluded works or inventions made prior to his or her employment or relationship with Seller from his or her assignment of inventions pursuant to such employee, officer or consultant's proprietary information and inventions agreement.

(j) Seller has taken reasonable steps in accordance with normal industry practice to maintain the confidentiality of its Trade Secrets and other confidential Intellectual Property. To the Knowledge of Seller, (i) there has been no misappropriation of any Material Trade Secrets or other Material confidential Intellectual Property by any person; (ii) no employee, independent contractor or agent of Seller has misappropriated any Trade Secrets of any other person in the course of such performance as an employee, independent contractor or agent; and (iii) no employee, independent contractor or agent of Seller or any of its subsidiaries is in Material default or breach of any term of any employment agreement, non-disclosure agreement, assignment of invention agreement or similar agreement or contract relating in any way to the protection, ownership, development, use or transfer of Intellectual Property owned by Seller.

(k) The conduct of Seller's Business as presently conducted or as proposed to be conducted, will not, to the Knowledge of Seller, conflict with or result in a breach of the terms, conditions or provisions of, or constitute a default under, any contract, covenant or instrument related to Intellectual Property under which Seller or any of its employees or consultants are now obligated. Except to the extent already assigned to Seller, Seller does not believe that it is or will be necessary to utilize any Intellectual Property or

Proprietary Information of any of its respective employees (or people it currently intends to hire) made or developed prior to their employment by Seller.

3.17 Material Contracts.

(a) Section 3.17 of Seller's Disclosure Schedule sets forth all of the following contracts related to the Business (the Material Contracts):

(1) Collective bargaining agreements or other contracts with any labor union, or any contract, whether written or oral (excluding any oral or written contract that is terminable-at-will under the laws of the relevant jurisdiction without severance obligations), for the employment of any Transferred Employee (as defined herein), or any agreement relating to loans to a Transferred Employee, or any retention, severance, change of control or similar arrangement with a Transferred Employee which would result in a payment becoming due as a result of the Closing;

(2) Agreements or indentures relating to the borrowing of money, equipment leases or financing, or to the mortgaging, pledging or otherwise placing a lien on any Purchased Asset;

(3) Contracts or agreements (i) prohibiting it from freely engaging or competing in any business anywhere in the world, or (ii) entered into restricting Seller's right to use or disclose any information in its possession;

(8) Contracts related to the licensing of Intellectual Property or Proprietary Rights, including those listed on Schedule 2.1(d);

(9) Any contracts with a Third Party Payor or any other third party that has terms which require Seller to be in any kind of exclusive relationship with, or exclusively deal with, such Third Party Payor or other third party; or

(10) Any other contract which creates future payment obligations in excess of \$50,000 in the aggregate and which by its terms does not terminate or is not terminable without penalty by Seller upon notice of thirty (30) days or less.

(b) Seller has furnished to Buyer true and complete copies of each of the Material Contracts.

(c) All of the Material Contracts are legal, valid and binding obligations and in full force and effect. Seller has duly performed all of its obligations under each Material Contract to the extent those obligations have accrued and no default, violation, or breach by Seller or, to Seller's Knowledge, any other party under any Material Contract has occurred which affects the enforceability of such Material Contract or any parties' rights thereunder, including without limitation rights of termination, modification and acceleration, except where any of the foregoing would not, individually or in the aggregate, be Material.

(d) Seller is in compliance with all confidentiality and privacy provisions of each Material Contract.

3.18 Absence of Certain Changes or Events. Except as set forth in Section 3.18 of Seller's Disclosure Schedule or in the Unaudited Financial Statements, since June 30, 2003, there has been no material change in the business, operations, properties, condition (financial or otherwise), or assets or liabilities (including, without limitation, contingent liabilities) of the Business. Without limiting the foregoing, with respect to the Business, since June 30, 2003:

(a) Seller has not increased the level of benefits under any Employee Benefit Plan, the salary or other compensation (including severance) payable or to become payable to any of the Transferred Employees or obligated itself to pay any bonus or other additional salary or compensation to any Transferred Employee, other than in the ordinary course of business and consistent with past practice;

(b) Seller has not entered into any Material transaction other than in the ordinary course of business consistent with past practice;

(c) Seller has not sold, transferred, disposed of, or agreed to sell, transfer or dispose of, any assets, properties, Intellectual Property or rights other than in the ordinary course of business consistent with past practice;

(f) Seller has not made any material change in any pricing, marketing, purchasing, allowance or tax or accounting practice, policy or method or any method of calculating any bad debt, contingency or other reserve for accounting, financial reporting or tax purposes or made any material tax election or settled or compromised any Material income or sales tax liability with any Governmental Entity;

(g) There has been no waiver or amendment of any material right relating to Seller which would reasonably be expected to be Material to the conduct of the Business;

(h) Seller has not made any capital expenditure (or series of related capital expenditures) that is either Material or outside the ordinary course of business;

(i) Seller has not amended, rescinded or terminated (and not renewed) any existing Material Contract and no such Material Contract has expired or terminated (and not been renewed) by its terms;

(j) None of the Purchased Assets, individually or in the aggregate, have been destroyed, damaged or otherwise lost (whether or not covered by insurance);

(k) Seller has not made any material change in its accounting methods, principles or practices, except as required by applicable laws, regulations or accounting pronouncements; provided that each such change has been disclosed in the Seller's SEC Documents; and

(l) Seller has not entered into any commitment (contingent or otherwise) to do any of the foregoing, other than pursuant to this Agreement.

3.19 Inventory. After considering reserves, all Inventory (a) was acquired in the ordinary course of business, (b) is of good and merchantable quality, (c) consists of a quality, quantity and condition useable, leasable or saleable in the ordinary course of business and (d) has a book value as reflected on the Unaudited Financial Statements of the lesser of Seller's actual cost of such item of Inventory and the market price for such item of Inventory as of the date of the Unaudited Financial Statements. Seller is not under any liability or obligation with respect to the return of Inventory in the possession of distributors or other customers in excess of established reserves. Except as set forth on Section 3.19 of Seller's Disclosure Schedule, Seller holds no Inventory on consignment, or holds title to or ownership of any Inventory in the possession of others. 3.20 Accounts Receivable. All Accounts Receivable, net of reserves, are good and collectible in full in the ordinary course of business and are, or will be as of the Closing Date, free and clear of all Encumbrances, except Permitted Encumbrances. Seller has fully performed all obligations with respect to such Accounts Receivable that it was obligated to perform to the date hereof. To the Knowledge of Seller, adequate reserves have been accrued and maintained in the Audited Financial Statements and Unaudited Financial Statements, to provide for all doubtful accounts of, valid counterclaims or setoffs by, rebates, discounts and allowances to, and returns from, any customers of Seller, and such reserves were established in a manner consistent with Seller's collection experience in prior periods. Seller has furnished Buyer with a true and complete copy of its Accounts Receivable aging report, dated August 31, 2003.

3.21 Customers, Resellers and Suppliers. Section 3.21 of Seller's Disclosure Schedule sets forth a correct and complete list of all of the Material customers and resellers of the Business. There are no outstanding disputes with any customers, distributors or suppliers of the Business, other than disputes which would not be, individually or in the aggregate, Material. No Material customer, distributor or supplier of the Business has refused to do business with Seller or has stated to Seller its intention to discontinue or reduce the level of business with Seller or to change its relationship or arrangements with the Business in a manner adverse to the Business, whether as a result of the transactions contemplated hereby or otherwise.

3.22 Employee Benefit Plans.

(b) Delivery of Documents. Seller has delivered to Buyer correct and complete copies of each Employee Benefit Plan, and with respect to each such Plan (i) any associated trust, custodial, insurance, or service agreements, (ii) any annual report, actuarial report, or disclosure materials (including specifically any summary plan descriptions) submitted to any Governmental Entity or distributed to participants or beneficiaries thereunder in the current or any of the three (3) preceding calendar years, and (iii) the most recently received IRS determination letters and any governmental advisory opinions, rulings, compliance statements, closing agreements, or similar materials specific to such Employee Benefit Plan.

(c) Compliance with Terms and Law. Each Employee Benefit Plan is and has heretofore been maintained and operated in compliance with the terms of such Plan and with the requirements prescribed (whether as a matter of substantive law or as necessary to secure favorable tax treatment) by any and all requirements of Law in effect from time to time, including but not limited to the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the Code and applicable to such Plan. Each Employee Benefit Plan that is intended to qualify under Section 401(a) of the Code and each trust forming part of an Employee Benefit Plan which is intended to qualify under Section 501(c)(9) of the Code is specifically so identified in Section 3.22(a) of Seller's Disclosure Schedule and has been determined by the IRS to be so qualified, and nothing has occurred to each such Employee Benefit Plan or trust that has resulted or is likely to

result in the revocation of such determination as to such Employee Benefit Plan or trust or could require action under the compliance resolution programs of the IRS to preserve such qualification.

(d) Absence of Certain Events and Arrangements. There is no pending, or to the best of Seller's Knowledge, threatened, Action, other than routine claims for benefits, concerning any Employee Benefit Plan, or to the best of Seller's Knowledge, any fiduciary or service provider thereof, and to the best of Seller's Knowledge, there is no basis for any such Action.

(2) No reportable event, or event or condition that presents a material risk of termination by the PBGC, has occurred with respect to any Employee Benefit Plan, or any retirement plan of an ERISA affiliate of Seller, which is subject to Title IV of ERISA.

(3) No Employee Benefit Plan nor any party in interest with respect thereof, has engaged in a prohibited transaction that could subject Seller directly or indirectly to liability under Section 409 or 502(i) of ERISA or Section 4975 of the Code.

(4) No communication, report, or disclosure has been made that, at the time made, did not accurately reflect the terms and operations of any Employee Benefit Plan.

(6) No benefits due under any Employee Benefit Plan have been forfeited subject to the possibility of reinstatement (which possibility would still exist at or after the Closing).

(7) Seller has not undertaken to maintain any Employee Benefit Plan for any period of time and each such Plan is terminable at the sole discretion of Seller, subject only to such constraints as may be imposed by applicable law.

(8) Seller has not announced its intention, or undertaken (whether or not legally bound) to modify or terminate any Employee Benefit Plan or adopt any arrangement or program which, once established, would come within the definition of an Employee Benefit Plan.

(e) Funding of Certain Plans. With respect to each Employee Benefit Plan for which a separate fund of assets is or is required to be maintained, full payment has been made of all amounts that Seller is required, under the terms of each such Employee Benefit Plan, to have paid as contributions to that Employee Benefit Plan as applied through the Closing Date, and no accumulated funding deficiency (as defined in Section 302 of ERISA and Section 412 of the Code), whether or not waived, exists with respect to any such Employee Benefit Plan. The current value of the assets of each such Employee Benefit Plan, as of the end of the most recently ended plan year of that Employee Benefit Plan, exceeded the current value of all accrued benefits under that Plan.

(f) Effect of Transactions. Except as set forth in Section 3.22(f) of Seller's Disclosure Schedule, the execution of this Agreement and the consummation of the transactions contemplated hereby will not result in any payment (in the nature of severance pay or otherwise) becoming payable by Seller to any Transferred Employee of Seller or result in the vesting, acceleration of payment, or increases in the amount of any benefit payable to or in respect of any such Transferred Employee.

(g) Multi-employer Plans. No Employee Benefit Plan is a multi-employer plan.

(h) Definitions. For purposes of this Section 3.22, multi-employer plan, party in interest, current value, accrued benefit, reportable event and benefit liability have the same meaning assigned such terms under Sections 3, 4043(b) or 4001(a) of ERISA, and ERISA affiliate means any entity that under Section 414 of the Code is treated as a single employer with Seller.

There are no pending claims against such insurance by Seller as to which the insurers have denied coverage or otherwise reserved rights. REPRESENTATIONS AND WARRANTIES OF BUYER**

Except as otherwise indicated on Buyer's Disclosure Schedule, Buyer represents, warrants and agrees as follows:

4.1 Organization and Related Matters. Buyer is a limited liability company duly organized, validly existing and in good standing under the laws of Delaware. Buyer has all necessary authority and corporate power to own its properties and to carry on its business as now being conducted and is duly qualified or licensed to do business as a foreign corporation in good standing in all jurisdictions where the nature of its business requires licensing or qualification, except where the failure to be so qualified or licensed would not, individually or in the aggregate, result in a Buyer Material Adverse Effect.

4.2 Authorization; No Conflicts. Buyer has all necessary authority and corporate power to execute, deliver and perform this Agreement. The execution, delivery and performance of this Agreement by Buyer have been duly and validly authorized by all necessary limited liability company action on Buyer's part. This Agreement constitutes Buyer's legally valid and binding obligation, enforceable against Buyer in accordance with its terms except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws and equitable principles relating to or limiting creditors' rights generally. Buyer's execution, delivery and performance of this Agreement will not violate, or constitute a breach or default under, Buyer's certificate of formation, or under its limited liability company agreement. Subject to obtaining the Approvals contemplated in Section 4.4, Buyer's execution, delivery and performance of this Agreement will not violate any Law except for any violation that would not, individually or in the aggregate, reasonably be expected to result in a Buyer Material Adverse Effect.

4.3 Legal Proceedings. There is no Order or Action pending or, to Buyer's Knowledge, threatened against or affecting Buyer that individually or when aggregated with one or more other Orders or Actions has or if determined adversely would have a Buyer Material Adverse Effect.

4.4 Approvals and Third Party Consents. Section 4.4 of Buyer's Disclosure Schedule lists any Approvals by any Governmental Entity and any material Third Party Consents by any Person not a party to this Agreement required in connection with the execution or performance of this Agreement by Buyer.

4.5 Funding. Buyer has received a binding (subject to the terms and conditions thereof) written commitment from a financially responsible financial institution to obtain the funds necessary to pay the Purchase Price under Section 2.6, and to pay related fees and expenses. Buyer has provided Seller with true and complete copies of its commitment from such financial institution to provide such financing to Buyer (the Commitment). The Commitment is in full force and effect, and Buyer has no reason to expect that the conditions included in the Commitment will not be satisfied before the Closing. Buyer believes that the financing described in this Section is sufficient to enable Buyer to complete the transactions contemplated by this Agreement. Buyer shall give Seller prompt notice of any change with respect to such financing that would adversely affect the ability of Buyer to consummate the transactions contemplated hereby.

4.6 No Brokers or Finders. Except for the fees and commissions shown in Section 4.6 of Buyer's Disclosure Schedule, which will be the sole responsibility of Buyer, no agent, broker, finder, investment or commercial banker or other Person or firms engaged by or acting on behalf of Buyer or its Affiliates in connection with the negotiation, execution or performance of this Agreement or the Transaction, is or will be entitled to any broker's or finder's or similar fees or other commissions as a result of this Agreement or the Transaction.

5.2 Material Adverse Changes; Conduct of Business.

(a) Seller will promptly notify Buyer if Seller obtains Knowledge of any fact or event that has had or would reasonably be expected to have a Material Adverse Effect.

(b) Buyer will promptly notify Seller if Buyer obtains Knowledge of any fact or event that has had or would reasonably be expected to have a Buyer Material Adverse Effect.

(c) Except as otherwise provided in or contemplated by this Agreement, during the period from the date of this Agreement and continuing until the earlier of the termination of this Agreement or the Closing Date, Seller agrees (except to the extent that Buyer shall otherwise consent), to carry on the Business in the usual, regular and ordinary course in substantially the same manner as previously conducted and use commercially reasonable efforts consistent with past practices and policies to preserve intact its present business organization, and use commercially reasonable efforts to (i) keep available the services of the Transferred Employees and (ii) preserve its relationships with customers, suppliers, distributors, and others having business dealings with it. Except as otherwise required by law or as set forth on Schedule 5.6(b), Seller shall not pay severance to any person who is offered a position as a Transferred Employee on the terms set forth in Section 5.6(c) and does not accept. Except for Assumed Liabilities related to Transferred Employees, Seller shall in addition be responsible for all costs associated with employment and with the operation of the Business through and including the Closing Date, including without limitation F.I.C.A. tax liability, workers' compensation premiums and claims made, accrued compensation and benefits payable for services rendered through the Closing Date, including any retention or change of control bonuses that may become payable to an employee, and employer contributions to any benefit plan.

Nothing in this Agreement will be deemed a guarantee of employment for any specified period, and nothing herein will confer upon any employee any right to employment or any right under any benefit, plan, program, policy or arrangement. Without limiting the foregoing, Buyer will cooperate with Seller and take reasonable steps to enable Transferred Employees to roll over into Buyer's equivalent plans the amounts distributed to such employees from Seller's 401(k) and deferred compensation plans in which such employees participated prior to the Closing. Transferred Employees will be credited for eligibility and vesting from the Closing Date under the benefit plans, programs and arrangements of Buyer with their service to Seller before the Closing Date to the same extent such service was credited under the comparable plans of Seller. Buyer will give each Transferred Employee full credit for accrued vacation to the extent accrued on Seller's Books and Records and shown on the Closing Date Net Working Capital Schedule.

(d) Seller will be responsible for making continuation coverage under Code Section 4980B and Sections 601-608 of ERISA (COBRA) available to any Seller employee and any eligible spouse or dependent who experiences a qualifying event, as defined in Code Section 4980B(f)(3), before or as of the Closing Date. 5.7 Covenants Not to Compete and Not to Solicit.

(a) As an inducement for Buyer to enter into the Purchase Agreement, Seller agrees that for five (5) years following the Closing Date, Seller shall not, anywhere in the United States or elsewhere in the world, directly or indirectly (i) engage, without the prior express written consent of Buyer, in any business or activity, whether as an employee, consultant, partner, principal, agent, representative, stockholder (except as a holder of less than 5% of the combined voting power of the outstanding stock of a publicly held company) or in any other individual, corporate or representative capacity, or render any services or provide any advice to any business, activity, person or entity, if Seller knows or reasonably should know that such business, activity, service, person or entity, directly or indirectly, competes in any material manner with the Business, or (ii) meaningfully assist, help or otherwise support, without the prior express written consent of Buyer, any person, business, corporation, partnership, or other entity or activity, whether as an employee, consultant, partner, principal, agent, representative, stockholder (other than in the capacity as a stockholder of less than 5% of the combined voting power of the outstanding shares of stock of a publicly held company) or in any other individual, corporate or representative capacity, to create, commence or otherwise initiate, or to develop, enhance or otherwise further, any business or activity if Seller knows or reasonably should know that such business or activity, directly or indirectly competes in any material manner with the Business; provided that the foregoing shall not apply to an acquisition of substantially all the assets of Seller or a change of control of Seller which involves a third party buyer so long as neither Seller nor its employees participate in or use their knowledge of, or expertise with respect to, the Business to compete with or enable such acquirer of Seller to compete with the Business. For purposes of this Agreement, a chemical or biochemical product or process that performs substantially the same healing function as a Product is not competitive with the Business, but a device (whether or not implantable) or mechanical or electromechanical process would be competitive with the Business if performing substantially the same healing function as a Product.

(b) As an inducement for Buyer to enter into the Purchase Agreement, Seller agrees that for two years following the date hereof, Seller shall not, directly or indirectly (i) with respect to the Business, take any action to solicit or divert any business or distributors or customers (or potential distributors or Potential Customers) away from Buyer or any of its Affiliates, (ii) induce customers, Potential Customers, distributors, potential distributors, suppliers, agents or other persons under contract or otherwise associated or

doing business with respect to the Business with Buyer, or any of its Affiliates, to terminate, reduce or alter any such association or business with respect to the Business with or from Buyer or any of its Affiliates.

(c) For the period beginning on the Closing Date and ending two (2) years thereafter, Seller shall not induce any person in the employment of Buyer or any of its Affiliates, and Buyer shall not induce any person who remains in the employ of Seller on the Closing Date, to (i) terminate such employment, (ii) accept employment, or enter into any consulting arrangement, with anyone other than Buyer or any of its Affiliates, or Seller and its Affiliates, as the case may be; provided, however, that Buyer and Seller shall have the right to enter into consulting arrangements with certain employees of the Business or Seller, as the case may be, pursuant to Section 5.17(b) and/or (iii) with respect to the Business or Seller's businesses retained after consummation of the Transaction, interfere with the customers, suppliers, or distributors of the other party or any of its Affiliates.

(d) To the extent they are assignable, Seller hereby irrevocably assigns, transfers and puts over to Buyer, all of Seller's rights under and in the Business and to the extent related to the Business, which restrict the rights of, and impose duties on, other Persons having a relationship with the Business, including rights under agreements regarding competition with and/or interference with the Business in any way whatsoever and/or the solicitation of employees of Buyer, as successor to Seller, related to the Business in any way whatsoever. This assignment shall be only the assignment of the benefits of these rights and shall be free and clear of any Encumbrance or any of the duties of any other party under such agreements, or any other duties or obligations of Seller.

(e) The parties to this Agreement agree that (i) if Seller breaches any provision of this Section 5.7, the damage to Buyer will be substantial, although difficult to ascertain, and money damage will not afford Buyer an adequate remedy, and (ii) if Seller is in breach of any provision of this Section 5.7, or threatens a breach of any provision of this Section 5.7, Buyer shall be entitled, in addition to all other rights and remedies as may be provided by law, to specific performance and injunctive and other equitable relief to prevent or restrain a breach of any provision of this Section 5.7. The rights and remedies provided herein are cumulative and are not exclusive of any rights or remedies that either party may otherwise have at law or in equity.

(f) The rights of Buyer under this Section 5.7 are assignable, in whole or in part, to any Person who is a successor to the Business or any portion thereof. The provisions of this Section 5.7 shall bind Seller and its subsidiaries, its controlled affiliates, and successors and assigns, including successors or assigns by operation of law or by acquisition of substantially all of the assets of Seller. Seller may, upon written notice to Buyer, assign its rights under Section 5.7(c) to a successor in interest to its retained business.

Subject to Section 5.10(f), the Seller Board shall not change or withdraw such recommendation without the prior written consent of Buyer. No filing of, or amendment or supplement to, or correspondence to the SEC will be made by Seller without providing Buyer with an opportunity to review and comment thereon. Seller will advise Buyer, promptly after it receives notice thereof, of any request by the SEC for the amendment of the Proxy Statement or comments thereon and responses thereto or requests by the SEC for additional information. If at any time prior to Seller's Stockholders Meeting any information relating to Seller or Buyer, or any of their respective Affiliates, officers or directors, should be discovered by Seller or Buyer which should be set forth in an amendment or supplement to the Proxy Statement, so that it would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party which discovers such information shall promptly notify the other parties

Subject to Section 5.10(f), Seller shall (i) use its best efforts to solicit from stockholders of Seller proxies in favor of adoption of this Agreement and approval of the sale of the Purchased Assets for the Seller's Stockholders Meeting and (ii) recommend to its stockholders the approval of the sale of the Purchased Assets in the Transaction, and not modify or withdraw such recommendation.

(c) Buyer will furnish to Seller such data and information relating to it as Seller may reasonably request for the purpose of including such data and information in the Proxy Statement and any amendments or supplements thereto used by Seller to obtain the necessary stockholder approval of the sale of the Purchased Assets (the Seller Stockholder Approval).

5.9 Financing. Buyer hereby agrees to work diligently and in good faith to complete the financing on the terms set forth in the Commitment as further described in Section 4.5. Buyer will duly pay any and all commitment and other fees required by, or contemplated in connection with, the Commitment that become due after the date hereof and prior to the Closing. Buyer will keep Seller informed on a reasonably current basis in reasonable detail of the status of their efforts to arrange the financing and shall not permit any material adverse amendment or modification to be made to, or any waiver of provisions governing the principal amount of financing or the conditions to consummation under the Commitment without the prior written consent of Seller, which consent shall not be unreasonably withheld. In the event that Buyer is unable to obtain the financing on the terms set forth in the Commitment, Buyer shall use commercially reasonable efforts to obtain alternative financing with overall pricing, cost, timing and maturity terms that are no less favorable, and other terms that are no less favorable in any material respect, to Buyer than those contained in the Commitment. On the terms set forth in Section 5.3(a), Seller hereby agrees to use reasonable efforts to cooperate with Buyer in its efforts to arrange and obtain the financing on the terms set forth in the Commitment, or the alternative financing referenced above, if applicable by making its Books and Records and personnel and its auditors and advisors available to Buyer and its lenders upon Buyer's or such lenders' reasonable request, including by way of participation in meetings with prospective lenders and rating agencies at Buyer's or such lender's reasonable request in connection with the syndication of the financing contemplated by the Commitment or any alternative financing, if applicable.

(a) Subject to Section 5.10(d), from the date hereof until the Closing, Seller shall immediately cease and desist and discontinue and cause to be terminated any and all existing activities with respect to any of the following and shall not, (i) directly or indirectly, through any officer, director, affiliate, employee, attorney, accountant, financial advisor, subsidiary, independent representative or independent agent or any other advisor or representative of Seller solicit, initiate, encourage or take any action to facilitate (including by way of furnishing information or engaging in discussions or negotiations) any inquiries, proposals or offers that constitute, or could reasonably be expected to lead to or relate to, a proposal or offer to acquire all or any part of the Purchased Assets or Business, whether by merger, share purchase or exchange, reorganization, recapitalization, liquidation, dissolution, consolidation, business combination, purchase of assets, tender offer, exchange offer or similar transaction, whether for cash, securities or any other consideration or combination thereof other than the transactions contemplated by this Agreement.

(b) Subject to Section 5.10(d) and 5.10(f) neither the Seller Board, nor any committee thereof, shall withdraw, modify or qualify (or propose to withdraw, modify or qualify) the recommendation in favor of the sale of the Purchased Assets to Buyer in any manner adverse to Buyer, or take any action or make any statement in connection with the Seller's Stockholder Meeting inconsistent with such recommendation.

(2) engage in negotiations with the Potential Acquiror with respect to the Acquisition Proposal.

(e) For a period of not less than seven (7) Business Days after Buyer's receipt of each Superior Proposal Notice, Seller shall, if requested by Buyer, negotiate in good faith with Buyer to amend this Agreement so that the Acquisition Proposal that constituted a Superior Proposal no longer constitutes a Superior Proposal (a Former Superior Proposal); provided that in the event the Acquisition Proposal as originally received by Seller indicates that the indicated transaction value is subject to the Potential Acquiror's review of nonpublic information to be provided by Seller as contemplated by Section 5.10(d)(i), such seven (7) Business Day negotiation period with Buyer shall not commence until the Potential Acquiror has provided a definitive proposed purchase price following its review of such nonpublic information. Upon such amendment of this Agreement, the terms and conditions of this Section 5.10 shall again apply to any inquiry or proposal made by any Person who withdraws a Superior Proposal or who made a Former Superior Proposal (after withdrawal or after such time as their proposal is a Former Superior Proposal).

(f) In response to the receipt of a Superior Proposal that has not been withdrawn and continues to constitute a Superior Proposal after Seller's compliance with Sections 5.10(c) and 5.10(e), the Seller Board may withhold or withdraw the Seller Board Recommendation and, in the case of a Superior Proposal that is a tender or exchange offer made directly to Seller's stockholders, may recommend that its stockholders accept the tender or exchange offer (any of the foregoing actions, whether by the board of directors of Seller or a committee thereof, a Change of Recommendation), if both of the following conditions are met:

To that end, Seller shall promptly report to Buyer the compromise of an Excluded Trade Payable and Seller shall pay to Buyer the difference between the amount paid to the vendor and the invoice amount (or other amount used to determine whether an adjustment is required under Section 2.6(c) hereof), with such payment to be received within three (3) Business Days of the compromise.

Buyer will use reasonable best efforts to ensure its employees deliver checks received in respect of the Excluded Assets so that Buyer does not receive Proceeds. Part 160 and Part 164, subparts A and E (the HIPAA Privacy Rule), and therefore will comply with the HIPAA Privacy Rule.

Seller may pay all or any portion of this obligation by releasing funds held in the Escrow to Buyer from a separate account established in the Escrow for this purpose. If any portion of the amount shown on Schedule 5.19 is not required to pay the cost of the bonuses, then Buyer will cause the escrow agent to release from Escrow Seller's 75% share of the applicable cost of the bonus amount within ten (10) Business Days of the event eliminating the bonus obligation.

TERMINATION OF OBLIGATIONS; SURVIVAL

8.1 Termination of Agreement. Anything herein to the contrary notwithstanding, this Agreement may be terminated at any time before the Closing as follows and in no other manner:

(a) by mutual consent in writing of Buyer and Seller;

(b) by either Seller or Buyer if any Governmental Entity has issued an Order or taken any other actions (which the parties will use their commercially reasonable efforts to lift), in either case permanently restraining, enjoining or otherwise prohibiting the Transaction, and such Order or other action becomes final and nonappealable;

(c) by either Buyer or Seller if the Closing shall not have occurred on or prior to January 31, 2004 (provided, that the right to terminate this Agreement under this Section 8.1(c) shall not be available to any party whose breach of or failure to fulfill any of its obligations under this Agreement has been the primary cause of, or resulted in, the failure of the Closing to occur on or before such date, and shall not be available to Buyer, if all conditions to Closing in Section 7.1 and Section 7.2 (other than the condition set forth in Section 7.2(g)) have been satisfied, or waived by Buyer;

(d) by either Buyer or Seller, if at the Seller's Stockholder Meeting (including any adjournment or postponement), the requisite stockholder approval shall not have been obtained (provided, that the right to terminate this Agreement under this Section 8.1(d) shall not be available to any party seeking termination who at the time is in breach of or has failed to fulfill any of its obligations under this Agreement);

(e) by either Buyer or Seller, if there has been a material breach of any representation, warranty, covenant or agreement set forth in this Agreement on the part of Seller (in the case of termination by Buyer) or on the part of Buyer (in the case of termination by Seller), which breach (i) causes the conditions set forth in Section 7.2(a) or (b) (in the case of termination by Buyer) or Section 7.3(a) or (b) (in the case of termination by Seller) not to be satisfied, and (ii) shall not have been cured (if capable of being cured) within thirty (30) days following receipt by Seller from Buyer of written notice of Seller's breach or by Buyer from Seller of written notice of Buyer's breach, as the case may be;

(f) by Seller, if Seller Board determines to accept a Superior Proposal; or.

(g) (i) by Buyer, if Buyer does not obtain either (x) the financing contemplated by Section 5.9, or (y) the alternative financing on the terms contemplated by Section 5.9, or (ii) after January 31, 2004, by Seller, if all conditions to Closing set forth in Section 7.1 and Section 7.2 have been satisfied or waived, other than the condition set forth in Section 7.2(g).

8.2 Effect of Termination.

(a) If this Agreement is terminated pursuant to Section 8.1, except pursuant to Section 8.1(d), 8.1(f) or 8.1(g), all further obligations of the parties under this Agreement will terminate without further liability of any party to another; provided, however, that the obligations of the parties contained in Section 10.9 (Confidentiality) and Section 10.12 (Expenses) will survive any such termination. A termination under Section 8.1 will not relieve any party of any liability for a breach of, or for any misrepresentation under, this Agreement, or be deemed to constitute a waiver of any available remedy, including specific performance if available, for any such breach or misrepresentation.

(b) If this Agreement is terminated pursuant to Section 8.1(d), in order to compensate Buyer for the effort and expense incurred in pursuing a Transaction and to induce Buyer to enter into this Agreement, Seller agrees to pay Buyer \$2,000,000 and, effective upon receipt of such payment, Seller shall be released from any claim for breach of this Agreement related to the failure to obtain stockholder approval.

(c) If this Agreement is terminated pursuant to Section 8.1(f), in order to compensate Buyer for the effort and expense incurred in pursuing a Transaction and to induce Buyer to enter into this Agreement, Seller agrees to pay Buyer \$2,000,000 and also reimburse Buyer for all of its expenses incurred in connection with the transactions contemplated hereby up to an amount equal to \$2,000,000 and, effective upon receipt of such payment, Seller shall be released from any claim for breach of this Agreement related to Seller's acceptance of the Superior Proposal to the extent it was unsolicited under the terms of Section 5.10 hereof.

(d) If Buyer or Seller terminates this Agreement pursuant to Section 8.1(g) and such failure to obtain financing or satisfy the condition set forth in Section 7.2(g) is attributable solely to Buyer's financial performance or any change in or status of the assets, properties, condition (financial or otherwise),

results of operations or prospects of Buyer, including, without limitation, the failure resulting solely therefrom to obtain or maintain a rating of Buyer's senior secured debt by Standard & Poor's of B+ with a positive outlook or by Moody's Investors Service of B2 with a stable outlook, in order to compensate Seller for the effort and expense incurred in pursuing a Transaction and induce Seller to enter into this Agreement, Buyer agrees to pay Seller \$2,000,000, and, effective upon receipt of such payment, Buyer shall be released from any claim for breach of this Agreement related to the failure to obtain financing.

8.3 Survival of Representations and Warranties. The representations and warranties contained in or made pursuant to this Agreement will expire on the second anniversary of the Closing except that: (a) the representations and warranties contained in Sections 3.1 (Organization and Related Matters), 3.2 (Authorization), 3.14 (No Brokers or Finders), 4.1 (Organization and Related Matters), 4.2 (Authorization) (other than the last two sentences) and 4.6 (No Brokers or Finders) will survive the Closing and remain in full force and effect indefinitely; (b) the representations and warranties contained in Sections 3.10 (Taxes), 3.13 (Compliance with Law), 3.22 (Employee Benefit Plans), 3.23 (Environmental Matters) and 3.30 (Government Contracts) will continue through 120 days after the expiration of the applicable statute of limitations as the same may be extended; (c) the agreements made in this Section 8.3 and all covenants made in this Agreement will be continuing; and (d) if a claim or notice is given under Article IX (Indemnification) with respect to any representation or warranty before the applicable expiration date, such representation or warranty will continue indefinitely until such claim is finally resolved.

ARTICLE IX

INDEMNIFICATION

9.1 Obligations of Seller. Seller agrees to indemnify and hold harmless Buyer, and its directors, officers, employees, stockholders, Affiliates, agents, representatives, successors and assigns (collectively, Buyer Indemnified Persons) from and against any and all Losses directly or indirectly, as a result of, or based upon or arising from (a) any inaccuracy in or breach or nonperformance of any of the representations or warranties made by Seller in this Agreement; (b) the violation or non-performance of any covenant or obligation to be performed by Seller under this Agreement; (c) any liabilities or obligations of Seller that are not Assumed Liabilities; (d) the Excluded Assets; (e) any Administrative Violation or product liability claim arising out of the conduct of the Business prior to the date of the Closing; (f) Taxes, as set forth in Section 6.1, and any interest or penalties thereon, or (g) the failure of Seller to comply with any bulk sales or bulk transfer laws.

9.2 Obligations of Buyer. Buyer agrees to indemnify and hold harmless Seller and its directors, officers, employees, stockholders, Affiliates, agents, representatives, successors and assigns (collectively, Seller Indemnified Persons) from and against any and all Losses, directly or indirectly, as a result of, or based upon or arising from: (a) any inaccuracy in or breach or nonperformance of any of the representations, warranties, covenants or agreements made by Buyer in or pursuant to this Agreement, (b) Buyer's conduct and operation of the Business after the Closing or (c) Buyer's failure to pay, perform or otherwise discharge the Assumed Liabilities when they come due.

9.3 Collection of Accounts Receivable. Buyer shall use its commercially reasonable efforts consistent with Seller's current practices to collect all Accounts Receivable included in the Purchased Assets. If any Accounts Receivable (except for Excluded Medicare Receivables) included in the Closing Date Net Working Capital Schedule have not been collected within eighteen (18) months of the Closing Date, Seller shall indemnify Buyer and pay to Buyer the face amount of all such uncollected Accounts Receivable, net of the reserves for discounts, allowances and bad debt reflected on the Closing Date Net Working Capital Schedule, and subject in any event to the limitations set forth in Sections 9.5(a) and (b). Beginning ninety (90) days after the Closing Date, as long as any Accounts Receivable remain uncollected, Buyer shall provide Seller, within thirty (30) days of the end of each calendar quarter, with a report, in a form customarily provided to auditors in connection with an audit, listing the status of the Accounts Receivable included in the Purchased Assets, including aging. Seller shall have the right, exercisable one time prior to the expiration of the 18

month period, upon reasonable notice to Buyer and during business hours, to have its personnel or outside auditors conduct an audit of Buyer's records with respect to the Accounts Receivable. This Section 9.3 shall represent Buyer's sole remedy for Seller's breach of the representation and warranty set forth in Section 3.20.

9.4 Procedure.

(a) Any party seeking indemnification with respect to any Loss (the Indemnified Party) will promptly notify the party required to provide indemnity hereunder (the Indemnifying Party) in accordance with Section 10.11, provided, that the failure to give such notice shall not affect the right of the Indemnified Party to indemnification except to the extent the failure to give notice prejudices the Indemnifying Party's ability to defend any claim.

(b) If any claim, demand or liability is asserted by any third party against any Indemnified Party (a Third Party Claim), the Indemnified Party will, upon notice of the claim or demand, promptly notify the Indemnifying Party, subject to the proviso of Section 9.4(a), and the Indemnifying Party will defend and/or settle any actions or proceedings brought against the Indemnified Party in respect of matters embraced by the indemnity with counsel reasonably satisfactory to the Indemnified Party. If the Indemnifying Party does not promptly defend or settle any such claims, the Indemnified Party will have the right to control any defense or settlement, at the expense of the Indemnifying Party. No claim will be settled or compromised without the prior written consent of each party to be affected, with such consent not being unreasonably withheld. The Indemnified Party will at all times also have the right to participate fully in the defense at its own expense unless there is, under applicable law, a conflict on any significant issue between Indemnifying Party and Indemnified Party, in which case the fees and expenses of one counsel in respect of such claim incurred by the Indemnified Party will be paid by Indemnifying Party. The parties will cooperate in the defense of all Third-Party Claims that may give rise to Indemnifiable Claims hereunder. In connection with the defense of any claim, each party will make available to the party controlling such defense, any books, records or other documents within its control that are reasonably requested in the course of such defense.

(c) If the Indemnified Party has a claim against the Indemnifying Party that does not involve a Third Party Claim (an Inter-Party Claim; and together with a Third Party Claim, an Indemnifiable Claim), the Indemnified Party will notify the Indemnifying Party with reasonable promptness of the claim, and, to the extent known, specifying the nature, estimated amount and the specific basis for the claim. The Indemnifying Party will respond within thirty (30) days of receipt of the notice of an Inter-Party Claim. If the Indemnifying Party fails to respond, the claim specified by the Indemnified Party will be conclusively deemed a liability of the Indemnifying Party, subject only to proof of the amount of Loss. If the Indemnifying Party timely disputes the claim, the Indemnified and the Indemnifying Party will negotiate in good faith to resolve the dispute, and if not resolved, either party may pursue whatever remedies it may have.

(d) If any Loss is covered by insurance, Indemnified Party will file claims against the applicable policies, but need not appeal the denial of any claim nor assign any rights to Indemnifying Party under the policy. The provisions of this Article IX are subject to the rights of any Indemnified Party's insurer that may be defending any such claim. If the Indemnifying Party makes any payment hereunder of a Loss, the Indemnifying Party will be subrogated, to the extent of the payment and permitted by the applicable policies, to the rights of the Indemnified Party against any insurer or third party with respect to the Loss.

(e) All payments made pursuant to this Article IX (other than a payment based on an obligation arising under Section 5.7 [Non-Compete]) shall be treated as adjustments to the purchase price for the Purchased Assets.

9.5 Indemnification Threshold; Maximum Losses.

(a) Seller will have no liability for Losses incurred by Buyer Indemnified Persons arising out of or related to the inaccuracy or breach of a representation or warranty (other than representations and

warranties set forth in Sections 3.1 (Organization and Related Matters), 3.2 (Authorization), 3.3 (No Conflicts), 3.7(d) (Trade Payables), 3.10 (Taxes), 3.14 (No Brokers or Finders), and 3.26 (Voting Requirements)), unless and until the aggregate of all Losses incurred by Buyer Indemnified Persons exceeds \$250,000, at which time Seller will be obligated to indemnify Buyer Indemnified Persons for all Losses in excess of \$250,000 in the aggregate.

(b) Seller will have no liability arising out of the breach or inaccuracy of a representation or warranty by Seller for Losses incurred by Buyer Indemnified Persons and Buyer will have no liability arising out of the breach or inaccuracy of a representation or warranty by Buyer for Losses incurred by Seller Indemnified Persons, whether resulting from an action for indemnification or otherwise, to the extent the aggregate Losses incurred by Buyer Indemnified Persons or Seller Indemnified Persons, as applicable, including any Losses previously recovered, exceed the Purchase Price; provided, however, that the limitation on liability provided in this Section 9.5(b) shall not apply to any claims for indemnification in connection with (i) the breach or inaccuracy of a representation or warranty set forth in Sections 3.1 (Organization and Related Matters), 3.2 (Authorization), 3.10 (Taxes), 3.13 (Compliance with Law), 3.14 (No Brokers or Finders), and 3.30 (Government Contracts); (ii) the breach of any covenant set forth in Article V; (iii) Seller's responsibility for all obligations related to the Excluded Liabilities; or (iv) Buyer's responsibility for all obligations related to the Assumed Liabilities.

9.6 Cooperation; Manner of Payment. In connection with any Indemnifiable Claim, the Indemnified Party will cooperate in all reasonable requests of the Indemnifying Party. All claims against Seller shall be also made under and pursuant to the Escrow Agreement, and at such time as Seller becomes obligated to a Buyer Indemnified Party pursuant to this Article IX Seller shall cause the amount required to satisfy the claim to be disbursed from the Escrow. If at any time the Escrow is exhausted, or the entirety of the funds therein are being held subject to a dispute under this Article IX, Seller shall pay the Losses incurred directly to the Buyer Indemnified Party entitled to be indemnified hereunder.

9.7 WARN Act. If, following the Closing and during the period ending 60 days after the Closing, Buyer takes any action (including failing to hire the requisite number of employees of Seller in the Business) that in and of itself has the effect of causing Seller to incur Losses payable to terminated employees under the Federal Worker Adjustment and Retraining Notification Act (WARN), then Buyer shall indemnify Seller and hold it harmless from such Losses, and upon receipt from Seller of notice of a Third Party Claim under the WARN Act arising out of an action by Buyer taken following the Closing, including the failure by Buyer to hire the requisite number of employees of the Business, Buyer shall promptly assume the defense of such claim and pay the Losses incurred in such defense.

9.8 Exclusive Remedy. Except in the case of fraud, or where a party may be entitled to injunctive relief or other equitable remedies, after the Closing, the indemnification provided in this Article IX will constitute the exclusive remedy of the parties and each of their respective directors, officers, employees, Affiliates, agents and assigns from and against any and all Losses asserted against, resulting to, imposed upon or incurred or suffered by, any of them, directly or indirectly, as a result of, or based upon or arising from the breach of any representation or warranty or the nonfulfillment of any agreement or covenant in or pursuant to this Agreement or any other agreement, document, or instrument required hereunder.

9.9 Damages. Notwithstanding anything to the contrary elsewhere in this Agreement, no party, or its Affiliates, will be liable to the other party or its Affiliates for any damages other than compensatory damages. Each party agrees that it will not seek consequential or punitive damages as to any matter under, relating to or arising out of the Agreement or the Transaction.

ARTICLE X

This Agreement and the legal relations between the parties will be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts made and performed in such State and without regard to conflicts of law doctrines unless certain matters are preempted by federal law.

10.5 No Assignment. Neither this Agreement nor any rights or obligations under it are assignable by one party without the prior written consent of the other party, except as set forth in Section 5.7 and except that (i) Buyer may pledge any rights hereunder to financing sources or lenders, without Seller's consent and (ii) each of Buyer and Seller may, without the other parties consent, assign all such rights and obligations to a successor in interest (whether by merger, purchase of substantially all assets or otherwise) so long as such successor shall assume all such rights and obligations under this Agreement.

10.6 Headings. The descriptive headings of the Sections and subsections of this Agreement are for convenience only and do not constitute a part of this Agreement.

10.7 Counterparts. 10.9 Confidentiality. Each of Seller and Buyer agrees that all non public, confidential information so received from the other party is deemed received pursuant to the confidentiality agreement, dated as of July 3, 2003 between Seller and Buyer (the Confidentiality Agreement) and each party will, and will cause its

Representatives (as defined in the Confidentiality Agreement) to, comply with the provisions of the Confidentiality Agreement with respect to such information, and the provisions of the Confidentiality Agreement are hereby incorporated by reference with the same effect as if fully set forth herein. For the avoidance of doubt, non-public, confidential or proprietary information or copies thereof retained by Seller regarding the Business is governed by the Confidentiality Agreement.

10.15 Representation By Counsel; Interpretation. Seller and Buyer each acknowledge that each has been represented by counsel in connection with this Agreement and the Transaction. Accordingly, any rule of Law or any legal decision that would require interpretation of any claimed ambiguities in this Agreement against the party that drafted it has no application and is expressly waived. The provisions of this Agreement will be interpreted in a reasonable manner to effect the intent of Buyer and Seller.

10.16 Severability. If any provision of this Agreement is held to be unenforceable for any reason, it will be adjusted rather than voided, if possible, to achieve the intent of the parties. All other provisions of this Agreement will be deemed valid and enforceable to the extent possible.

10.17 Specific Performance. Seller and Buyer each acknowledge that, in view of the uniqueness of the Business and the transactions contemplated by this Agreement, the other Party would not have an adequate remedy at law for money damages in the event that this Agreement has not been performed in accordance with its terms. Each Party therefore agrees that the other Party shall be entitled to specific enforcement of the terms hereof in addition to any other remedy to which it may be entitled, at law or in equity.

The Board of Directors
OrthoLogic Corp.
1275 West Washington Street
Tempe, AZ 85281

Members of the Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to the OrthoLogic Corp. (the "Company") of the consideration to be received by the Company in the Transaction (as defined below) between the Company and DJ Orthopedics LLC (the "Purchaser") relating to the Company's bone growth stimulation, spinal fusion stimulation and external fixation businesses (collectively, the "Business"). Pursuant to the Asset Purchase Agreement, dated October 8, 2003 (the "Agreement"), between the Company and the Purchaser, the Purchaser will purchase from the Company the assets of the Business (other than the Excluded Assets, as defined in the Agreement) and will assume the liabilities of the Business (other than the Excluded Liabilities, as defined in the Agreement) (the "Transaction") for cash consideration payable to the Company in the amount of \$93,000,000 (of which a total of \$7,500,000 will be placed in escrow at closing), subject to working capital adjustments and adjustments based on the excess of Excluded Medicare Receivables over Excluded Trade Payables (each as defined in the Agreement). We note that the Purchaser's obligation to consummate the Transaction is subject to its ability to obtain financing on currently contemplated terms; provided that the Purchaser elects not to consummate the Transaction on the basis that such condition is not met, it may be obligated to pay a termination fee to the Company in accordance with the terms of the Agreement.

In arriving at our opinion, we have (i) reviewed the Agreement; (ii) reviewed certain publicly available business and financial information concerning the Business and the industries in which it operates; (iii) compared the proposed financial terms of the Transaction with the publicly available financial terms of certain transactions involving companies or businesses we deemed relevant, and the consideration received for such companies or businesses; (iv) compared the financial and operating performance of the Business with publicly available information concerning certain other companies we deemed relevant; (v) reviewed certain financial analyses and forecasts prepared based on information provided by the Company relating to the Business; and (vi) performed such other financial studies and analyses and considered such other information as we deemed appropriate for the purposes of this opinion.

B-1

In addition, we have held discussions with certain members of the management of the Company with respect to certain aspects of the Transaction, and the past and current business operations of the Business, the financial condition and future prospects and operations of the Business, and certain other matters we believed necessary or appropriate to our inquiry. In giving our opinion, we have relied upon and assumed, without independent verification, the accuracy and completeness of all information that was publicly available or was furnished to us by the Company or otherwise reviewed by us, and we have not assumed any responsibility or liability therefor. We have not conducted any valuation or appraisal of any assets or liabilities, nor have any such valuations or appraisals been provided to us. In relying on financial analyses and forecasts referred to above, we have assumed that they are based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of the Business to which such analyses or forecasts relate. We have also assumed that the Transaction will be consummated as described in the Agreement. We have relied as to all legal matters relevant to rendering our opinion upon the advice of counsel.

Our opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise, or reaffirm this opinion. Our opinion is limited to the fairness, from a financial point of view, of the consideration to be received by the Company in the proposed Transaction and we express no opinion as to the decision by the Company to enter into this Transaction in lieu of any alternative course of action. We are expressing no opinion herein as to the price at which the common stock of the Company will trade at any future time.

We have acted as financial advisor to the Company with respect to the proposed Transaction and will receive a fee from the Company for our services if the Transaction is consummated. In the past we and our affiliates have provided investment banking and commercial banking to the Company for customary compensation. In addition, our affiliate J.P. Morgan Partners owns approximately 41% of the outstanding stock of the Purchaser. In the ordinary course of our businesses, we and our affiliates may actively trade the debt and equity securities of the Company or the Purchaser for our own account or for the accounts of customers and, accordingly, we may at any time hold long or short positions in such securities.

On the basis of and subject to the foregoing, it is our opinion as of the date hereof that the consideration to be received by the Company in the proposed Transaction is fair, from a financial point of view, to the Company.

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

This letter is provided to the Board of Directors of the Company in connection with and for the purposes of its evaluation of the Transaction. This opinion does not constitute a recommendation to any shareholder of the Company as to how such shareholder should vote with respect to the Transaction or any other matter. This opinion may not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval in each instance. This opinion may be reproduced in full in any proxy or information statement mailed to shareholders of the Company but may not otherwise be disclosed publicly in any manner without our prior written approval and must be treated as confidential.

Very truly yours,

Board of Directors
OrthoLogic, Inc.
1275 W. Washington
Tempe, Arizona 85281

Members of the Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to OrthoLogic, Inc. (OrthoLogic or the Company) of the Purchase Price (as defined below) to be paid to the Company pursuant to an Asset Purchase Agreement for the bone growth stimulation business (the Business), dated as of the date hereof, by and among OrthoLogic, dj Orthopedics, Inc. (dj Orthopedics) and DOLPHIN Corporation (the Agreement) in connection with the proposed sale (the Transaction) of the Purchased Assets and the Assumed Liabilities (each as defined in the Agreement) by the Company. Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Agreement.

In consideration of the sale, assignment, transfer and conveyance of all the Purchased Assets (free and clear of all Encumbrances) and the Assumed Liabilities to dj Orthopedics at the Closing, dj Orthopedics shall (i) pay OrthoLogic \$93.0 million in cash and (ii) assume approximately \$1.5 million in liabilities related to the Business (collectively, the Purchase Price), valued as described in the Agreement.

In connection with rendering our opinion we have, among other things:

- (i) reviewed certain publicly available business and financial data relating to the Company and the Purchased Assets;
- (ii) reviewed certain financial and operating information with respect to the business, operations and prospects of OrthoLogic and the Purchased Assets furnished to us by the Company,
- (iii) compared the financial performance of the Business and the prices and trading activity of OrthoLogic s common stock with those of other companies that we deemed relevant;
- (iv) compared the financial terms of the Transaction with the financial terms, to the extent publicly available, of other transactions we deemed relevant;
- (v) held discussions with the management of the Company concerning the past and current business operations of the Company and the Purchased Assets;

- (vi) reviewed the financial terms and conditions of the Transaction set forth in the Agreement and certain related Exhibits provided to us prior to the date hereof; and
- (vii) made such other studies and inquiries, and considered such other information, financial studies, analyses and investigations and financial, economic and market criteria, as we deemed relevant.

Our opinion is based on market, economic and other conditions and circumstances involving the Company and the Business, and their respective industries as they exist today and which, by necessity, can only be evaluated by us on the date hereof and we assume no responsibility to update or revise our opinion based upon events or circumstances occurring after the date hereof.

In conducting our review and arriving at our opinion, we have relied upon and assumed the accuracy and completeness of all of the financial and other information provided to or discussed with us by the Company or otherwise publicly available, and have assumed that there have been no material changes in the business operations, financial condition or prospects of the Company, or with respect to the Business since the respective dates of such information. We have not independently verified this information, nor have we had such information independently verified. With respect to the financial figures relating to the Company and the Business reviewed by or discussed with us, we have been advised by the management of the Company that such figures were reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of the Company as to the historical financial performance of the Company and the Business. We have not conducted a physical inspection of any of the assets, properties or facilities of the Company, nor have we made or obtained any independent evaluation or appraisals of any such assets, properties or facilities of the Business. We have assumed that the financial forecasts provided to or discussed with us by the Company have been reasonably determined on bases reflecting the best currently available estimates and judgments of the management of the Company as to the future financial performance of the Company. We express no view as to such forecasts or projection information or the assumptions underlying such forecasts or projections.

We have further assumed with your consent that the Transaction will be consummated in accordance with the terms described in the Agreement, without amendments, modifications or waivers thereto.

We have not been asked to consider, and our opinion does not address, the relative merits of the Transaction as compared to any alternative business strategy that may exist for the Company. We were not requested to, nor did we, solicit the interest of any other party in acquiring the Company or the Business. It is understood that our opinion has been prepared for the benefit of the Board of Directors of the Company solely for use in its consideration of the fairness, from a financial point of view, of the Purchase Price and that our opinion may not be used by the Company for any other purpose. We express no

Edgar Filing: ORTHOLOGIC CORP - Form PREM14A

opinion as to the merits of the underlying decision by the Company to engage in the Transaction. Our opinion may not be disseminated, quoted, referred to, reproduced or disclosed to any person at any time or in any manner, without our prior written consent, except that our opinion may be reproduced in full and included as an exhibit to the Seller Proxy Statement. Our opinion is not a recommendation as to any matter to be presented to shareholders of the Company. Our opinion does not constitute an opinion as to how the prices of the securities of the Company or dj Orthopedics may trade in the future.

First Albany Corporation (First Albany) will receive a fee for rendering this opinion, which fee is not contingent upon consummation of the Transaction. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement.

First Albany is a full service investment banking and capital markets securities firm which is engaged on a regular basis in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, private placements and valuations for corporate, estate and other purposes. As a customary part of its business, First Albany may from time to time effect transactions for its own account or for the account of its customers, and hold positions (long or short) in securities of, or options on, securities of the Company and dj Orthopedics.

Based upon and subject to the foregoing and such other factors as we deem relevant, it is our opinion that, as of the date hereof, the Purchase Price to be paid to the Company in connection with the Transaction is fair, from a financial point of view, to the Company.

Very truly yours,
