VIVENDI UNIVERSAL 401(k) PLAN
DEFERRED SAVINGS AND INVESTMENT PLAN FOR EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following brief description of Vivendi Universal 401(k) Plan - Deferred Savings and Investment Plan for Employees (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General: The Plan became effective January 1, 1987, and the Plan was amended from time to time including amendments subsequent to December 31, 1998. It is a profit sharing, thrift-type defined contribution plan with a 401(k) provision under which certain employees of PolyGram Holding, Inc. (the "Company") may participate. Leased employees, "freelance" employees or consultants are not eligible to participate. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility: The Plan is a voluntary defined contribution plan. According to the Plan document amended and restated as of January 1, 2002. Employees who are defined as "Polygram Employees" under section 1.52 are eligible to participate in the plan.

Contribution: Each participant's account is credited with the participant's contribution and the employer's matching contribution. Plan earnings are allocated based on participant account balances, as defined. Eligible employees may make a combination of pre-tax dollars and after-tax dollars contributions, in whole percentage of annual earnings, through payroll deductions. In 2001, participants may contribute up to 17% of their annual earnings, subject to a 12% maximum in pre-tax contributions and 17% maximum in after-tax contributions. Highly compensated employees, as defined by the Plan, are allowed to make pre-tax contributions up to 17% with a limit of 12% of their pre-tax account. Matching contributions were increased to 60% of the first 6% of participants' pre-tax and after-tax contributions made during each payroll period.

In 2002, each participant who is an eligible employee and a non-highly compensated employee may elect to reduce his or her salary by at least 1% and not more than 17% (in whole percentages) and have that amount contributed to the Plan by the Company as a pre-tax contribution. Each participant who is both an eligible employee and a highly compensated employee may elect to reduce his or her salary by at least 1% and not more than 10% (in whole

Edgar Filing: VIVENDI UNIVERSAL - Form 11-K

percentages) and have that amount contributed to the Plan by the Company as pre-tax contributions. Each participant, who is an eligible employee, may elect 1% to 17 % (in whole percentages) of his or her salary; provided, however, that in no event may the aggregate percentage of salary contributed when added to the percentage of pre-tax contribution exceed 17% of salary.

For each plan year, the Company may make matching contributions to the matching contribution accounts of participants equal to 60% of the first 6% of the participants pre-tax and after tax contributions made during each payroll period. The Participating Companies matching Contributions are subject to limitations imposed by federal laws for qualified retirement plan.

Participants may elect to have their contributions and matching contributions invested in a variety of investment funds. Investment elections or contribution rate changes can be changed on any business day and must be made in increments of 1%.

VIVENDI UNIVERSAL 401(k) PLAN DEFERRED SAVINGS AND INVESTMENT PLAN FOR EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Vesting: A participant in the Plan always has a fully vested interest in the value of his or her contributions and rollover account. A participant's interest in the Company's matching contribution will become vested according to the following schedule:

| Years of service | Vested Percentage |
|-----------------------------|-------------------|
| Less than 1 | 0% |
| At least 1, but less than 2 | 20% |
| At least 2, but less than 3 | 40% |
| At least 3, but less than 4 | 60% |
| At least 4, but less than 5 | 80% |
| 5 or more | 100% |

In addition, nonvested employer matching contributions become 100% vested upon disability (as defined by the Plan), retirement or death.

Participants as of December 10, 1998 are fully vested in their benefits accrued through December 31, 1998. Employer matching contributions related to services performed by employees from January 1, 1999 forward are subject to the vesting schedule set forth in the Plan. Effective August 23, 1999, participants who attain age 60 while in service with the employer shall become 100% vested. Amounts credited to a participant's accounts under the Polygram Plan shall continue to vest on and after January 1, 2001 in accordance with the provisions of the Polygram Plan as in effect on December 31, 2000 to the extent the application of those provisions provide the employee with a greater vested percentage.

Forfeitures: The nonvested interest of terminated participants serves to

Edgar Filing: VIVENDI UNIVERSAL - Form 11-K

reduce Participating Company contributions in accordance with the terms of the Plan. The Participating Companies used \$5,239 in forfeitures to offset their contributions during the period ended March 28, 2002.

Loans to Participants: Participants may borrow from their vested account balance. The minimum loan amount is \$1,000 and the maximum is the lesser of \$50,000 or 50% of the participant's vested amount balance. With respect to loans granted on and after January 1, 1999, one principal residence loan and one general loan may be outstanding at any one time. The interest rate charged shall be set as the prime rate as of the first day of the month in which such loan was made during the month. Repayments are made through payroll deductions over a period of not less than twelve months and not more than five years although the term may be extended to 15 years if the loan is for the purpose of the participant's primary residence.

If a borrower defaults on a loan, the amount of the loan (plus any accrued interest) shall be deemed distributed, and the value of borrower's account reduced accordingly as the date of default.

Participant Distributions: The distribution to which a plan participant is entitled is provided by the vested contributions and income thereon allocated to the participant's account. The distribution election may be made upon retirement, death, disability or termination of employment. Distributions are in the form of immediate or deferred cash lump sum or immediate or deferred installments. Installments are available

only for participants who retire or who are disabled as defined by the Plan. Normal retirement age is 65; however, a participant may work past his normal retirement date and continue to participate in the Plan until termination of employment. If a former participant is rehired and has not received a distribution of his account balance, any forfeited amounts will be reinstated. If the former participant has received a distribution, then the distribution must be repaid within five years from the participant's rehire date in order to restore the forfeiture amount. There are also certain inservice withdrawals from the Plan.

Note 2. Significant Plan Changes

Effective January 1, 2002, Vivendi Universal US Holding Co. amended Joseph E. Seagram & Sons, Inc. Master Trust agreement and changed the plan name from Polygram Holding, Inc. Deferred Savings and Investment Plan for Employees to Vivendi Universal 401(k) Plan - Deferred Savings and Investment Plan for Employees.

Effective March 28, 2002, all of the Plan's assets were transferred into the Vivendi Universal 401(k) Plan and its existence as a separate plan has been discontinued.

Note 3. Summary of Significant Accounting Policies

The accounting policies followed in the preparation of the financial

Edgar Filing: VIVENDI UNIVERSAL - Form 11-K

statements of the Vivendi Universal 401(k) Plan - Deferred Savings and Investment Plan for Employees ("the Plan") confirm with accounting principles generally accepted in the United States of America. The more significant accounting policies are:

Basis of Accounting: The accompanying financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The assets were held in trust by Bank of New York (Trustee) in the Joseph E. Seagram & Sons, Inc. Master Trust Agreement (Master Trust), which also included assets of the 401(k) plans of the Company's affiliates, Universal Studios, Inc., UMG Manufacturing and Logistics, Inc. and Spencer Gifts, Inc. and Joseph E. Seagram & Sons, Inc. Effective July 1, 1999, the assets of the Polygram Holding, Inc. Deferred Savings and Investment Plan for Employees were added to the Master Trust. The related investment income and appreciation in fair value represents allocations to the Plan based upon the ratio of the Plan's assets to total Master Trust Assets.

Investment securities are recorded and valued as follows: United States government obligations are recorded at fair value based on the current market yields; temporary investments in short-term investment funds are recorded at cost which in the normal course approximates market value; securities representing units of other funds are recorded at net asset value of shares held by the Plan at year-end and the Vivendi

Note 3. Summary of Significant Accounting Policies (continued)

Universal ADSs are stated at the closing price reported on the composite tape of the New York Stock Exchange on the valuation date. Purchases and sales of securities are accounted for on a trade date basis with average cost basis used for determining the cost of the investments sold. Interest income is recorded on an accrual basis.

Payment of Benefits: Benefits are recorded when paid.

Note 4. Tax Status of Plan

The Internal Revenue Service has ruled by a letter dated September 10, 2002 that the Plan is qualified under Section 401 (a) of the Internal Revenue Code ("IRC"), as amended. So long as the Plan continues to be so qualified, it is not subject to Federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5. Related Party Transactions

Some of the Plan expenses including trustee, custodial, and certain recordkeeping fees, are paid by the Company, and personnel and facilities of the Company are used by the Plan at no charge.

Edgar Filing: VIVENDI UNIVERSAL - Form 11-K

Note 6. Assets Held in Trust
