MDC CORPORATION INC.
ACQUIRES REMAINING 15% OF METACA CORPORATION

TORONTO - October 9, 2003 - MDC Corporation Inc. ("MDC") announced today the acquisition of a 15% interest in Metaca Corporation ("Metaca") held by Symcor Inc. with the result that MDC now owns 100% of the shares of Metaca. The transaction is valued at approximately \$4 million. Metaca is a leading global CardProgram™ Management Company with a blue-chip customer portfolio, which includes financial services, telecommunications, loyalty, retail, insurance and utility industries. Metaca supports this customer portfolio from operations in Canada and Australia.

"We are pleased to obtain 100% of Metaca as it provides MDC with greater flexibility with respect to capital and operational decisions," said Miles S. Nadal, Chairman, President and CEO of MDC. "We see good growth prospects for Metaca, especially in the smart card sector," added Nadal.

Metaca is one of only a few remaining non-core businesses of MDC, whose primary focus is once again marketing communications. MDC is one of the world's leading

MDC CORPORATION INC. ANNOUNCES FINANCIAL RESULTS FOR THE THIRD QUARTER ENDED SEPTEMBER 30, 2003

TORONTO, Ontario (October 30, 2003) - MDC Corporation Inc. operating as MDC Partners ("MDC") of Toronto today announced its financial results for the third quarter and nine months ended September 30, 2003. Consolidated revenues were US\$68.1 million for the quarter, representing a 23% decrease from the US\$88.5 million reported for the same three-month period of the prior year. Operating income before other charges, at US\$7.8 million, declined US\$3.5 million or 31% compared to the US\$11.3 million achieved during the third

Edgar Filing: MDC CORP INC - Form 6-K

quarter of 2002. Net income for the three months ended September 30, 2003 was US\$3.3 million compared to US\$4.2 million for 2002. Diluted earnings per share for the quarter was US\$0.15 compared to US\$0.16 last year. Diluted cashflow per share was US\$0.26 this quarter versus US\$0.29 in the previous year. The inclusion in the 2002 results of the divested operations of Custom Direct, Spectron Security Print and Questa together with the increased focus on Marketing Communications makes the periods' results less comparable.

"MDC has adopted the U.S. dollar as its reporting currency in order to reflect the global nature of the Company's business and shareholder base. In addition, MDC has modified its financial statement presentation to improve investors' ability to compare the Company's results with those of most other publicly traded businesses in the marketing communications industry," said Miles S. Nadal, Chairman, President and Chief Executive Officer.

Consistent with the focus on Marketing Communications, MDC will be renamed MDC Partners Inc. on January 1, 2004, operating as MDC Partners until then. "The evolution of MDC has culminated in our rebranding as a result of our fundamental belief that it is time for a change in the Marketing Communications industry. Our commitment is to do great work for great clients that produces measurable results. MDC Partners is well positioned to lead this paradigm, and we believe that the quality of our Brands and the expertise they demonstrate consistently for their clients has, and will enable them to win significant new business in the future," said Miles S. Nadal.

Marketing Communications reported revenues of US\$47.5 million for the third quarter of 2003, an increase of US\$5.3 million or 12% compared to the third quarter of 2002. Operating income before other charges increased 56% to US\$7.4 million for the quarter from the US\$4.8 million achieved in the same quarter in the previous year. Operating margins improved to 15.7% from 11.3%. These improvements were primarily the result of an increase in the demand for database management, direct marketing services, corporate communication and advertising in the United States. As a result of the privatization of Maxxcom and the merger of head offices, additional divisional cost reductions were achieved in the area of divisional corporate overheads.

"Marketing Communications continued to attract new clients throughout the quarter, including Circuit City, Target, Best Buy, Discovery Channel and Borders, resulting in annualized net new business wins with revenues of approximately US\$2.8 million," said Mr. Nadal. "Our operations remain focused on the generation of new business while maintaining a cost-effective structure. The positive momentum experienced in revenues and earnings is anticipated to continue as we benefit from the recovery expected in the marketing communications industry."

Third quarter revenues of the Secure Transactions Division were US\$18.9 million, a decrease of 58% from the US\$45.5 million recorded for the same period of 2002. Operating income before other charges was US\$1.2 million, down 84% from the US\$7.3 million earned in the prior year. Excluding divested operations, revenues improved slightly compared to 2002, however, operating income decreased US\$1.6 million primarily as a result of costs related to preparation for increased production under the long-term United States Postal Service contract announced last quarter and increased operating costs at Canadian facilities as a result of the strengthening Canadian dollar.

"We remain committed to the profitable operation of our remaining non-core businesses, and are pleased with progress to date on the implementation of state-of-the-art equipment at Ashton Potter. When fully operational, expected by the end of the fourth quarter, revenues and operating income of the operation are expected to improve significantly," said Mr. Nadal.

On July 31, 2003 MDC completed the privatization of Maxxcom Inc. with the issuance of 2,473,183 Class A subordinated voting shares at Cdn.\$13.25. The share capital issued as a result was US\$23 million.

During the quarter, pursuant to its normal course issuer bid, MDC repurchased 626,916 Class A subordinate voting shares at an average price per share of Cdn. \$13.80 for total consideration of US\$6.3 million.
